In Tom Stoppard's Plays: Patterns of Plenitude and Parsimony Nigel Purse offers a unique appraisal, on a thematic basis, of all Stoppard's plays by identifying key patterns and uncovering at the heart of Stoppard's theatrical plenitude the principle of parsimony.

A fatal shot on Dover beach The Spider and the Fly

Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

AN EPISODE

Courier Corporation

Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people. In turn, this collection argues, contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals, particularly as they relate to child and adolescent readers and our experiences of them. The essays therein suggest that we struggle now, as the Victorians did then, to assert a cohesive understanding of young readers, and that this lack of cohesion is a result of or a parallel to the disruptions taking place on a larger (even global) scale.

TOM STOPPARD'S PLAYS

Routledge

From the Preface by Nicholas Lash: The risk is that a collection such as this will lack the unity necessary to make it useful, and readable, as a book. But I selected these particular pieces because, for all the variety of their themes and levels of treatment, they seemed to me to illustrate two enduring preoccupations: an attempt to grapple with problems arising from the historical character of Christian faith and theology, and a conviction

that, far from surrendering its critical integrity and (relative) autonomy, Christian theological reflection only attains its own proper rigour and significance if it is continually borne in mind that such reflection is dependent upon, secondary to, Christian faith and practice. I have therefore concentrated on these two issues in the Introduction. If the emphasis in these essays is on questions of method, this is partly because the confusion and uncertainty which many Christians experience today is perhaps less obviously the expression of a crisis of faith than a crisis of culture: we are not sure how to go about the business of connecting our Christianity with other aspects of our life and experience; we are not sure what would count, and on what grounds, as appropriate ways of giving linguistic and conceptual expression to our faith. And these are therefore essays, essais, attempts, contributions to a discussion. In a situation such as ours, there is an inherent implausibility in the idea that any one man - be he theologian, philosopher, economist, or politician - can come up with answers, with solutions to our common problems.

Political Issues for the Twenty-First Century Univ of Wisconsin Press

Assembling accessible and informative essays on contemporary debates and future issues in politics, this rewarding volume focuses on political developments in UK, European and international issues, and modern theoretical debates and problems. Each essay establishes the historical context before providing a speculative analysis of possible future developments. The collection presents a range of challenging and provocative accounts that deal with some of the most delicate, complex and fundamental issues that affect people living in Western Europe in the twenty-first century.
