technology invented in
Europe and North America
that has diffused to the
poorer countries in Latin
America, Asia, and Africa.
Improved medical
practices have eliminated

many of the traditional causes of death in poorer countries and enabled more people to live longer and healthier lives AP Human Geography Chapter 2 | Other Quiz - Quizizz Chapter 2: Population and Health Aim: Examine how people are distributed spatially by age, gender, occupation, fertility, and health. To understand how local diversity is a key component for population growth and how birth and death rates impact the stability of a population; however,

there needs to be an understanding as to why population grows at different rates in different regions ... Chapter 2: Population - AP Human Geography 2018-2019 The world NIR is now currently 1.2. This has been declining in the past fifty years from a 1963 high of 2.2. Although this number may seem statistically insignificant, the small changes have serious effects. A small change makes a huge difference in actual population totals. AP Human Geography - Chapter 2
