Captivating Stories of the Ancient Olympians and Titans Did you know that Zeus loved many women, both goddesses and mortals? Did you know that he turned himself into golden rain for one damsel who was locked away in a tower, and turned himself into a swan for another beauty? Did you know that he kidnapped one young princess which led to her brother founding the city of Thebes? And did you know that, to protect his own power, Zeus swallowed his first wife, just as Cronus had swallowed his own children in a previous age? Greek myth is full of fascinating tales of Titans and Olympian gods. Some of it makes us wonder if there might be some hint of truth behind those stories, no matter how outrageous they may sound. What parts of those stories were merely symbolic and what parts were literal? This book contains a brief, but unconventional look at the Titans and Olympian gods of Greek mythology. Brief, because a thorough treatment of these legendary super beings could take thousands of pages. Unconventional, because digging for truth is far more interesting than reciting old stories which have little relevance to us today. Attempting to reveal some semblance of truth brings the stories to life. It gives them relevance to our modern world. Here, we will look at many of the more fascinating stories which kept the Greek mortals entertained for hundreds of years. After all, they didn't have iPhones and computer tablets. Within this book's pages, you'll find the answers to these questions and more. Just some of the questions and topics covered include The Nature of Myth Primordial Beings and Titans Creation of the Universe Birth of the Titans Stories of a Primordial Universe Children of Cronus and Rhea Trouble in Heaven Titans vs. Gods New Pecking Order Prometheus and the Humans Zeus and His Ladies More Fun from Olympus Metis and Athena Cecrops and Dragons Get your copy by clicking the "Add to Cart" button at the top of this page!

The Age of Zeus Abrams

A group of kids must stop invaders before they take over Titus—and the rest of the universe—in this first book in a brand-new series from bestselling

Pegasus author Kate O'Hearn, who masterfully blends mystery and mythology together. Fifteen years ago, Olympus was destroyed and the Olympians were resettled on Titus. Since then Earth has been declared a quarantined world. Neither Titans nor Olympians are allowed to visit and under no circumstances are humans allowed on Titus. The Titans and Olympians are keeping the peace. But the deep-seated mistrust still lingers, so when a human ends up on Titus, he could be the spark that reignites the war... Astraea is a Titan, granddaughter of Hyperion, and now a reluctant student at the brand-new school, Arcadia. She just knows that it's going to be awful, and that there is no way that Titans and Olympians will ever get along! At least she's got her best friend, a winged-horse named Zephyr, to keep her company. Then the night before the first day of school, Astraea hears her parents discussing something terrifying: a human has been spotted on Titus. But that's not possible. All routes to Earth via the Solar Stream have been closed—no one can travel between the two worlds...or can they? When Astraea and Zephyr get detention on their first day—for fighting with a centaur—they're sent to the orchards to harvest nectar. There they discover a human boy named Jake. How he got to Titus is a mystery even to him. But Astraea and Zephyr know they have to get Jake home before anyone else discovers him. But what the trio uncovers is something much bigger than one misplaced human boy. It's a scheme to take down the rulers of this world, conquer it, and then do the same across the galaxy. Can a group of kids stop the invaders? Or is Titus, like Olympus before it, doomed?

Presents an illustrated retelling of the birth of the Greek god Zeus and his war against his father, Cronus, and the Titans.

Ancient Greece and Rome Capstone

From the mind of the iconic Ray Harryhausen and with over 350 pages of greek mythology! Five years have passed since the legendary Perseus defeated the evil Gorgon Medusa, killed the Kraken, and assumed the crown of Argos. Things seemed idyllic throughout the kingdom and the news of an heir put the citizens in a celebratory mood. Yet lurking in the shadows is the one being in Argos simmering with hate and discontent. Calibus, once though dead, was let out of the Underworld by Hades and looks to take his revenge on the Pretender and his family. Perseus stole his bride, stole his position, stole Zeus' favor, stole his life and now Calibus looks to take it all back. And with the news that a baby boy was born to Perseus and Andromeda, he is chilling that dish of revenge. This special edition has the original mini series, the sequel "Revenge of Medusa", as well as the special animated series and the Cyclops one shot. Also 40 pages of never before seen images!

PC Gamer National Geographic Books

Recounts the story of Perseus as he goes on a quest to recover his child, abducted by the seductive sorceress Circe.

INTELLIGENT AGENT FOR THE GAME OF AGE OF MYTHOLOGY

Notion Press

While we know a great deal about naval strategies in the classical Greek and later Roman periods, our understanding of the period in between--the Hellenistic Age--has never been as complete. However, thanks to new physical evidence discovered in the past half-century and the construction of Olympias, a full-scale working model of an Athenian trieres (trireme) by the Hellenic Navy during the 1980s, we now have new insights into the evolution of naval warfare following the death of Alexander the Great. In what has been described as an ancient naval arms race, the successors of Alexander produced the largest warships of antiquity, some as long as 400 feet carrying as many as 4000 rowers and 3000 marines. Vast, impressive, and elaborate, these warships "of larger form"--as described by Livy--were built not just to simply convey power but to secure specific strategic objectives. When these particular factors disappeared, this "Macedonian" model of naval power also faded away--that is, until Cleopatra and Mark Antony made one brief, extravagant attempt to reestablish it, an endeavor Octavian put an end to once and for all at the battle of Actium.

