This book is meant for those people or artists, Sculptors, Painters, or Students studying human anatomy or Fine Art. As a Sculptor, Netra Khattri has made this book with the language of Art (Sculpture), how muscles attach to the human skeleton, and from where the muscle originates and inserts with muscle function. Initially, Netra Khattri thought of human muscles as sculptures,

beginning to end with skeletons, partial muscled figures, and the origin and function of muscular structures. For example, the reader can look at the skeleton to see how the bones and muscles are constructed in this process of evolution and metamorphosis. Nevertheless, there are more interesting facts in human anatomy than here. The difference between this book shows the Ecorche sculpting process is finished anatomical references rather than, other anatomy book shows

drawings of muscles attach with bone and structures of human anatomy.

I shouldn't care that my new stepbrother's talent with ropes goes beyond lassoing stray cattle. I shouldn't care that his every look says he wants me but he's going to fight it to the bitter end. I shouldn't care that as the summer rolls on, my fascination overwhelms my better judgment and now I'm dying to call by stepbrother Master.

and Sally Morgan, spicy, out spoken, a little crazy and human...or so she thought. Jen has just found out that human DNA is not the only thing that resides in her veins, she happens to share that little pesky werewolf gene, although it isn't more than just a drop. Now that she and her friends are living in Romania with Fane's pack, she is also oh so conveniently stuck with the object of her affection, the fur ball Decebel. Drawn to each other by something they don't understand Jen finds herself frustrated by the lack of mating signs between her and said fur ball. Not only is she dealing with that not so un-frustrating problem, she now has been informed that

because of that little drop of werewolf blood in her she is now required to attend a multi-pack gathering for un-mated wolves. This type of gathering hasn't taken place in over a century but with a shortage of females among the werewolf population the males are getting worried they won't ever find their true mates.

Meanwhile, Decebel struggles with the emotions he is feeling towards Jen. He tries to keep his distance but there is just something about the mouthy blonde that keeps him coming back for more of her verbal abuse that he just can't seem to get enough of...go figure.

 "Even before you were born, we belonged to each other, Vi," I reminded her, trying to fight the desperation to grab on to her and hold her, because I could feel her slipping away from me more and more with each beat of my heart. "You were in your mom's belly, but I still felt you in my heart. It was as if there was this invisible cord connecting your heart to mine. I can't see it, but I feel it. Every damn day. You are mine." "You're right. I've always felt it too. I am yours. And you were supposed to be mine. We were supposed to be each other's firsts, Luca.

First kiss. First touch.
First everything. We
promised we would be
each other's firsts.
'Firsts and lasts, ' that's
what you said. I
remember it as clear
as if it were yesterday.
You swore that you
would wait. That I was
worth it. But you didn't
wait, did you, Luca?
You gave all your firsts
away to someone
else." "I..." My throat
closed up, making it
impossible to speak, to
tell her everything I
needed to so I could fix
this. Fix us and what I
broke. "You stole that
from me, Luca." Angry
tears spilled from her
eyes, and my heart
shattered even more.
"You gave away
everything that was
supposed to be mine.
And you just expect me
to be okay with that?
I've waited my entire
life to give you my

firsts, but you have
none to give to
me." "I'm sorry," I
whispered, my voice
choked with emotions I
was afraid to lose
control of. If I let the
tears free that were
burning my eyes, I
might flood the
world. "Sorry? You're
sorry?" Her laugh was
hard and final, causing
me to flinch. "Yeah. So
am I." "What does that
mean?" My throat felt
like I'd swallowed
broken glass, and I was
surprised I didn't spray
blood on her with each
exhale. "It means I'm
done. You tossed away
your firsts like they
meant nothing. So
mine are no longer
yours." ***If you are

I finally had the chance
at a perfect life when I

met the man I was supposed to be with. But he's gone and chances like that don't come along twice in one lifetime. Right? Former president Everett Shaw had his whole life laid out for him from the time he was a child and he lived out every expectation to complete and utter perfection... until he met the one man who changed everything. With plans to leave public life behind after finishing his term in office, Everett was looking forward to a quiet life with the man of his dreams at his side. But one brutal act of violence stole that bright future away, leaving Everett struggling just to get through each day. A decade later finds Everett nearing the

age of sixty and living a shell of a life. Haunted by his loss, he finds solace in his roses and evenings sitting in front of the television. But when his estranged son is horribly injured while saving the life of another, Everett leaves everything behind in the hopes of mending the broken relationship and helping his son heal in more ways than one. My job is to protect and there are rules that have to be followed. Even if there weren't, I wouldn't risk letting anyone close... not again. Special Agent Jonathan Nash's job is to keep the former president safe, not be his friend. Even if something about the lonely older man draws him in, he's not about to risk what's left of his career for anything.

And it's not like a guy like Everett Shaw would really see him anyway. Nor would he want him to, considering the ugly past Nash left behind to pursue his dream. No, he's better off following protocol and doing his job. Let someone else deal with the broken man. It's not his problem... it can't be. I learned a long time ago to live life on my terms and that sometimes you have to take that leap of faith to get what you want. But wanting two men at the same time? That's new, even for me. At forty-five years old, former Navy SEAL Gage Fortier has experienced success and loss in equal measure, and while his life has taken a direction he never planned, he wouldn't

have it any other way. When Reese, the young man he's partnered with in the underground vigilante group they both work for, is injured on the job, he sees an opportunity to build on the friendship with the bitter former soldier while giving him a place to recover. But when he discovers that the young man is actually the estranged son of a former U.S. president, Gage realizes he has the chance to give both father and son so much more. There's only one problem with his plan... how to ignore his growing attraction for the deviously handsome Everett Shaw. And Everett's perpetual shadow, Agent Nash. Three men on very separate courses. Until something

unexpected happens
and three become
one...

and sway anyone from living a life of crime. He's had too many darkest hours to count, but he's pushed through them all with a spirited perseverance, tenacity of mind, and a strength of purpose. Just like everything else in his life, he's met adversity head on with fierce determination and a resoluteness to come out on top. ~*~*~*A college baseball scholarship was his way out of the inner city, but his dreams of going pro were crushed by an arm injury. John Alite was forced to return home to the only life he knew, where having to live on the streets of New York meant one thing; learning how to survive. He was driven. He was extreme. He was

loyal. But most of all, he was feared. From a young age, he found himself influenced by the wrong crowd. Enticed by the wealth, power, and prestige of the mafia, he immersed himself in a world that was foreign to most. A society where policies were enforced by instilling fear. Those at the top were about obtaining and harnessing absolute power, while covertly using their own warped codes of ethics. Honor and loyalty were merely a misnomer. The cold, bitter truth was, he was expendable, and his sworn allegiance was rewarded with betrayal. On the run and unable to trust anyone, John was finally forced to confront his own demon: himself. Facing

the harsh realities of who he was and what he had done wasn't pretty, and he had some serious, life-altering decisions to make. Ones that would come with a price. Through a life of heartache, betrayal, and loss comes a story of grace, healing, and redemption.
