I, ROBOT

Jimmy Patterson
 In this "superwonderrific" New York Times bestseller (Jerry Spinelli), two bullied middle-school boys finally fight back with the power of funny. David and his best friend Michael were tagged with

awful nicknames way back in preschool when everyone did silly things. Fast-forward to seventh grade: "Pottymouth" and "Stoopid" are still stuck with the names -- and everyone in school, including the teachers and their principal, believe the labels are true. So how do they go about changing everyone's minds? By turning their misery into megastardom on TV, of course! And this important story delivers more than just laughs -- it shows that the worst bullying isn't always physical . . . and that things will get better. A great conversation starter for parents to read alongside their kids! Official Notice to Parents: There is no actual pottymouthing or stupidity in this entire book! (Psst, kids: that second part might not be entirely true.)

The Word Eater Houghton Mifflin Harcourt

In *A Psalm for the Wild-Built*, Hugo Award-winner Becky Chambers's delightful new Monk & Robot series gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Gearbreakers Themis Files

Evelyn strives for excellence. Allie couldn't care less. Together, these polar opposites must work together if they have any hope of saving their school's robotics program. Eighth-graders Evelyn and Allie are in trouble. Evelyn's constant need for perfection has blown some fuses among her robotics teammates, and she's worried nobody's taking the upcoming competition seriously. Allie is new to school, and she's had a history of short-circuiting on teachers and other kids. So when Allie is assigned to the robotics team as a last resort, all Evelyn can see is just another wrench in the works! But as Allie confronts a past stricken with grief and learns to open up, the gears click into place as she discovers that Evelyn's teammates have a lot to offer—if only Evelyn allowed them to participate in a role that plays to their strengths. Can Evelyn learn to let go and listen to what Allie has to say? Or will their spot in the competition go up in smoke along with their school's robotics program and Allie's only chance at redemption? An excellent pick for STEAM enthusiasts, this earnestly told narrative features a dual point of view and casually explores Autistic and LGBTQ+ identities.

True Story House of Robots

In James Patterson's heartwarming #1 New York Times bestseller, middle schooler Jamie Grimm faces bullying and self-doubt as he chases his dream to become the world's greatest comedian. Jamie Grimm is a middle schooler on a mission: he wants to become the world's greatest standup comedian—even if he doesn't have a lot to laugh about these days. He's new in town and stuck living with his aunt, uncle, and their evil son Stevie, a bully who doesn't let Jamie's wheelchair stop him from messing with

Jamie as much as possible. But Jamie doesn't let his situation get him down. When his Uncle Frankie mentions a contest called The Planet's Funniest Kid Comic, Jamie knows he has to enter. But are the judges only rewarding him out of pity because of his wheelchair, like Stevie suggests? Will Jamie ever share the secret of his troubled past instead of hiding behind his comedy act? Following the bestselling success of the hilarious Middle School, The Worst Years of My Life, James Patterson continues to dish out the funnies in another highly-illustrated, heartfelt middle school story. NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain,

Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
