### **A Guide to Out-of-Body Healing** Orbit

One of the pioneers in the areas of energy healing and shamanism recounts twelve stories of miraculous healings; twelve stories in which, through the use of shamanic energetic techniques, people experience extraordinary physical and emotional healings. Meet a dancer who could barely walk until a series of sessions with Villoldo, a business woman who is freed from

headaches and discovers the benefits of an integrated interior life, and a young woman who confronts her past and recovers from crippling depression. Each of these stories is rooted in Villoldo's experience as a healer, a traditional mental health professional, and a devotee of indigenous wisdom and lore from around the world. Having devoted 25 years of study to the healing practices of the Amazon and Andean shamans, Alberto Villoldo, PhD, is teaching people how to actually grow new bodies. By learning the ancient Shaman wisdoms from Alberto Villoldo, you can heal disease, eliminate emotional suffering and even grow new bodies that age and heal differently. The stories in this book are amazing and inspiring.

*The Woman in the Shaman's Body*

Bantam

Connecting with nature and nature beings to help heal us and the Earth • Provides experiential practices to communicate with nature and access the creative power of the Earth • Shares transformative wisdom teachings from conversations with nature beings, such as Snowy Owl, Snake, Blackberry, Mushroom, and Glacial Silt, exploring the role of each in bringing balance to the planet Nature and the Earth are conscious. They speak to us through our dreams, intuition, and deep longings. By opening our minds, hearts, and senses we can consciously awaken to the magic of the wild, the rhythms of nature, and the profound feminine wisdom of the Earth. We can connect with nature spirits

who have deep compassion and love for us, offering their guidance and support as we each make our journey through life. Renowned shamanic teachers Sandra Ingerman and Llyn Roberts explain how anyone can access the spirit of nature whether through animals, plants, trees, or insects, or through other nature beings such as Mist or Sand. They share transformative wisdom teachings from their own conversations with nature spirits, such as Snowy Owl, Snake, Blackberry, Mushroom, and Glacial Silt, revealing powerful lessons about the feminine qualities of nature and about the reader's role in the healing of the Earth. They provide a wealth of experiential practices that allow each of us to connect with the creative power of nature. Full of rich imagery, these

approaches can be used in a backyard, in the wilderness, in a city park, or even purely through imagination, allowing anyone to communicate with and seek guidance from nature beings no matter where you live. By communing and musing with nature, we learn how to speak to the spirit that lives in all things, bringing balance to us and the planet. By tapping into the feminine wisdom of the Earth, we evoke a deep sense of belonging with the natural world and cultivate our inner landscape, planting the seeds for harmony and a natural state of joy.

**Invoking Power, Presence and Purpose at the Core of Who You Are**

New World Library

Today our minds, our emotions, our relationships, and our bodies are out of

kilter. We know it, but we tend to ignore it until something brings us up short--a worrying diagnosis, a broken relationship, or simply an inability to function harmoniously in everyday life. When things are a little off, we read a self-help book. When they're really bad, we bring in oncologists to address cancer, neurologists to repair the brain, psychologists to help us understand our family of origin. But this fragmented approach to health is merely a stopgap. To truly heal, we need to return to the original recipe for wellness discovered by shamans millennia ago: One Spirit Medicine. Through One Spirit Medicine, the shamans found that they could grow a new body that allowed them to live in extraordinary health. They learned how to switch off the "death clock" inside

every cell, and turn on the "immortality" genes that reside in password-protected regions of our DNA. Cancer, dementia, and heart disease were rare. The shamans of old were truly masters of prevention. Drawing on more than 25 years of experience as a medical anthropologist--as well as his own journey back from the edge of death--acclaimed shamanic teacher Alberto Villoldo shows you how to detoxify the brain and gut with superfoods, use techniques for working with our luminous energy fields to heal your body, and follow the ancient path of the medicine wheel to shed disempowering stories from the past and pave the way for rebirth. Using the principles and practices in this book, you can feel better in a few days, begin to clear your

mind and heal your brain in a week, and in six weeks be on your way to a new body--one that heals rapidly, retains its youthful vitality, and keeps you connected to Spirit, to the earth, and to a renewed sense of purpose in your life. *The Heart of the Shaman* Harlequin A renowned psychotherapist's and scholar's significant and inspiring work on the relation of shamanism to both the psyche and society. Shows the relevance of shamanism to the modern world and how it can lead to a creative and affirmative relationship with life. *The Shaman's Doorway* is one of the most significant and inspiring works on the relation of shamanism to both the psyche and society. Drawing on his own experience as a psychotherapist and his understanding of primordial shamanic

traditions, Stephen Larsen shows the relevance of this path to the modern world and how it can lead to a creative and affirmative relationship with life. Defining the task of the shaman as one of bringing meaning and healing into life, and creating a sense of growing accord with the root of all being, Larsen clearly shows how the shaman, all too often perceived as belonging to the world's past, actually holds the key to our future.

