Apply CFA Program concepts and skills to real-world wealth and portfolio management for the 2019 exam The same official curricula that CFA Program candidates receive with program registration is now publicly available for purchase. CFA Program Curriculum 2020 Level III, Volumes 1-6 provides complete, authoritative guidance on synthesizing the entire CFA Program Candidate Body of Knowledge (CBOOK) into professional practice for the 2020 exam. This book helps you bring together the skills and concepts from Levels I and II to formulate a detailed, professional response to a variety of real-world scenarios. Coverage spans all CFA Program topics and provides a rigorous treatment of portfolio management, all organized into individual study sessions with clearly defined Learning Outcome Statements. Visual aids clarify complex concepts, and practice questions allow you to test your understanding while reinforcing major content areas. Levels I and II equipped you with foundational investment tools and complex analysis skill; now, you'll learn how to effectively synthesize that knowledge to facilitate effective portfolio management and wealth planning. This study set helps you convert your understanding into a professional body of knowledge that will benefit your clients' financial futures. Master essential portfolio management and compliance topics Synthesize your understanding into professional guidance Reinforce your grasp of complex analysis and valuation Apply ethical and professional standards in the context of real-world cases CFA Institute promotes the highest standards of ethics, education, and professional excellence among investment professionals. The CFA Program curriculum guides you through the breadth of knowledge required to uphold these standards. The three levels of the program build on each other. Level I provides foundational knowledge and teaches the use of investment tools; Level II focuses on application of concepts and analysis, particularly in the valuation of assets; and Level III builds toward synthesis across topics with an emphasis on portfolio management.

The CFA Institute has announced that all 2021 exams will continue to reflect the official 2020 curriculum. The Wiley Study Guides for the Level I CFA Program exam are proven to help candidates understand, retain, and master the CFA Program Curriculum. Complete with color-coded Study Guides and coverage of every Learning Outcome Statement on the exam. Created from the distilled knowledge of our staff of CFA charterholders and instructors, these books are a highly effective and proven study aid filled with exam tips, fundamental concepts, and in-depth examples. Our authors have used their years of personal teaching experience with students from a variety of backgrounds to develop study guides that improve the study experience of CFA Level I candidates and include practical and

helpful tips and test-taking advice throughout the text. The color-coding feature, which makes it easier for you to follow cases and examples that make references to graphs and sets of financial statements. Most subjects, especially Economics, Portfolio Management and Fixed Income use plenty of figures and diagrams to illustrate important concepts. Our study guides include all those figures and additional commentary to make the material easily understandable. "Just wanted to let you know I am VERY happy with the notes. Much more clear than other providers!" —Brian, USA "The Study Guides were more clearly and thoroughly (and yet somehow more concisely!) written than the competitors.." —Vanessa, Spain "Your study guides, lectures and practice questions are really helping me grasp these difficult concepts better. Thanks!" —Amy, USA "Wiley's prep material was a huge part of my success on the exam... Thank you so much for all of the support you have provided. I truly believe in the Wiley products, and will be recommending them to students for years to come." —Lindsey G, USA "Looked at the economics module you sent me, the notes at University do not even come close, and its probably true for a lot of people, including those who have already completed an honors degree or MBA at some of the top universities around the world." —Geoffrey, South Africa Wiley Study Guide for 2015 Level I CFA Exam: Complete Set John Wiley & Sons Principles of Investments by Bodie, Drew, Basu, Kane and Marcus emphasises asset allocation while presenting the practical applications of investment theory. The authors concentrate on the intuition and insights that will be useful to students throughout their careers as new ideas and challenges emerge from the financial marketplace. It provides a good foundation to understand the basic types of securities and financial markets as well as how trading in those markets is conducted. The Portfolio Management section is discussed towards the end of the course and supported by a web-based portfolio simulation with a hypothetical \$100,000 brokerage account to buy and sell stocks and mutual funds. Students get a chance to use real data found in the Wall Street Survivor simulation in conjunction with the chapters on investments. This site is powered by StockTrak, the leading provider of investment simulation services to the academic community. Principles of Investments includes increased attention to changes in market structure and trading technology. The theory is supported by a wide range of exercises, worksheets and problems.

"Sharp and funny. Gunderson taps into a buoyant spirit ... the touching 'barbaric yawp' (Whitman's phrase) of these two deeply engaging kids." The Washington Post Housebound by illness, Caroline hasn't been to school in months. Confined to her room, she has only social media for company. That is until classmate Anthony bursts in - uninvited and armed with waffle fries, a scruffy copy of Walt Whitman's poetry and a school project due the next day... Caroline is unimpressed, but an unlikely friendship develops and a seemingly mundane piece of homework starts to reveal the pair's hopes and dreams - as well as a deep and mysterious bond that connects them even further. Finalist for the Susan Smith Blackburn Prize, 2014. This new Modern Classics edition features an introduction by Julie Felise Dubiner. Alternative Investments: A Primer for Investment Professionals provides an overview of alternative investments for institutional asset allocators and other overseers of portfolios containing both traditional and alternative assets. It is designed for those with substantial experience regarding traditional investments in stocks and bonds but limited familiarity regarding alternative assets, alternative strategies, and alternative portfolio management. The primer categorizes alternative assets into four groups: hedge funds, real assets, private equity, and structured products/derivatives. Real assets include vacant land, farmland, timber, infrastructure, intellectual property, commodities, and private real estate. For each group, the primer provides essential information about the characteristics, challenges, and purposes of these institutional-quality alternative assets in the context of a well-diversified institutional portfolio. Other topics addressed by this primer include tail risk, due diligence of the investment process and operations, measurement and management of risks and returns, setting return expectations, and portfolio construction. The primer concludes with a chapter on the case for investing in alternatives.
