Purpose, Practice, and Pedagogy in Rhetorical Criticism brings together fifteen rhetorical critics who address contemporary issues in criticism by answering three key questions: What is the purpose of rhetorical criticism? How do you practice rhetorical criticism? How do you teach rhetorical criticism? The book serves as both guide and resource in all three areas, presenting personal perspectives from top rhetorical critics.

HOW CORPORATIONS AND GOVERNMENTS ADDICTED THE WORLD TO OIL AND DERAILED THE ALTERNATIVES

Hillcrest Publishing Group

IBM and the Holocaust is the award-winning, New York Times bestselling shocker--a million copies in print--detailing IBM's conscious co-planning and co-organizing of the Holocaust for the Nazis, all micromanaged by its president Thomas J Watson from New York and Paris. This Expanded Edition offers 37 pages of previous unpublished documents, pictures, internal company correspondence, and other archival materials to produce an even more explosive volume. Originally published to extraordinary praise in 2001, this provocative, award-winning international bestseller has stood the test of time as it chronicles the story of IBM's strategic alliance with Nazi Germany. IBM and the Holocaust provides nothing less than a chilling investigation into corporate complicity. Edwin Black's monumental research exposes how IBM and its subsidiaries helped create enabling technologies for the Nazis, step-by-step, from the identification and cataloging programs of the 1930s to the selections of the 1940s.

Oil and the Creation of Iraq Dialog Press

War Against the Weak is the gripping chronicle documenting how American corporate philanthropies launched a national campaign of ethnic cleansing in the United States, helped found and fund the Nazi eugenics of Hitler and Mengele — and then created the modern movement of "human genetics." Some 60,000 Americans were sterilized under laws in 27 states. This expanded edition includes two new essays on state genocide.

The Bard's Book is the debut collection of fantasy poetry by Edwin Black. It takes place on a fantasy world created by Gods who themselves were created by mysterious forces which even they themselves cannot understand. Bards collect stories in tomes known as "Bard's Books," which are always cause for celebration when they are complete, for it means that someone will remember the old stories, and they will not be lost to the ages.

REPRINT OF FEDERAL TRADE COMMISSION STAFF REPORT

ABC-CLIO

Introduces the most important aspects of the oil industry and offers cogent and up-to-date information about the countries, companies, and people who shape the contemporary history of oil.

Then and Now Profile Books

In 1963, he began work as a civil engineer working on the California State Water Project, and he went on to develop large

energy projects throughout the world capping his career working with Bechtel on the Big Dig in Boston. Energy Reality reveals how energy, politics, and power are intertwined. Highlights include power struggles between United States of America and Russia/the Soviet Union to be the world's largest producer of petroleum, which began after the Rothschilds took a shortcut through the Suez Canal, secretly opening the Asian market to kerosene; John Watson Foster, his son-in-law, Robert Lansing, and Uncle Berts two nephews, John Foster and Allen Dulles, who made certain that Sullivan & Cromwell clients retained control of Middle East oil; and Germany and Japan and how they were excluded from sharing oil wealth from the Middle East. The author also examines five postwar oil crises, including the taking of American hostages in Iran by the Khomeini regime in 1979, and how Vladimir Putin is seeking to turn Russia into a powerful petro state.

Internal Combustion Lulu.com

How did the West get Middle East Oil? The tense chronicle of the international deceit and strong-arm tactics of men, oil companies and government is laid out in a revealing minute-to-minute drama. Massive research supports this unforgettable revelation by a master of corporate investigation author Edwin Black.

THE POLITICS OF THE GLOBAL OIL INDUSTRY

Macmillan International Higher Education

Nazi Nexus is the long-awaited wrap-up in a single explosive volume that details the pivotal corporate American connection to the Holocaust. The biggest names and crimes are all there. IBM and its facilitation of the identification and accelerated destruction of the Jews; General Motors and its rapid motorization of the German military enabling the conquest of Europe and the capture of Jews everywhere; Ford Motor Company for its political inspiration; the Rockefeller Foundation for its financing of deadly eugenic science and the program that sent Mengele into Auschwitz; the Carnegie Institution for its proliferation of the concept of race science, racial laws, and the very mathematical formula used to brand the Jews for systematic destruction; and others.

