Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results

Rowman & Littlefield

America is in civic chaos, its politics rife with conspiracy theories and false information. Nationalism and authoritarianism are on the rise, while scientists, universities, and news organizations are viewed with increasing mistrust. Its citizens reject scientific evidence on climate change and vaccinations while embracing myths of impending apocalypse. And then there is Donald Trump, a presidential candidate who won the support of millions of conservative Christians despite having no moral or political convictions. What is going on? The answer, according to J. Eric Oliver and Thomas J. Wood, can be found in the most important force shaping American politics today: human intuition. Much of what seems to be irrational in American politics arises from the growing divide in how its citizens make sense of the world. On one side are rationalists. They use science and reason to understand reality. On the other side are intuitionists. They rely on gut feelings and instincts as their guide to the world. Intuitionists believe in ghosts and End Times prophecies. They embrace conspiracy theories, disbelieve experts, and distrust the media. They are stridently nationalistic and deeply authoritarian in their outlook. And they are the most enthusiastic supporters of Donald Trump. The primary reason why Trump captured the presidency was that he spoke about politics in a way that resonated with how Intuitionists perceive the world. The Intuitionist divide has also become a threat to the American way of life. A generation ago, intuitionists were dispersed across the political spectrum, when most Americans believed in both God and science. Today, intuitionism is ideologically tilted toward the political right. Modern conservatism has become an Intuitionist movement, defined by conspiracy theories, strident nationalism, and hostility to basic civic norms. Enchanted America is a clarion call to rationalists of all political persuasions to reach beyond the minority and speak to intuitionists in a way they understand. The values and principles that define American democracy are at stake.

Science is perfect in its answers. We just have to find the right questions to ask. When Carl, an artistic dreamer with a troubled mind takes on the challenge of thinking in a scientific manner, treasures are found that have implications for every man on Earth. Sometimes you have to wonder if you really want to know the answer.

Rodale Books

The beloved bestselling author of Here for It returns with an all-new collection of heartening, deeply relatable, and laugh-out-loud essays about what happens after happily ever after. "Funny, insightful, and hopeful . . . a profound meditation on what it means to come home, and on finding your way again after the chaos of life takes you off your path."—John Paul Brammer, author of ¡Hola Papi! After going viral "reading" the chaotic political news, having one-too-many awkward social encounters, and coming to terms with his intersecting identities, R. Eric Thomas finally knew who he was and where he was going. He was living his best life. But then everything changed. In this collection of insightful and hilarious essays, Thomas moves back to his perpetually misunderstood hometown of Baltimore (a place he never wanted to return, even to be buried) and behaving

completely out of character. They say you can't go home again, but what if you and home have changed beyond recognition? From attending his twenty-year high school reunion and discovering another person's face on his name badge, to splattering an urgent care room with blood à la The Shining, to being terrorized by a plague of gay frogs who've overtaken his backyard, Thomas provides the nitty, and sometimes the gritty, details of wrestling with the life he thought he'd left behind while trying to establish a new one. With wit, heart, and hope for the future, Congratulations, The Best Is Over! is the not-so-gentle reminder we all need that even when life doesn't go according to plan, we can still find our way back home.