### **SHAKING MEDICINE**

Hay House, Inc

A practical guide to understanding and enhancing the functionality of the human energy body • Shows how the energy body and its interactions are the principal determinant of all we see, feel,

think, or otherwise perceive • Details strategic skills to manage the infinite alternate realities available to the energy body Each of us inhabits an energy body whose interactions are the principal determinant of all we see, feel, think, or otherwise perceive. Even as modern science is establishing the uncertainty of physical matter, it is asserting the reality of our existence as interconnecting quantum energy fields. For over 5,000 years, shamans of the Toltec tradition have studied and worked with the energy body, learning to recognize and understand its structure and perceptual capacities as well as mapping it as an objective, measurable part of our anatomy. In *Awakening the Energy Body*, Kenneth Smith's thorough grounding in the Toltec tradition allows

him to bring forth an instructive overview for non-Toltec adherents of the latent possibilities available to the energy body and how to bring awareness and objective form to it. Using evidence from the emerging scientific discipline of bioenergetics, which studies the flow and exchange of energy, Smith shows that conscious awareness not only creates our reality but enhances the functionality of the human energy body, allowing it to navigate the myriad realities of our world. He offers a specific set of strategies to manage the energy body in ways that are beneficial to both material existence and spiritual development. He also discusses the ethical considerations of developing consciousness and how one can quicken personal evolution in

order to live a full and complete life, while revealing where the worlds of ancient tradition and modern science meet.

### **SPIRIT HACKING**

Llewellyn Worldwide

“This guy does next level stuff. I have worked with him and I have no idea how or why he is able to do some of the things I have witnessed. Science is just catching up with biohacking. It’s time to start studying spirit hacking and how

Shaman Durek can achieve the tangible results he achieves.” —Dave Asprey, author of the New York Times bestseller, *The Bulletproof Diet*, Silicon Valley investor and technology entrepreneur In *Spirit Hacking: Shamanic Keys to Reclaim Your Personal Power, Transform Yourself, and Light Up the World*, Shaman Durek, a sixth-generation shaman, shares life altering shamanic keys allowing you to tap into your personal power. Through new information you will banish fear and darkness from your life in favor of light, positivity, and strength. Shaman Durek’s bold and sometimes controversial wisdom shakes loose our assumptions about ourselves and the very world around us. He ultimately teaches us how to step fearlessly out of this Blackout

(the age of darkness we are currently experiencing) and access a place of fierce empowerment by use of tools and techniques of timeless Shamanic tradition. This transformation is both personal and collective; as individuals step out of darkness and begin to experience the light, we bring our loved ones and communities out of the shadows as well. Shaman Durek inherited a rich legacy of ancient wisdom and now shares this knowledge for a modern context. He advises everyone from celebrities like Gwyneth Paltrow and Nina Dobrev to innovative executives such as Bullet-Proof Coffee founder Dave Asprey. *Spirit Hacking* shatters readers’ complacency, giving them tools to navigate the tumultuous times in which we find ourselves. We will

emerge from this period happier, lighter, and more vibrant than ever before.

The Real-life Initiation of an Everyday Shaman St. Martin's Essentials

To learn to think like a shaman is to attune yourself to a magical spectrum of infinite possibilities, unseen truths, alternative realities, and spiritual support. When a shaman likes what's happening, they know how to make it better, and when they don't, they know how to change it. *The Shaman's Mind* is a book that teaches the reader how to align and transform their own mind into one that sees the world through the lens of the indigenous healers of old. Based on the Omega workshop by the same name.

Working with the Dreaming Body Hay House

In this extraordinary book, shamanic dream teacher Robert Moss shows us how to become shamans of our own souls and healers of our own lives. The greatest contribution of the ancient shamans to modern healing is the understanding that in the course of any life we are liable to suffer soul loss — the loss of parts of our vital energy and identity — and that in order to be whole and well, we must find the means of soul recovery. Moss teaches us that our dreams give us maps we can use to travel to the places where we can find and bring home our lost or stolen soul parts. He shows us how to recover our animal spirits and ride the windhorse of spirit to places of healing and adventure in the larger reality. We discover how we can heal ancestral wounds and open the

way for cultural soul recovery. You'll learn how to enter past lives, future lives, and the life experiences of parallel selves and how to bring back lessons and gifts. "It's not just about keeping soul in the body," Moss writes. "It's about growing soul, becoming more than we ever were before, embodying more of the Greater Self." With fierce joy, he incites us to take the creator's leap and bring something new into our world.

