#### Principles of Operations Management

The unputdownable true crime financial thriller and instant #1 bestseller Wall Street sell-offs and stock market meltdowns aren't the worst that can happen... What if you're invested in a Ponzi Scheme? It can happen to you... Market volatility, financial upheaval, and economic uncertainty are the main catalysts for Ponzi scheme collapse—and financially ruined investors. Politics, global instability, trade wars and volatile stock markets can all be catalysts for a financial meltdown. When markets collapse, fraud, Ponzi schemes and other investment scams are exposed, but usually too late to get your money back. Are you and your money protected? Can you spot a Ponzi scheme? Most people don't know that they're caught in a fraudulent investment until it's too late. At best they lose their retirement funds, college funds, and nest eggs. At worst, they are financially ruined. You owe it to yourself and your family to learn how to spot and avoid Ponzi schemes and protect your money. Most of the 10 biggest Ponzi schemes collapsed during the Great Recession and financial crisis. Today's financial markets are even more volatile, with catalysts providing exactly the right conditions to trigger a Ponzi scheme collapse. Unwitting investors will be financially ruined and left holding the bag. The next massive Ponzi scheme collapse will surprise both veteran investors and financial experts alike, and will dwarf Bernard Madoff's massive \$50 billion fraud during the 2008 financial crisis. Will you be a victim of the greatest fraud of the 21st century, or will you be prepared? Don't fall prey to the next wolf of Wall Street. You will be surprised to learn you are probably already invested in one of these schemes, either directly or indirectly as part of your mutual fund, pension fund, hedge fund or other investments. Many innocent victims suffered financial ruin simply because they didn't spot the Ponzi scheme red flags and warning signs until it was too late. Knowledge is power, and by following a few simple steps you can protect yourself and your money. You'll also discover exactly how Bernard Madoff, Scott Rothstein, Tom Petters and others defrauded investors for years, and how they ultimately got caught. Get Anatomy of a Ponzi today so you can protect yourself and keep your investments safe! A #1 New York Times bestseller business book from investing expert and CPA Colleen Cross.
