Painting a vivid, personal portrait of social and political upheaval in Oaxaca, Mexico, this unique memoir employs comics, bilingual essays, photos, and sketches to chronicle the events that unfolded around a teachers' strike and led to a seven-month siege. When award-winning cartoonist Peter Kuper and his wife and daughter moved to the beautiful, 15th-century colonial town of Oaxaca in 2006, they planned to spend a quiet year or two enjoying a different culture and taking a break from the U.S. political climate under the Bush administration. What they hadn't counted on was landing in the.

For their 51st edition, World War 3 Illustrated asked their artists and writers to bring heart and vision to two questions: What do we really care about? and What are we fighting for? Their comic strips and panels are cheerful or angry, prescriptive, or absurd. There is both humor and strong imagery. Some artists bring a roadmap for change. Others simply tell us what their values are, who their loved ones are, what they are clinging to and holding on to in the struggle to exist. Some lean into the mysterious, the poetic, the unfinished, or the unknowable. This book is really all about the "how" and the "why." Artists tell us about their personal experience of activism, whether it's direct action, voting, or just talking with people.

Peter Kuper (b. 1958) is one of the country's leading cartoonists. His artwork has graced the pages and covers of numerous newspapers and magazines, including Time, the New Yorker, Mother Jones, and the New York Times. He is a longtime contributor to Mad magazine, where he has been writing and drawing Spy vs. Spy for two decades, and the cofounder and coeditor of World War 3 Illustrated, the cutting-edge magazine devoted to political graphic art. Most of the interviews collected here are either previously unpublished or long out of print. They address such varied topics as world travels, teaching at Harvard, Hollywood deal-making, climate change, Spy vs. Spy, New York City in the 1970s and 1980s, and World War 3 Illustrated. Among the works examined are his books The System, Sticks and Stones, Stop Forgetting to Remember, Diario de Oaxaca, and adaptations of Franz Kafka's The Metamorphosis and Upton Sinclair's The Jungle. Kuper also discusses his graphic novel Ruins, which received the Eisner Award for Best New Graphic Novel in 2016. Along with two dozen images, this volume features ten lively, informative interviews as well as a quartet of revealing conversations, conducted in collaboration with Kuper's fellow artist Seth Tobocman, with underground comix legends Robert Crumb and Vaughn Bodé, Mad magazine publisher William Gaines, and Jack Kirby.

Candice Gaines loves Christmas. Not only does she bask in the twinkling lights, sing Christmas carols and go crazy with the decorations, she's also in the giving spirit, donating much of her time and wealth to various charities in the local area. Charlie Sullivan despises Christmas. Though it keeps his family afloat, considering they own Sullivan Family Christmas Tree Farm, the main provider for Christmas trees on the Monterey peninsula. He'd much rather work among the trees versus have to deal with people. But Charlie's parents are taking on more philanthropic projects-and as their oldest child, they want him to be their official public representative. He just has to play nice and convince everyone he's not a total holiday hater. When Charlie's mom asks Candice to accompany him to a variety of holiday parties and events, she reluctantly agrees. She thinks Charlie is a big ol' Grinch, but is determined to change his mindset and help him spread Christmas cheer. Charlie finds Candice is too chatty, too sweet, too much. Do people like her really exist? Why yes, yes they do. The more time they spend together-along with a few kisses under the mistletoe-the more they start to like each

other. Hopefully Charlie can convince Candice he doesn't have a heart that's two sizes too small before the ball drops on New Year's Eve.

Stop Forgetting to Remember Hill and Wang

"Wordless books" were stories from the early part of the twentieth century told in black and white woodcuts, imaginatively authored without any text.

Although woodcut novels have their roots spreading back through the history of graphic arts, including block books and playing cards, it was not until the early part of the twentieth century that they were conceived and published. Despite its short-lived popularity, the woodcut novel had an important impact on the development of comic art, particularly contemporary graphic novels with a focus on adult themes. Scholar David A. Beroná examines the history of these books and the art and influence of pioneers like Frans Masereel, Lynd Ward, Otto Nücker, William Gropper, Milt Gross, and Laurence Hyde (among others). The images are powerful and iconic, and as relevant to the world today as they were when they were first produced. Beroná places these artists in the context of their time, and in the context of ours, creating a scholarly work of important significance in the burgeoning field of comics and comics history.

The Metamorphosis: The Illustrated Edition Fao

Award-winning graphic novelist Peter Kuper presents a mesmerizing interpretation of fourteen iconic Kafka short stories. Long fascinated with the work of Franz Kafka, Peter Kuper began illustrating his stories in 1988. Initially drawn to the master's dark humor, Kuper adapted the stories over the years to plumb their deeper truths. Kuper's style deliberately evokes Lynd Ward and Frans Masereel, contemporaries of Kafka whose wordless novels captured much of the same claustrophobia and mania as Kafka's tales. Working from new translations of the classic texts, Kuper has reimagined these iconic stories for the twenty-first century, using setting and perspective to comment on contemporary issues like civil rights and homelessness. Longtime lovers of Kafka will appreciate Kuper's innovative interpretations, while Kafka novices will discover a haunting introduction to some of the great writer's most beguiling stories, including "A Hunger Artist," "In The Penal Colony," and "The Burrow." Kafkaesque stands somewhere between adaptation and wholly original creation, going beyond a simple illustration of Kafka's words to become a stunning work of art.

Metamorphosis is a biological process by which an animal physically develops after birth or hatching, involving a conspicuous and relatively abrupt change in the animal's body structure through cell growth and differentiation. Some insects, fish, amphibians, mollusks, crustaceans, cnidarians, echinoderms, and tunicates undergo metamorphosis, which is often accompanied by a change of nutrition source or behavior. Animals can be divided into species that undergo complete metamorphosis ("holometaboly"), incomplete metamorphosis ("hemimetaboly"), or no metamorphosis ("ametaboly").

Part of the Legend Classics seriesAs Gregor Samsa awoke one morning from uneasy dreams he found himself transformed in his bed into a gigantic insect.The Metamorphosis - the masterpiece of Franz Kafka - was first published in 1915 and is one of the seminal works of fiction of the twentieth century. The novel is cited as a key influence for many of today's leading authors; as Auden wrote: "Kafka is important to us because his predicament is the predicament of modern man".Traveling salesman, Gregor Samsa, wakes to find himself transformed into a large, monstrous insect-like creature. The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become.A harrowing, yet strangely comic, meditation on human feelings of inadequacy, guilt, and isolation, *The Metamorphosis* has taken its place as one of the most widely read and influential works of twentieth-century fiction.The Legend Classics series:Around the World in Eighty DaysThe Adventures of Huckleberry FinnThe Importance of Being EarnestAlice's Adventures in WonderlandThe MetamorphosisThe Railway ChildrenThe Hound of the BaskervillesFrankensteinWuthering HeightsThree Men in a BoatThe Time MachineLittle WomenAnne of Green GablesThe Jungle BookThe Yellow Wallpaper and Other StoriesDraculaA Study in ScarletLeaves of GrassThe Secret GardenThe War of the WorldsA Christmas CarolStrange Case of Dr Jekyll and Mr HydeHeart of DarknessThe Scarlet LetterThis Side of ParadiseOliver TwistThe Picture of Dorian GrayTreasure IslandThe Turn of the ScrewThe Adventures of Tom SawyerEmmaThe TrialA Selection of Short Stories by Edgar Allan PoeGrimm Fairy Tales