*The Eight Circuits of Creative Power*  
Turtleback Books

Anyone with a rudimentary knowledge of either Reiki or shamanism will learn how to heal people, places, and things, whether at hand or from a distance, in this useful guide. Presented by an expert in both traditions, the techniques of Reiki and the principles of shamanism are

explained in simple, concise terms, then brought together using real-life examples to show how Reiki can be practiced within the shamanic journey. Supported by mastery exercises, references to other books, and internet resources, both novices and experienced practitioners will expand their knowledge and ability to help subjects clear old energies and accelerate their "soul purpose."

### **AWAKENING TO THE DEEP WISDOM OF THE EARTH**

Macmillan

For generation after generation, Toltec shamans have passed down their wisdom through teaching stories. The purpose of these stories is to implant a seed of knowledge in the mind of the

listener, where it can ultimately sprout and blossom into a new and better way of life. In *The Wisdom of the Shamans: What the Ancient Masters Can Teach Us About Love and Life*, Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition and offers corresponding lessons that illustrate the larger ideas within each story. Ruiz begins by explaining that contrary to the stereotypical image of "witch doctor," the ancient shamans were men and women who fulfilled several roles within their communities: philosopher, spiritual guide, medical doctor, psychologist, and friend. According to Ruiz, their teachings are not primitive or reserved for a chosen few initiates but are instead a powerful series of lessons on love and

life that are available to us all. To that aim, he has included exercises, meditations, and shamanic rituals to help you experience the personal transformation these stories offer. The shamans taught that the truth you seek is inside of you. Let these stories, lessons, and tools be your guide to finding the innate wisdom that lives within.

Ballantine Books

Healers and visionaries, food-finders and rainmakers--as intermediaries between the physical and spirit worlds, shamans have served a vital role in indigenous cultures for more than 40,000 years. The timeless wisdom of the shaman also holds relevance for the challenges we face today. James Endredy explores shamanic paths from around the globe and discusses the tools, rituals, and beliefs that are common to most traditions. You'll discover how shamans are chosen and initiated, and how they establish a relationship with power animals, ancestors, and other inhabitants of the spirit realm. Along

with many stories from his own experiences, Endredy shares insights from other scholars in the field, including Mircea Eliade, Michael Harner, and Holger Kalweit, and from indigenous shamans throughout history. *Shamanism for Beginners* concludes with a thoughtful, empowering look at how shamanic practices can help restore balance and peace to our lives and the earth.

*Shamanic Wisdom for Invoking the Sacred in Everyday Life* Createspace Independent Publishing Platform  
'Shaman', meaning 'intermediary between spirit and the natural world', has become a much overused word in the West. It's not a job title one can give oneself, and in indigenous societies, a shaman is usually born to this role.

Ya'Acov Darling Khan is one of the few westerners who have been acknowledged as shamans by indigenous elders or teachers. After being hit by lightning, Ya'Acov took a 30-year journey into the heart of shamanism to seek his own healing, and to learn how he could serve others with the wisdom he acquired through his experiences. He has studied with indigenous teachers from the Arctic Circle to the USA and South America, and has taken part in ceremonies in such diverse locations as Welsh caves to the depths of the Amazon rainforest. Nowadays, Ya'Acov continues to study and regularly journeys to the Ecuadorean Amazon to work alongside the Achuar and Sápara people. For thousands of years, shamans helped the

people in their communities remain in balance with themselves, each other, the natural world and the spirit world. This beautifully written book is not only a powerfully honest, humorous and inspiring memoir, but a guidebook for those from many cultures and walks of life wishing to return to their indigenous roots, and be part of midwifing a more benign human presence here on Earth as part of a new dream.

**Stories and Practices of the Luminous Warrior** Simon and Schuster From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical

guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your

cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison

Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

A revolutionary call to reawaken our bodies and minds to powerful healing through ecstatic movement • Shows how

shaking medicine is one of the oldest healing modalities--practiced by Quakers, Shakers, Bushmen, Japanese, and others • Teaches readers how to shake for physical as well as spiritual therapeutic benefit Shaking Medicine reintroduces the oldest medicine on earth--the ecstatic shaking of the human body. Most people's worst fear is losing control--of their circumstances, of their emotions, and especially of their bodies. Yet in order to achieve the transcendent state necessary to experience deep healing, we must surrender control. Examining cultural traditions from around the world where shaking has been used as a form of healing--from the Shakers and Quakers of New England to the shaking medicine of Japan, India, the Caribbean, the Kalahari, and the Indian

Shakers of the Pacific Northwest-- Bradford Keeney shows how shaking can bring forth profound therapeutic benefits. Keeney investigates the full spectrum of the healing cycle that occurs when moving from ecstatic arousal to deep trance relaxation. He explains how the alternating movement produced while shaking brings all the body's energetic systems into balance. He includes practical exercises in how to shake for physical therapeutic benefit, and he shows how these techniques lead ultimately to the shaking medicine that both enables and enhances spiritual

attunement.
