A lo largo de la historia, han existido
noticias diversas y muy antiguas sobre
seres legendarios mitad hombres y mitad
pez dadas a conocer por diversos
navegantes y escritores. Algunos

investigadores piensan que la respuesta a
la existencia de las sirenas podría
encontrarse en la supervivencia de una
especie humanoide primitiva que se
adaptó a la vida acuática. Dado que se
han reportado extraños sucesos que
acontecían en entornos marinos y se ha
generado un sinnúmero de libros y
documentales con la creencia de que
objetos extraños se desplazan bajo las
aguas de los mares de nuestro mundo,
¿no podría tratarse de hechos

relacionados ¿Es el mito de las sirenas la respuesta al fenómeno OVNI

SECOND EDITION It's July 1940, Italy. A young Polish-born Jewish doctor, rendered stateless by the racial laws of 1938, is unable to flee the country. Henry Raupner is arrested and transported to Ferramonti Concentration Camp in Calabria, destined to become the largest internment camp for Jews in the whole of Italy. This autobiographical novel written by Henry in 1982, takes the reader back to WW2 to experience life behind the barbed wire of Ferramonti, its freezing winters, scorching summers, malaria swamps, hunger and uncertainty. Above all, Ferramonti becomes the salvation of 3,000 Jews escaping the clutches of the Final Solution. [Bibliotheca Heberiana](#)
