*Bream Gives Me Hiccups* DC Comics

The wildly inventive debut collection of stories by the Oscar-nominated star of *The Social Network*. "Hilarious . . . It's a hoot" (*People*, *The Best New Books*).

Jesse Eisenberg, known for his iconic film roles, his regular pieces in the *New Yorker* and two critically acclaimed

plays, proves himself “a deeply original comic voice” in these 28 stories” about the funniness, sadness, and strangeness of everyday life and they really made me laugh” (Roz Chast). Moving from contemporary LA to the dorm rooms of an American college to ancient Pompeii, Eisenberg throws the reader into a universe of social misfits, reimagined scenes from history, and ridiculous overreactions; a college freshman forced to live with a roommate is stunned when one of her ramen packets goes missing (“She didn’t have ‘one’ of my ramens. She had a chicken ramen.”); Alexander Graham Bell has teething problems with his invention (“I’ve been calling Mabel all day, she doesn’t pick up! Yes, of course I dialed the right number—2!”); and in the title story, a precocious and privileged nine-year-old boy finds himself in the uncomfortable position as an amateur restaurant critic. Featuring illustrations by award-winning cartoonist Jean Jillian, this “alphabet soup of sketches, riffs, and innovations” (Seattle Times) explores the various insanities of the modern world, “playfully bringing both familiar and wholly original scenarios to life” (Marie Claire). ### **Advanced Anatomy and Physiology**

**for ICD-10-CM/PCs** Amer Medical Assn  
When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. **WARNING:** This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

Createspace Independent Pub

A detailed understanding of anatomy and physiology is needed to code ICD-10 appropriately. This illustrated resource reviews all body systems while providing information on how ICD-10 is used to identify the appropriate diagnostic or procedural code. Chapters contain quizzes to test your understanding.

### **& OTHER STORIES**

**Maggie for Hire**

When pitted against Professor Pyg, Jakanapes, and other baddies, how will Damian survive—especially when he finds a certain clown waiting for him at the finish line?
