LITTLE CHRISTMAS TREE

Storey Publishing, LLC
Lori Nichols's delightful book celebrates the bond of two nature-loving sisters, and their ability to find fantastic kid-powered solutions to any problem—and it will give allergy sufferers an extra reason to celebrate. Maple and Willow love trees—and

now they are getting their first real Christmas tree. It is going to be the best Christmas ever! After a snowy expedition to pick out the perfect tree, it's time to decorate. But whenever Maple gets near the tree, she starts sniffing and sneezing. Could she really be allergic to the perfect Christmas tree? And if so, how will the girls find a way to make this the best Christmas

after all?
Controlling Christmas
Abrams
Central to the holiday is finding the right Christmas tree. Some like the biggest and brightest nature offers, while others prefer artificial. Still, for most, putting up and decorating the tree ushers in the holiday season with wonder and excitement. In the delightful story, "Ripley The Christmas Tree Dog", children learn that Christmas trees require

work and care to grow strong and beautiful. The tale begins and ends with a little girl hugging Ripley and getting "just the right tree" with her family. The remainder of the storyline focuses on Grandpa and Ripley caring for their tree farm as the seasons progress through the months of the year. Thank you for choosing this book. We hope you will appreciate the educational value as well

as the warm visual content. ~Whiter Than Snow Publications

NATURE STORIES: LITTLE CHRISTMAS TREE

Courier Dover Publications
When he first envisioned becoming a farmer, author Emmet Van Driesche never imagined his main crop would be Christmas trees, nor that such a tree farm could be more of a managed forest than the conventional

grid of perfectly sheared trees. Carving Out a Living on the Land tells the story of how Van Driesche navigated changing life circumstances, took advantage of unexpected opportunities, and leveraged new and old skills to piece together an economically viable living, while at the same time respecting the land's complex ecological relationships. From spoon carving to scything, coppicing to

wreath-making, Carving Out a Living on the Land proves that you don't need acres of expensive bottomland to start your land-based venture, but rather the creativity and vision to see what might be done with that rocky section or ditch or patch of trees too small to log. You can lease instead of buy; build flexible, temporary structures rather than sink money into permanent ones; and take

over an existing operation rather than start from scratch. What matters are your unique circumstances, talents, and interests, which when combined with what the land is capable of producing, can create a fulfilling and meaningful farming life.

A Study of Consumer Preference for Christmas Trees in a Nature Market Area

Dutton
Childrens
Books
The newest

edition is published by the U.S. Forest Service, Northeastern Area State and Private Forestry. This edition includes a number of new pests, many of them found on fir Christmas trees. The original manual had a strong emphasis on Scotch pine. Most of the original pest descriptions remain in the manual; however, given that Christmas tree growers are growing more fir and other

species, new pest problems needed to be addressed.

This charming tale of an overgrown pine always being passed by for Christmas, and what his

woodland friends do to help him, is sure to become a Christmas classic. With delightful illustrations by wildlife artist Michael Monroe and enchanting text from Colleen Monroe, the birds, deer and squirrel of this story help make their special friend's wish come true.

DECORATING WITH EVERGREENS

Thomas Dunne Books
Imagines a distant future in which the

earth has plunged into frozen darkness, extinguishing life as we know it. Only a few stalwart holdouts remain, including a pair of trees that have retained a kind of memory of what came to pass before the life-killing coldness moved in.

The Last Christmas Tree

Turtleback
Unable to find a Christmas play for their congregation that would be appropriate for all age

groups, three creative members of Good Shepherd United Church of Christ in Slatington, Pennsylvania, collaborated to create one of their own. They wrote a play that included humor and the Christmas miracle of family love. Easy to prepare and present, this short vignette about a Christmas tree and Christ's birth can be used and enjoyed by congregations of any size. This play, cast

in a nature setting, involves a family (two parents and three children), an angel, and eleven youth, each representing a different variety of tree. The presentation includes the singing of Christmas carols and the decorating of a Christmas tree. Willard Rabert, the former pastor of Good Shepherd UCC, has written and performed many biblical monologues in costume.

Wanda Reda is a preschool teacher and Sunday school teacher of many years experience, and Lisa Sensinger is a student whose interests include writing and reading.

Pip the Gnome and the Christmas Tree Storey Publishing
As the first rays of the sun peek over nature's valley, a redheaded woodpecker busily drills, a doe's hooves make crunching sounds in the snow, and two

Christmas trees--one perfect and one not so perfect--wait for someone to choose them, and hopefully not for firewood. Runt's needles are multi-colored and not two of his branches are the same size. Grace is perfectly shaped without a blemish or pine cone to scar her profile. As they anxiously wait, Davey and his parents head into the woods to find the perfect tree. But after they

choose Grace and haul her home, Runt is left alone without a purpose--or so he thinks. In this delightful holiday tale for children, nature shares a simple and beautiful lesson about the true meaning of the Christmas spirit.

