LITERATURE AND HISTORIOGRAPHY IN THE SPANISH GOLDEN AGE

Routledge

Compares the historical kings with their portrayal in Shakespeare's plays.

Adrián Ormache, a high-flying lawyer with a beautiful wife and two daughters, leads a privileged and glamorous life in one of Lima's wealthiest neighbourhoods. But when his mother dies, he discovers a letter amongst her possessions making shocking claims about her now long-dead husband, Adrián's father - a commander in the army during the Peruvian Civil War of the 1980s. As well as being linked to atrocities committed against the 'Shining Path' guerrillas, it appears that he also kidnapped and kept a local girl, whose family now seeks retribution. Shocked out of his comfortable existence, Adrián becomes obsessed with finding the girl at the heart of the mystery, and sets out to face the

harrowing realities of Peru's recent past, and uncover the truth about his father.

Since the advent of digitization, the conceptual confusion surrounding the semantic galaxy that comprises the media and journalism universes has increased. Journalism across several media platforms provides rapidly expanding content and audience engagement that assist in enhancing the journalistic experience. Exploring Transmedia Journalism in the Digital Age provides emerging research on multimedia journalism across various platforms and formats using digital technologies. While highlighting topics, such as immersive journalism, nonfictional narratives, and design practice, this book explores the theoretical and critical approaches to journalism through the lens of various technologies and media platforms. This book is an important resource for scholars, graduate and undergraduate students, and media professionals seeking current research on media expansion and participatory journalism.

Hamlet Penguin

Résumé de l'éditeur : "Postcolonial Borges is the first systematic account of geo-political and postcolonial themes in the writings of Borges, from the poetry and essays of the 1920s to his later works and collections. This book shows how Borges's political and artistic temperament mark him out as a postcolonial intellectual and creative writer who is sui generis."

Purgatorio T.F. Editores, S.L.C.

Golden Age departures in historiography and theory of history in some ways prepared the ground for modern historical methods and ideas about historical factuality. At the same time, they fed into the period's own "aesthetic-historical culture" which amalgamated fact and fiction in ways modern historians would consider counterfactual: a culture where imaginative historical prose, poetry and drama self-consciously rivalled the accounts of royal chroniclers and the dispatches of diplomatic envoys; a culture dominated by a notion of truth in which skilful construction of the argument and exemplarity took precedence over factual accuracy. Literature and Historiography in the Spanish Golden Age: The Poetics of History investigates this grey area backdrop of modern ideas about history, delving into a variety of Golden Age aesthetic-historical works which cannot be satisfactorily described as either works of literature or works of historiography but which belong in between these later strictly separate categories. Latin American Theories of Development and Underdevelopment Duke University Press

This highly accessible, manageable program is user-friendly for instructors, teaching assistants, and students. Known for its succinct and precise grammar explanations, its presentation of high-frequency and practical vocabulary, and its overall flexibility, HOLA, AMIGOS! continues to maintain its appeal with instructors regardless of their preferred methodology. The program is designed to develop students' ability to communicate effectively in Spanish in a variety of situations as well as to strengthen cultural awareness and competence. It offers a full scope and sequence, yet is brief enough to be used effectively for a two-semester course. The eighth edition features an enhanced integration and presentation of culture and new and exciting technology components. All components are fully integrated with the flexibility to accommodate a range of scheduling factors,

contact hours, course objectives, and ability levels.

A New Reference Grammar of Modern Spanish Universidad de Antioquia

Dark Back of Time is a compelling story of the way in which reality blurs into fiction by Javier Marías, whose highly-anticipated new novel *The Infatuations* is published in 2013. It is translated by Esther Allen in Penguin Modern Classics. 'We lose everything because everything remains except us', says the mysterious narrator of this extraordinary novel, which meditates on the transience, chance and fragility of life. As a man called Javier Marías recalls the strange events and people that shaped his past, including ghostly literary figures, a pilot, an adventurer, a brother who died as a child and the king of an island in the Caribbean, we begin to question the nature of time, memory and reality itself. Here the writer is both a keeper of memories and a purveyor of illusions, destined to be lost in the dark back of time. Javier Marías was born in Madrid in 1951. He has published ten novels, two collections of short stories and several volumes of essays. His work has been translated into thirty-two languages and won a dazzling array of international literary awards, including the prestigious Dublin IMPAC award for *A Heart So White*. He is also a highly practised translator into Spanish of English authors, including Joseph Conrad, Robert Louis Stevenson, Sir Thomas Browne and Laurence Sterne. 'I was enthralled by his strange mix of made-up memories, lost experiences and real-life fantasies' Marina Warner, *Guardian* 'He uses language like an anatomist uses a scalpel to lay bare the innermost secrets of that strangest of species, the human being' W. G. Sebald, author of *Austerlitz*

WOMEN AND THE PRACTICE OF MEDICAL CARE IN EARLY MODERN EUROPE, 1400-1800

Harper Collins

A novel set in Argentina just after the military coup in 1976.

antes que isla es volcán / before island is volcano Random House

This accessible, hands-on text not only introduces students to the important topics in historical linguistics but also shows them how to apply the methods described and how to think about the issues; abundant examples and exercises allow students to focus on how to do historical linguistics. Distinctive to this text is its integration of the standard topics with others now considered important to the field, including syntactic change, grammaticalization, sociolinguistic contributions to linguistic change, distant genetic relationships, areal linguistics, and linguistic prehistory. Examples are taken from a broad range of languages; those from the more familiar English, French, German, and Spanish make the topics more accessible, while those from non-Indo-European languages show the depth and range of the concepts they illustrate. This second edition features expanded explanations and examples as well as updates in light of recent work in linguistics, including a defense of the family tree model, a response to recent claims on lexical diffusion/frequency, and a section on why languages diversify and spread.