NEW YORK TIMES BESTSELLER • "You Owe You is full of insight and guidance for those seeking their inner selves."—MICHAEL B. JORDAN No matter your story or your struggle, Eric Thomas—celebrated motivational guru, educator, and problem-solver to many of the top athletes and business leaders—will "help you work harder, discover your real motivation, and crack the code of enduring success" (Ed Mylett, #1 bestselling author of The Power of One More) If you feel like success is for others, that only certain people get to have their dreams fulfilled, Eric Thomas's You Owe You is your wake-up call. His urgent message to stop waiting for inspiration to strike and take control of your life is one he wishes someone had given him when he was a teenager—lost, homeless, failing in school, and dealing with the challenges of being a young Black man in America. Once he was able to break free from thinking of himself as a victim and truly understand his strengths, he switched the script. And now, with this book, Thomas reveals how you, too, can rewrite your life's script. With support, he recognized that his unique gift is being able to capture the attention of all kinds of people in all kinds of settings—boardrooms, locker rooms, churches, classrooms, even the streets—thanks to his wealth of experiences and command of language. Today, Thomas considers himself blessed to speak to an audience that is as large as it is diverse, from the rich and famous to kids struggling in school to young men in prison hoping for a new start. Thomas's secrets of success have already helped hundreds of thousands on their journey, but this is his first guide to show you how to start today, right now. These critical first steps include deeply understanding yourself and the world around you, finding your why, accepting that you may have to give up something good for something great, and constantly stretching toward your potential. No matter where you are on your journey toward greatness, you owe it to yourself to become fully, authentically you. And Eric Thomas's You Owe You can help get you there.

Democracy and Leadership Univ. Press of Mississippi

This is the story of the International Rescue Committee (IRC), an organisation founded by democratic socialists in the 1930s to help the victims of Fascism in the post-World War II years, and its connections with the US intelligence community.

Congratulations, The Best Is Over! Abrams

In the fall of 1917, the Bureau of Intelligence, later renamed the FBI, raided halls run by the Industrial Workers of the World, hauling away a vast array of documents. Some of those documents, mostly correspondence, were later presented as evidence in the Chicago conspiracy trial of IWW leaders. The documents were excised from the trial transcript after appeals to reverse the convictions failed. For ninety years, it appeared that all trace of this sizable collection of primary source material had disappeared. While researching a book on the IWW during the World War I era, the author came across the sole surviving complete copy of the trial transcript, including all of the documents presented by the prosecution. This anthology is based on those documents. They present a picture of the IWW from the inside. These have been supplemented with articles, poems and cartoons drawn from the IWW's press. The documents provide new insights into the IWW as it really was, rather than as it wished to be seen. Private letters show the IWW grappling with many of the same problems that still confront the Left today, such as the use of sabotage or violence and reconciling a vision of a new society with the immediate demands of a movement. The actual story of the Industrial Workers of the World is far more interesting than the romanticized legend.

DECODING

Lexington Books

The story, based on fact, chronicles the life of a hedge, how it grew, its resources and wildlife, and how its life continued through the ages until it was destroyed by modern times

YOU AIN'T THE BOSS OF ME

MacMillan Publishing Company

In *Morality, Leadership, and Public Policy*, Eric Weber argues for an experimentalist approach to moral theory in addressing practical problems in public policy. The experimentalist approach begins moral inquiry by examining public problems and then makes use of the tools of philosophy and intelligent inquiry to alleviate them. Part I surveys the uses of practical philosophy and answers criticisms - including religious challenges - of the approach, presenting a number of areas in which philosophers' intellectual efforts can prove valuable for resolving public conflicts. Part II presents a new approach to experimentalism in moral theory, based on the insights of John Dewey's pragmatism. Focusing on the elements of good public inquiry and the experimentalist attitude, Weber discusses ways of thinking about the effective construction and reconstruction of particular problems, including practical problems of public policy prioritization. Finally, in Part III the book examines real-world examples in which the experimentalist approach to ethics proves useful, including instances of "bandwidth theft" and the controversies surrounding activist judges in the US Supreme Court.