SANTA'S TREE

Houghton Mifflin Harcourt Back by popular demand, now with photos! Christmastime ...it's the yummiest time of the

year! On a snowy day, you'll find us in the kitchen, cozily rolling out sugar cookies, stirring up a hearty, warming soup or sampling homemade jams before wrapping them up for gift-giving. Christmas Kitchen is filled with scrumptious recipes your family & friends will love. Spread the cheer at a holiday brunch with Sour Cream Streusel Coffee Cake and Savory Brunch Cups.

Tote along Creamy Chicken Bake to a church bazaar & potluck. Snowy Day Chili with Honey-Corn Muffins is an easy supper after an afternoon of shopping or decorating the tree. For Christmas dinner, there's a mouthwatering feast of Grammy's Beef Brisket, Cheddar Potato Gratin, Creamed Peas & Onions and Cranberry Dream Salad...all special enough for

servicing Mom's prettiest holly-trimmed china. Of course it wouldn't be Christmas without delectable treats for sharing, so you'll find lots of sweets like Aunt Julia's Pecan Cookies and Red Velvet Cake, plus giftable goodies like White Chocolate Popcorn. We've tucked in easy tips for festive meals and clever ways to wrap up homemade gifts. So tie up your apron strings and

join us in the kitchen! 204 Recipes.

INVENTING THE CHRISTMAS TREE

Pip the Gnome Welcome to a colorful Christmas! Marjorie Sarnat's wonderfully imaginative

designs feature 31 traditional holiday motifs in a unique and decorative way. From Santa walking with his reindeer to elves kissing under the mistletoe to dancing snowmen and candied wreaths, this book of ready-to-color illustrations will make the perfect gift for anyone! Pages are perforated and printed on one side only for easy removal and display. Specially designed for

experienced colorists, Creative Christmas and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

The Christmas Tree Frances Lincoln Children's Books This dissertation argues that from 1880 to 2010 the American natural and

artificial Christmas tree industries remodeled themselves after one another. Artificial tree companies modeled their products after the natural tree, hoping to make them look, smell, and feel like the real thing. As these replica trees became popular, scientists, extension agents, and farmers worked to control the natural Christmas tree crop unlike ever before. Those efforts stemmed from a desire to wrest from nature the same kind of idealized silhouettes their plastic counterparts celebrated. Both industries tried to convince the country's consumers to buy what they were selling. Through Americans' shifting Christmas tree experience, this dissertation highlights the evolution of particular cultural and environmental ideas. It reveals how both the natural and artificial tree industries intentionally misled the public about the ecological implications of their businesses. Further, it demonstrates that although many Americans believed that the natural Christmas tree ritual could instill the children's youth with an appreciation of the outdoors or the value of the hard work symbolized by the felling of a tree and dragging it

into the living room, by the 1960s such an outlook became contested unlike ever before. As fake tree companies promised convenience, many citizens looked upon their ersatz tree as a symbol of progress and good environmental stewardship just as others worried that modernity would alienate the nation's youth from the wild spaces and hard work of their ancestors.

This dissertation also considers how gender animated the trade by showing how farmers frequently blamed the nation's women for their reliance on pesticides. That chemical dependency, farmers maintained, was the only way to grow the shapely trees the nation's women supposedly demanded. Growers also trivialized the work of women within the business in an effort to

bolster their own masculine image. As the crop spawned festivals in some communities, locals equated tree bodies with those of women, overtly implying that beauty was most important in both.

CARVING OUT A LIVING ON THE LAND

Yale
University
Press
All the animals in the forest are excited about their Christmas tree, which

they are decorating with nature's treasures, as well as a banner for a special midnight visitor--Santa Claus! This charming tale features seven pop-up spreads, as well as a holiday hide-and-seek: each of the five middle spreads highlights a letter, and readers can have fun finding animals and objects that have names that begin with that letter. On the page

highlighting S, for sample, find a star, sled, snowman--and more!
Growing Christmas Trees Penguin
 This book is about those big green things outside. The things that have enabled the existence of mankind. The things that make our oxygen, provide our drinking water, and shade our car parks. Trees are certainly clever things, and they have influenced us in ways that are so

profound that it is odd how we are often hardly aware of them. This book shows that the link between man and tree is certainly real. But just how close are we to the tree? What is our real relationship? The Wisdom of the Tree is made up of 365 eclectic passages inspired by trees. It includes astonishing natural facts, personal philosophies, trees mentioned in the Bible, and trees in

folklore, culture, and the human psyche. The Wisdom of the Tree is an easy-to-read yet thought-provoking book designed to instill awe for the world in which we live and show that it is far richer than what we can even imagine. *Trees of Christmas* The New Christmas Tree "With warm joyful art and a rhythmic,

read-aloud text, here is a celebration of every festive step in taking home and decorating a Christmas tree."-- Zee Grows a Tree Candlewick Press On a white and snowy night a little Christmas Tree is transformed. One white and snowy night, a little Christmas tree stands alone in the forest. Everything is white and

lifeless. As the night goes on, there a signs of life. An orange fox, a red-breasted robin, a cloud of fireflies ... By the end of the book, the Little Christmas Tree is transformed by nature. Another glorious lift-the-flap exploration of nature from Big Picture Press in the same series as Little Tree and Little Honey Bee.
