Lesbian images are everywhere these days—cable television, film, popular magazines, advertising, Internet and the news—creating desire in men and women alike,

selling commercial products and services, and stirring up controversy on many levels. But do these images truly represent the diverse identities of women-centered women worldwide? This book addresses the limited access to images of diverse and international lesbian identities and experiences, in order to provide the reader with a more complete understanding of what it means to be lesbian in a global context. It investigates how lesbians

portray themselves as well as how they are portrayed by others in several areas of popular culture, including television, film, the arts, Internet, advertising and the news. It features articles on U.S. lesbian cartoonists, Canadian viewer perceptions of lesbians on the cable show *Queer as Folk*, panoramic looks at lesbians' representation in Australian and Spanish television programming, and in-depth explorations of films by Spanish director Pedro Almodóvar,

leading Indian film producers, and independent Chinese-American filmmakers. This book was published as a special issue of the *Journal of Lesbian Studies*.

The definitive biography of Susannah Spurgeon. While many Christians recognize the name of Charles H. Spurgeon, the beloved preacher and writer, few are familiar with the life and legacy of his wife, Susie. Yet Susannah Spurgeon was an accomplished and

devout woman of God who had a tremendous ministry in her own right, as well as in support of her husband. Even while dealing with serious health issues, she administered a book fund for poor pastors, edited and published her husband's sermons and other writings, led a pastor's aid ministry, wrote five books, made her home a hub of hospitality, and was instrumental in planting a church. And as her own writing attests, she was also a warm, charming,

and fascinating woman. Now, for the first time, Susie brings this vibrant woman's story to modern readers. Ray Rhodes Jr. examines Susannah's life, showing that she was not only the wife of London's most famous preacher, but also a woman who gave all she had in grateful service to the Lord. Susie is an inspiring and encouraging account of a truly remarkable woman of faith that will delight Spurgeon devotees and fans of Christian biographies alike. "I am writing in my

husband's study, where he thought, and prayed, and wrote. Every inch of the place is sacred ground. Everything remains precisely as he left it. His books (now my most precious possessions), stand in shining rows upon the shelves, in exactly the order in which he placed them, and one might almost fancy the room was ready and waiting for its master. But oh! That empty chair! That great portrait over the door! The strange, solemn silence, which pervades

the place now that he is no longer on earth! I kneel sometimes by his chair, and laying my head on the cushioned arms, which so long supported his dear form, I pour out my grief before the Lord, and tell Him again that though I am left alone, yet I know that 'He hath done all things well'..."

Scarlet Ribbons is the story of the Rev. Simon Bailey, a priest with AIDS, and the remarkable support he received from

his Yorkshire mining village parish. He remained rector of Dinnington until the end: the only priest with AIDS to stay in his parish. In 1995, BBC's Everyman screened Simon's Cross, his story, and received a phenomenal response. In his struggle to make sense of his suffering and approaching death, Simon articulated the suffering of the many: the sick, the bereaved, those trying to come to terms with their homosexuality, other AIDS sufferers and their carers. Simon's sister, journalist

Rosemary Bailey, has tried, as he did, to make some sense of his death. Her unsentimental and poignant account is a story for our time.

The Wardrobe Mistress H. W. Wilson

He was the consummate designer of film architecture on a grand scale. He was known for his visual flair and timeless innovation, a man who meticulously preplanned the color and design of each film through a series of continuity sketches that made clear camera angles, lighting, and the actors' positions for each scene, translating dramatic conventions of the stage to the new capabilities of film. Here is

the long-awaited book on William Cameron Menzies, Hollywood's first and greatest production designer, a job title David O. Selznick invented for Menzies' extraordinary, all-encompassing, Academy Award-winning work on *Gone With the Wind* (which he effectively co-directed). It was Menzies--winner of the first-ever Academy Award for Art Direction, and who was as well a director (fourteen pictures) and a producer (twelve pictures)--who changed the way movies were (and

still are) made, in a career that spanned four decades, from the 1920s through the 1950s. Now, James Curtis, acclaimed film historian and biographer, writes of Menzies' life and work as the most influential designer in the history of film. Interviewing colleagues, actors, directors, friends, and family, and with full access to the Menzies family collection of artwork and unpublished writing, Curtis gives us the path-finding work of the movies' most daring

and dynamic production designer: his evolution as artist, art director, production designer, and director. Here is a portrait of a man in his time that makes clear how the movies were forever transformed by his startling, visionary work.-- Adapted from book jacket.
