Astrology is finally getting personal! From

the best-selling author of *The Secret Language of Birthdays* comes a revolution in charting your horoscope based on both the date and time of your birth that makes all other horoscope books irrelevant. With his "Personology" system, Gary Goldschneider has created a unique method which divides each of the twelve signs into five sub-types-such as Aquarius-Pisces Cusp, Pisces I, Pisces II, Pisces III, and Pisces-Aries Cusp-thereby sub-dividing the astrological year into 48 personology periods. The precision this allows is far beyond anything available in any other astrology book and provides a groundbreaking new way for readers to look not only at their own lives, but their interactions with those around them. The book comes packed with easy-to-follow charts covering the sun, eight different planets, and, unique to this book, the rapid fluctuations of the moon for every year from 1900 through 2025. The result is an unprecedented level of precision, as well as a beautifully illustrated volume destined to become the one and only book horoscope readers will treasure for the next twenty years.

Kate and Marylin were always the kind of best friends who lived on the same block for their entire lives, and who agreed on what kinds of boys were worth kissing and who should be invited to their sleepover. The kind of best friends who didn't need words to talk, but who always just knew. But lately Marylin has started to think that Kate can be a bit babyish. "Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller *The Light Between Us*. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and

engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design"--

Have you ever wondered what your cat is saying? Cats do not meow randomly, nor do they growl or hiss because they have nothing better to do. Cat sounds have a

purpose, and they can carry important messages, whether for us or other cats. Susanne Schötz is hard at work on breaking the cat code. She is a professor at Lund University in Sweden, where a long-standing research program is proving that cats do actually use vocal communication—with each other and with their human caretakers. Understanding the vocal strategies used in human-cat communication will have profound implications for how we communicate with our pets, and has the potential to improve the relationship between animals and humans within several fields, including animal therapy, veterinary medicine and animal sheltering. In *The Secret Language of Cats*, Schötz offers a crash course in the phonetic study of cat sounds. She introduces us to the full range of feline vocalizations and explains what they can mean in different situations, and she gives practical tips to help us understand our cats better.

**Get the Guy** Harlequin

THE ULTIMATE INTERPRETER OF GUY BEHAVIOR Why doesn't my man get me flowers? Easy - because flowers don't do anything cool. Will I scare him off if I call

him first? No way. Well, not unless he's actually terrified of his phone, in which case you likely have bigger problems. Why can't he just talk to me about our relationship? Yeah . . . and how come a gazelle never waits around to see if that lion is friendly? Men sometimes seem impossible to understand. But it turns out they're about as easy to read as coloring books - if you know what you're looking for. Manslations answers all these questions and more in this hilarious - and honest - guide to what men say, who they are, and why they behave the way they do. "When that guy told you - within thirty seconds of introducing himself at the bar - that he drives a hybrid because he cares about the environment, the manslation is that he was trying to work his way into

your bikini areas." Manslations reveals the golden rule that helps you figure out what never to worry about (and what to lose sleep over), plus the two key questions that will help unlock the meaning behind even the most confusing male actions. Capped off by a man-to-woman phrasebook, this is the only relationship guide you'll ever need.