Representing the fruits of more than thirty years of research, *The Age of Titans* provides the most vibrant account to date of Hellenistic naval warfare.

PERCY JACKSON AND THE OLYMPIANS, BOOK THREE: THE TITAN'S CURSE

OUP Oxford

Greek and Roman myth is a popular subject and signs of this mythology still exist in modern products and in advertisements. This volume explores some of these early myths, including the rise and fall of the Titans, and how beliefs changed with the influence of Christianity. Readers also learn how these myths continue to influence our lives today.

THE RECEPTION OF ANCIENT GREECE AND ROME IN CHILDREN'S LITERATURE

Simon and Schuster

The House of the Titans and Other Poems by A.E. is a variety of poems about titans and kings, and their legendary dealings. Excerpt: "Dear Osborn, not only because you are my friend, But that you are one of those who learned An ancient speech for us, who rediscovered Myths, once the scriptures of the northern world, I bring this poem, half dream, half vision, to you. I know, incredulous scholar, you will lift Ironic eyebrows as you read the tale." *Gaia* Dorling Kindersley Ltd

An original ground-breaking story where "X-Men" meets "Clash of the Titans"! What if all the myths and legends of the Ancient Greek Mythology about the Gods, the Heroes and the Monsters were actually based on real individuals with superpowers? Gaia and Ouranos are the first individuals in human history who exhibit amazing and extraordinary abilities after a series of tragic events change their lives forever. Polemarch, a ruthless conqueror who does not reveal his face to anyone, Vrasidas, Polemarch's right-hand man, and their army of bloodthirsty warriors are the ones responsible for the protagonists' tragedies. However, Gaia and Ouranos are neither the only ones who have suffered because of Polemarch and his soldiers nor the only ones with superpowers. Along the way to stop Polemarch once and for all they meet valuable allies, Erevos and Nyx. Will the combined powers of our

four heroes be enough to bring an end to Polemarch's reign of terror? Or perhaps, does Polemarch have an ace up his armor?

TREASURY OF GREEK MYTHOLOGY

Grand Central Publishing

The story of Atlas and Heracles Atlas knows how it feels to carry the weight of the world; but why, he asks himself, does it have to be carried at all? In *Weight* — visionary and inventive, yet completely believable and relevant to the questions we ask ourselves every day — Winterson's skill in turning the familiar on its head to show us a different truth is put to stunning effect. When I was asked to choose a myth to write about, I realized I had chosen already. The story of Atlas holding up the world was in my mind before the telephone call had ended. If the call had not come, perhaps I would never have written the story, but when the call did come, that story was waiting to be written. Rewritten. The recurring language motif of *Weight* is "I want to tell the story again." My work is full of Cover Versions. I like to take stories we think we know and record them differently. In the retelling comes a new emphasis or bias, and the new arrangement of the key elements demands that fresh material be injected into the existing text. *Weight* moves far away from the simple story of Atlas's punishment and his temporary relief when Hercules takes the world off his shoulders. I wanted to explore loneliness, isolation, responsibility, burden, and freedom too, because my version has a very particular end not found elsewhere. —from Jeanette Winterson's Foreword to *Weight*

Wrath of the Titans Booksllc.Net

Caught in the middle of this ancient power struggle, Emily and Pegasus must head to Diamond Head volcano in Hawaii to track down the one thing that can save Olympus--before the Titans get there first.

The series uses striking graphics along with engaging writing, making big topics easy to understand.

MYTHOLOGY-BASED VIDEO GAMES

Simon and Schuster

A spunky, feminist take on the myth of Gaia, the Greek goddess of the Earth Long before the age of the Olympian gods, Gaia created the world in all its beauty. But from Gaia also came the Titans, who ran wild and free through this world—until her husband Ouranos turned on Gaia and declared himself the ruler of all she'd created. Her son Cronus then rose to power, but soon he too became hungry for more power—so much so that he swallowed his own children. But Gaia managed to hide the youngest son, Zeus, from Cronus. Zeus grew up and defeated Cronus and saved his brothers and sisters. Gaia thought this would be the end of all the needless war, but Zeus was not satisfied—he swore to rid the world of anyone who challenged his power. Gaia was furious. She wanted no part in the world of Zeus. She would not fight his destruction with more destruction. It might be too late for Zeus, but it wasn't too late for the mortals—or for the earth itself. Follow the goddess of earth through her struggles with gods and mortals as she discovers her strength and eventually finds the peace she has always longed for. *Tales of Great Goddesses* are graphic novels that bring the stories of some of the most powerful and fascinating mythical goddesses to life!