THE SECRET TO SUCCESS

William Morrow & Company

Named a Best Political Book of the Year by The Atlantic in the tradition of Notorious RBG, a lively, beautifully designed, full-color illustrated celebration of the life, wisdom, wit, legacy, and fearless style of iconic American Congresswoman Maxine Waters. "Let me just say this: I'm a strong black woman, and I cannot be intimidated. I cannot be undermined. I cannot be thought to be afraid of Bill O'Reilly or anyone."—Maxine Waters To millions nationwide, Congresswoman Maxine Waters is a hero of the resistance and an icon, serving eye rolls, withering looks, and sharp retorts to any who dare waste her time on nonsense. But behind the Auntie Maxine meme is a seasoned public servant and she's not here to play. Throughout her forty years in public service and eighty years on earth, U.S. Representative for California's 43rd district has been a role model, a crusader for justice, a game-changer, a trailblazer, and an advocate for the marginalized who has long defied her critics, including her most vocal detractor, Donald J. Trump. And she's just getting started. From her anti-apartheid work and support of affirmative action to her passionate opposition to the Iraq War and calls to hold Trump to account, you can count on Auntie Maxine to speak truth to power and do it with grace and, sometimes, sass. As ranking member of the House Financial Services Committee and one of the most powerful black women in America, she is the strong, ethical voice the country has always needed, especially right now. *Reclaiming Her Time* pays tribute to all things Maxine Waters, from growing up in St. Louis "too skinny" and "too black," to taking on Wall Street during the financial crisis and coming out on top in her legendary showdowns with Trump and his cronies. Featuring inspiring highlights from her personal life and political career, beloved memes, and testimonies from her many friends and fans, *Reclaiming Her Time* is a funny, warm, and admiring portrait of a champion who refuses to stay silent in the face of corruption and injustice; a powerful woman who is an inspiration to us all.

MORALITY, LEADERSHIP, AND PUBLIC POLICY

Page Publishing Inc

The Grind is today's new textbook for success. It not only provides its readers with insight on achieving their goals, but further aims to bring about their peak levels of performance on a consistent basis. Three words can sum up the soul of this book: whatever it takes. This book features many in-depth examples of practices from some of the most prominent entities in the business world including Donald Trump, Sean Combs, Howard Schultz, David Geffen, Sam Walton, Russell Simmons, and many others who have achieved success. Along with characteristics such as hard work, dedication, attention to details, perseverance, The Grind includes groundbreaking unorthodox strategies to give the reader a competitive edge. Every person has the potential to become successful; the only limitation is the person's own self and the effort they are willing to contribute. It is solely a choice whether or not they will do what is necessary to position themselves for success, and this book is the definitive reference that will motivate and show readers how to do just that.

Monteverdi's Tonal Language Here for It

"Infused with all the joy of the best teen movies, *Kings of B'more* is sure to be a big hit." —BuzzFeed Two Black queer best friends face their last day together with an epic journey through Baltimore in this magnetic YA debut by bestselling author of *Here for It*, R. Eric Thomas. A 2023 Stonewall Honor Book for Young Adult Literature With junior year starting in the fall, Harrison feels like he's on the precipice of, well, everything. Standardized testing, college, and the terrifying unknowns and looming pressures of adulthood after that—it's like the future wants to eat him alive. Which is why Harrison is grateful that he and his best friend, Linus, will face these things together. But at the end of a shift at their summer job, Linus invites Harrison to their special spot overlooking the city to deliver devastating news: He's moving out of state at the end of the week. To keep from completely losing it—and partially inspired by a cheesy movie-night pick by his dad—Harrison plans a send-off à la Ferris Bueller's Day Off that's worthy of his favorite person. If they won't be having all the life-expanding experiences they thought they would, Harrison will squeeze them all into their last day together. They end up on a mini road trip, their first Pride, and a rooftop dance party, all while keeping their respective parents, who track them on a family location app, off their trail. Harrison and Linus make a pact to do all the things—big and small—they've been too scared to do. But nothing feels scarier than saying goodbye to someone you love. COVER MAY VARY.

FLOWERS IN THE GUTTER

M.E. Sharpe

In *Democracy and Leadership*, Weber draws from Plato's virtues of the ideal city, updated with democratic values and insights from John Dewey, to present both a general and a democratic theory of leadership. Central to the project is the democratic turn away from thinking of leadership as persons to thinking of it as a process open to all.

