Relating stories of his experiences as a young musician and music student in 1980's New York, author Dave Isaacs

describes the key lessons that shaped his musical life and how they can help any aspiring musician at any age. The title refers to the average music hobbyist with more enthusiasm than skill or time to practice. Many people play for years without developing more than rudimentary abilities, and some become so frustrated by the struggle that they stagnate or quit. The stories in the book and the musical lessons they impart give these "perpetual beginners" the ideas, techniques, and

encouragement that will help them begin to progress again. The title also references the Zen concept of "beginner's mind", a way of approaching any endeavor with the openness and zeal of a beginner regardless of experience. Maintaining a beginner's mindset removes many of the self-limiting beliefs and inhibitions that hold many people back, thus enabling the learning process - hence the book's subtitle, "A musician's path to lifelong

learning." Author Dave Isaacs is a musician, performing songwriter, and teacher based in Nashville, where he is known as the "Guitar Guru of Music Row".

This guitar chord book represents the largest and most highly organized and useful collection of chords yet published. Each chord type has five levels of organization: 1) Common Voicings (This is where you'll find shapes than are both relatively easy to play and sound good.) 2)

Drop 2" voicings, 3) Chords organized by the lowest sounding note. This section covers all inversions. 4) Chords organized by the highest note. This is very useful when you're looking for a chord to harmonize a melody note. 5) Chords which span 5 or more frets - ""stretchy forms."" All forms are moveable and can be applied to any key. This is not your typical ""chords-by-key"" chord book; it is much more comprehensive in scope. Complete instructions on how to

best use this book are included in the introduction.

Level 3 of Guitar Lessons in Real Time (G-Rea-T)

builds on the skills

learned in Levels 1 and 2 to bring the most exciting learning experience yet.

Created for guitar players who play both fingerstyle and flat picking (plectrum) styles, who have completed those first two parts of G-Rea-T, or who have similar knowledge and experience. It will help you to take 3 giant

leaps in your guitar playing ability. Leap 1 - You will master barring technique, that is using one finger to control more than one string. It is mostly associated with bar chords but is incredibly effective with single note playing too. Mastering barring is a true landmark in your guitar playing journey and with this book providing a series of exercises that build to give you the skills to play full 6-string guitar chords. You'll also learn slash and diminished chords AND get to know

the theory behind them that is so important to your music. Leap 2 - You are immersed in the fretboard itself. Here, you learn the full fretboard, so that you can remember where each note is, along with how to read and write them all. This gives you the tools to be the music creator you want to be, while a series of exercises and performance pieces cover the whole fretboard, building playing skills and progressing as a guitarist. Leap 3 - The course adds new

percussive sounds and slides (Glissandos) to give you new ways to express your feelings and vision. You will also learn to apply dynamics, articulations, hammer-ons and pull-offs to bar chords and create your personal interpretation of music. In addition to all of this,

Level 3 also includes practical guidance on improvisation and transposing music, while the theory section progresses to harmonized triads and four-part chords, allowing you to understand how they can be used to great effect in your own compositions. Backed up

with a range of audio and visual support content online at <https://guitarinrealtime.com>, Level 3 is a comprehensive course that will take your guitar playing and musical understanding to a whole new level. Are you ready to take the leap?