THE EMPTY SPACE

MIT Press

En procesos educativos, el taller estimula las potencialidades de los sujetos y ofrece elementos para la formación intelectual de estos, gracias a la práctica disciplinada y compartida con otros y al

principio del aprender haciendo. Por otro lado, quienes se interesan por la escritura, tanto académica como creativa, identifican en la literatura un estímulo que los enfrenta a procesos de análisis, reflexión, argumentación y búsqueda de un estilo. En el presente libro, la experiencia de veintidós autores demuestra que el taller literario es un recurso excepcional en la enseñanza de la ciencia y de la literatura, mediante la articulación de estos campos aparentemente divorciados. Esta propuesta recurre a una mediación discursiva que pone en el centro el diálogo entre lo científico y lo artístico, en espacios formativos diversos, para constatar que la ciencia está presente en la literatura, y que la literatura vive en la ciencia. El taller literario como viaje pedagógico puede servir a maestros de lenguaje y literatura, a talleristas y promotores de lectura, y a profesores universitarios interesados en trabajar el texto literario como medio para la emergencia, en los estudiantes y aprendices, de un pensamiento propio y de una palabra inspiradora, sugerente.

Dark Back of Time IGI Global

The book you hold in your hands is an interdisciplinary study on diaspora literacy in Afro-Central America. An exploration through various imaginings of times past, this study is concerned with how oxymoron, metonymy, and multilingualism deploy pluricentric belonging. By exploring the interlocking of multiple roots that have developed on account of routes, rhizomatic historical imaginations are unearthed here so as to imagine an other Costa Rica. A Black Costa Rica.

Psychology of Liberation Dial Press

Women have engaged in healing from the beginning of history, often within the context of the home. This book studies the role, contributions and challenges faced by women healers in France, Spain, Italy and England, including medical practice among women in the Jewish and Muslim communities, from the later Middle Ages to approximately 1800.

The Guitar and its Music Heinle & Heinle Publishers

[In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

The Blue Hour Simon and Schuster

(abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries, and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortografía*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish

'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

THEATRE OF CRISIS: DRAMA AND POLITICS IN LATIN AMERICA

Iberoamericana Editorial

"Marvelous . . . [Vonnegut] wheels out all the complaints about America and makes them seem fresh, funny, outrageous, hateful and lovable."—The New York Times In *Breakfast of Champions*, one of Kurt Vonnegut's most beloved characters, the aging writer Kilgore Trout, finds to his horror that a Midwest car dealer is taking his fiction as truth. What follows is murderously funny satire, as Vonnegut looks at war, sex, racism, success, politics, and pollution in America and reminds us how to see the truth. "Free-wheeling, wild and great . . . uniquely Vonnegut."—Publishers Weekly

STAGES OF HISTORY

OUP Oxford

Discusses four types of theatrical landscapes; the deadly theatre, the holy theatre, the rough theatre, and the immediate theatre.

THERE'S A FUTURE

NYU Press

Latin American theatre is among the most innovative in the world today. The period 1965-1970 was one of intense theatrical production in the region. Dozens of major playwrights and collective theaters produced hundreds of highly original plays. This was also a period of profound ideological and sociopolitical transformation. Hopes for Latin American self-definition and self-determination after centuries of colonization and foreign exploitation began to crumble, while the right-wing backlash produced a politics of terror. In this dynamic study, Diana Taylor proposes that, for all the diversity of peoples, languages, and cultural images in Latin America, the effects of crisis on the region's theatre are surprisingly uniform. As a cultural subsystem, theatre is both a product of and a commentary on the making and dismantling of society at large. *Theatre of Crisis* is an important source of information for Latin Americanists as well as theatre specialists and literary critics interested in this virtually unexplored field.

NORTHROP FRYE ON SHAKESPEARE

Beacon Press

Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption.

Routledge

Following on from James Tyler's *The Early Guitar: A History and Handbook* (OUP 1980) this collaboration with Paul Sparks (their previous book for OUP, *The Early Mandolin*, appeared in 1989), presents new ideas and research on the history and development of the guitar and its music from the Renaissance to the dawn of the Classical era. Tyler's systematic study of the two main guitar types found between about 1550 and 1750 focuses principally on what the sources of the music (published and manuscript) and the writings of contemporary theorists reveal about the nature of the instruments and their roles in the music making of the period. The annotated lists of primary sources, previously published in *The Early Guitar* but now revised and expanded, constitute the most comprehensive bibliography of Baroque guitar music to date. His appendices of performance practice information should also prove indispensable to performers and scholars alike. Paul Sparks also breaks new ground, offering an extensive study of a period in the guitar's history—notably c.1759-c.1800—which the standard histories usually dismiss in a few short paragraphs. Far from being a dormant instrument at this time, the guitar is shown to have been central to music-making

in France, Italy, the Iberian Peninsula, and South America. Sparks provides a wealth of information about players, composers, instruments, and surviving compositions from this neglected but important period, and he examines how the five-course guitar gradually gave way to the six-string instrument, a process that occurred in very different ways (and at different times) in France, Italy, Spain, Germany, and Britain.

Postcolonial Borges Verso Books

Upon its publication in 1989, this was the first systematic and comprehensive analysis of the Latin American School of Development and an invaluable guide to the major Third World contribution to development theory. The four major strands in the work of Latin American Theorists are: structuralism, internal colonialism, marginality and dependency. Exploring all four in detail, and the interconnections between them, Cristobal Kay highlights the developed world's over-reliance on, and partial knowledge of, dependency theory in its approach to development issues, and analyses the first major challenges to neo-classical and modernisation theories from the Third World.