You Aint the Boss of Me DK Children

From homeless high school dropout to one of the most sought after motivational speakers in the country, Eric Thomas has truly found the Secret 2 Success. In this, his debut autobiography, Eric shares that secret with the rest of the world. By chronicling his days sleeping in abandoned buildings in the unforgiving Detroit winters, to his rise as a successful husband, father, CEO, educator and motivational speaker, Eric inspires the masses to reach greatness. In 2009 one of Eric's speeches entitled *Secrets 2 Success* surfaced on YouTube and quickly went viral reaching over 1 million views. It was the response to this video and the subsequent thousands of emails and phone call from viewers ranging from high school teachers and students, to professional athletes and CEO's of fortune 500 companies seeking Eric's advice on how to reach their maximum potential that ultimately led to the writing of this book. In the book, Eric not only details his struggles and successes, he also provides invaluable advice on how anyone can take their life from its current state to places they never dreamed imaginable.

AMERICA'S PUBLIC PHILOSOPHER

Bloomsbury Publishing

Uniting Mississippi applies a new, philosophically informed theory of democratic leadership to Mississippi's challenges. Governor William F. Winter has written a foreword for the book, supporting its proposals. The book begins with an examination of Mississippi's apparent Catch-22, namely the difficulty of addressing problems of poverty without fixing issues in education first, and vice versa. These difficulties can be overcome if we look at their common roots, argues Eric Thomas Weber, and if we practice virtuous democratic leadership. Since the approach to addressing poverty has for so long been unsuccessful, Weber reframes the problem. The challenges of educational failure reveal the extent to which there is a caste system of schooling. Certain groups of people are trapped in schools that are underfunded and failing. The ideals of democracy reject hierarchies of citizenship, and thus, the author contends, these ideals are truly tested in Mississippi. Weber offers theories of effective leadership in general and of democratic leadership in particular to show how Mississippi's challenges could be addressed with the guidance of common values. The book draws on insights from classical and contemporary philosophical outlooks on leadership, which highlight four key social virtues: wisdom, courage, moderation, and justice. Within this framework, the author approaches Mississippi's problems of poverty and educational frustration in a novel way that is applicable in and beyond the rural South. Weber brings to bear each of the virtues of democratic leadership on particular problems, with some overarching lessons and values to advance. The author's editorial essays are included in the appendix as examples of engaging in public inquiry for the sake of democratic leadership.

Reclaiming Her Time Viking

From homeless high school dropout to one of the most sought after motivational speakers in the country, Eric Thomas has truly found the Secret 2 Success. In this, his debut autobiography, Eric shares that secret with the rest of the world. A Sociology of Organisations (RLE: Organizations) Ignatius Press

"A "mind-blowing, page-turning, unputdownable" novel (Elif Batuman) about the fifteen-year fallout from a poisonous high school rumor, exploring how stories from the past can come to define who we are. A gifted and reclusive ghostwriter, Alice Lovett makes a living helping other people tell their stories. But she is haunted by the one story she cannot tell: the story of, as she puts it, "the things that happened while I was asleep." Back in 1999, Nick Brothers and his high school lacrosse team return for their senior year in a well-to-do Baltimore suburb as the reigning state champs. The afterglow of their big win is bound to last until graduation; not even the pressure of college applications can get in the way of their fun. But when a private school girl attempts suicide in the wake of one of the team's "legendary" parties, and a rumor begins to circulate that two of Nick's teammates sexually assaulted her, it seems like it might ruin everything—until the team circles the wagons, casts doubt on the story, and the town moves on. But not everyone does. Fifteen years later, four people—Alice, Nick, a documentary filmmaker, and a wealthy entrepreneur—remain haunted by the roles they played, the things they still don't understand, and how the story has shaped their lives. In sections told from different points of view, each more propulsive than the last, the layers of mystery are gradually peeled back as we barrel toward the truth of what really happened that night . . . and what came after. At once a compulsive page-turner and a thought-provoking exploration of issues both timely and timeless, *True Story* marks the debut of a phenomenal new voice in fiction."--