War Against the Weak Springer Nature

Despite ongoing efforts to find alternatives, oil is still one of the most critical—and valuable—commodities on earth. This two-volume set provides extensive background information on key topics relating to oil, profiles countries that are major producers and consumers of oil, and examines relevant political issues. • Offers a complete resource that covers basic concepts relating to the oil industry as well as major incidents such as various oil spills and the specifics of the oil industry in key countries • Includes sidebars throughout the encyclopedia that present interesting information to supplement the main text as well as images, maps, and charts that provide additional meaning and context • Serves as an essential reference for students of social studies, geography, current events, political science, and environmental science

'Razor sharp research ... shows why every US citizen should be quaking in their boots' Metro, Books of the Year 'Bill Hicks with a press pass' The List Award-winning guerrilla journalist Greg Palast has gone where most have been too scared to unearth the ugly truth about the haves and have-mores who rule our world ... America. Here he reports from behind enemy lines to reveal just

how bad it's got in a dangerous regime: how elections are bought and free speech comes at a price. How citizens are ruled by fear. And how our brave new globalized world means the poor get hammered, while corporations silently buy up the planet. It's not pretty – but it's all true ... 'Palast is one of the few journalists writing who has both the anger and the wit to offer himself up as a persuasive – and more importantly, readable – voice of the left' Observer 'A rollercoaster ride from Baghdad to New Orleans and Osama bin Laden's cave to the back rooms of the Pentagon' Big Issue 'Very funny ... POLICY FAILURES AND THE 1914-1918 WAR IN MESOPOTAMIA

Lexington Studies in Political

Edwin Black has produced an explosive, eye-opening expose of the corporate forces that have for more than a century sabotaged the creation of alternative energies and vehicles in order to keep us dependent on oil. There is enough truth in this book to revolutionize our way of life. Winner of four awards for editorial excellence: American Society of Journalists and Authors Best Book, Thomas Edison Award, Green Globes, AJPA Rockower Award.

Eugenics and America's Campaign to Create a Master Race, Expanded Edition Little, Brown

The Sykes-Picot Agreement was one of the defining moments in the history of the modern Middle East. Yet its co-creator, Sir Mark Sykes, had far more involvement in British Middle East strategy during World War I than the Agreement for which he is now most remembered. Between 1915 and 1916, Sykes was Lord Kitchener's agent at home and abroad, operating out of the War Office until the war secretary's death at sea in 1916. Following that, from 1916 to 1919 he worked at the Imperial War Cabinet, the War Cabinet Secretariat and, finally, as an advisor to the Foreign Office. The full extent of Sykes's work and influence has previously not been told. Moreover, the general impression given of him is at variance with the facts. Sykes led the negotiations with the Zionist leadership in the formulation of the Balfour Declaration, which he helped to write, and promoted their cause to achieve what he sought for a pro-British post-war Middle East peace settlement, although he was not himself a Zionist. Likewise, despite claims he championed the Arab cause, there is little proof of this other than general rhetoric mainly for public consumption. On the contrary, there is much evidence he routinely exhibited a complete lack of empathy with the Arabs. In this book, Michael Berdine examines the life of this impulsive and headstrong young British aristocrat who helped formulate many of Britain's policies in the Middle East that are responsible for much of the instability that has affected the region ever since. *The Strategic Alliance Between Nazi Germany and America's Most Powerful Corporation-Expanded Edition* Routledge

An epic battle between the forces of good and evil centers around the desperate struggle to fix the Millennium Bug as Chicago investigative reporter Dan Levin, his girlfriend Park, and her teenage computer whiz son Sal become the only hope for stopping power-hungry computer mogul Ben Hinnom. IP.

For nigh-on half a century, After the Battle has been exploring and photographing the battlefields of the Second World War, but now it is time to look at events nearer to home. Following the fall of France in June 1940, Britain stood alone against Germany until the first American soldiers began arriving in Britain in January 1942. At that time the only active 'battlefront' was in North Africa, yet the Home Front played a vital role in preparing a secure base

for the eventual liberation of Europe. The Home Front has been described in many ways but this volume offers a snapshot of life in Britain during 1939 to 1945, illustrated with 'then and now' comparison photos.

"As a covert operative who penetrated the first Al Qaeda cell on American soil and who foiled other terrorist bombings, I salute Mr. Mitchell Gray who put his life on the line to fight in the Iraq War for the Freedom of our America. I understand the serious danger he exposed himself to when he used his pen as clever as his gun to document in this book the missing links to connect the dots for the American people. I respect and appreciate the sacrifices Mitchell Gray made when he penetrated some of the terrorist cells. He is an American patriot I admire." -Emad Salem, Author of *Undercover, the Untold Story of Al Qaeda the FBI and CIA in America*
