## AN ORDINARY CITY

Macmillan

A fascinating account of the phenomenon known as the Black Death, this volume offers a wealth of documentary material focused on the initial outbreak of the plague that ravaged the world in the fourteenth century. A comprehensive introduction that provides important background on the origins and spread of the plague is followed by nearly 50 documents organized into topical sections that focus on the origin and spread of the illness; the responses of medical practitioners; the societal and economic impact; religious responses; the flagellant movement and attacks on Jews provoked by the plague; and the artistic response. Each chapter has an introduction that summarizes the issues explored in the documents; headnotes to the documents provide additional background material. The book contains documents from many countries — including Muslim and Byzantine sources — to give students a variety of perspectives on this devastating illness and its consequences. The volume also includes illustrations, a chronology of the Black Death, questions to consider, a selected bibliography, and an index.

But when Rosa is killed, Red is pitched into a new world where betrayal, exploitation and violence are no act. The deeper Red delves into the life and death of the woman with who he shared one sexy, freewheeling year, the closer he comes to a painful realization: even the trickster can be tricked.

Is peace an aberration? The New York Times bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW “Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book.”—H.R. McMaster, author of *Dereliction of Duty* and *Battlefields: The*

Fight to Defend the Free World The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity’s history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

## FINANCIAL PEACE

HarperCollins

Though left uncompleted, “Kubla Khan” is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet’s imagination through his whimsical description of Xanadu, the capital city of Kublai Khan’s empire. Samuel Coleridge penned “Kubla Khan” after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler’s capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. This affectionate study of the Mexican temper is "one of the most charming travel books ever written." - *The Atlantic Monthly* Before returning to the Old World after World War II, Sybille Bedford resolved to see something more of the New. "I had a great longing to move," she said, "to hear another language, eat new food, to be in a country with a long nasty history in the past and as little present history as possible." And so she set out for Mexico - and, incidentally, to write what Bruce Chatwin called the best travel book of the twentieth century, "a book of marvels, to be read again and again and again."
