This is a study of the history, lore, religion and magic of the Vanic branch of the Germanic way. Its contents will prove of extreme interest to those of the Wiccan path or modern witchcraft, for it is in the way of the Vanir, or Wanes, that their roots are to be found. From a manuscript originally titled "True Wicca."

Summer with Monika is an honest and touching portrait of a romance, charting the progress of a love affair from the delicious intimacy of the honeymoon, with the milk bottles turning to cheese on the doorstep, through the stage of quarrels, jealousy, recriminations and boredom, to the point where love is as nice as a cup of tea in bed. Re-issued for its 50th anniversary, Summer with Monika is a hidden gem of British love poetry featuring beautiful illustrations from Children's Laureate Chris Riddell. RIGHT WOMAN,

WRONG PLACE It's

hard to give peace a chance when the other side regards war as the necessary prelude to conquest, and a sneak attack as the best means to that end.

That's why the Kingdom of Manticore needs allies against the so-called "Republic" of Haven--and the planet Grayson is just the right strategic place to make a very good ally indeed. But Her Majesty's Foreign Office had overlooked a "minor cultural difference" when they chose Honor Harrington to carry the flag: women on the planet Grayson are without rank or rights;

Honor's very presence is an intolerable affront to every male on the planet. At first Honor doesn't take it personally; where she comes from gender discrimination is barely a historical memory, right up there in significance to fear of the left-handed. But in time such treatment as she receives from the Graysonites does become wearing, and Honor would withdraw if she could--but then Grayson's fratricidal sister planet attacks without warning and she must stay and prevail, not just for Honor's honor, but for her sovereign's, for--

Reveals Zecharia Sitchin's groundbreaking research into the code left behind by the creators of humanity. • Explains how the Anunnaki were not merely the mythical gods of the Sumerians, but rather the founders of human life on Earth. • Using Biblical and ancient Sumerian sources, explains how

to decode these messages our star ancestors left behind. Daring to challenge our long-held beliefs about the origins of man, Zecharia Sitchin suggests that humans are not the children of God, but rather the children of the Anunnaki, an ancient race from the planet Nibiru. His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world. The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth, humanity should instead look to the sky for answers. The Earth Chronicles deal with the history and

prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

A Wiccan Bible Alfred Music

The tears of Alexander shall flow, giving bread and freedom . . . 612 AD. Egypt, the jewel of the Roman Empire, seethes with unrest, as bread runs short and the Persians plot an invasion. In Alexandria, a city divided between Greeks and Egyptians by language, religion and far too few soldiers, the mummy of the Great Alexander, dead for nine hundred years, still has the

power to calm the mob - or inflame it . . . In this third novel of the series, Aelric of England has become the Lord Senator Alaric and the trusted Legate of the Emperor Heraclius. He's now in Alexandria, to send Egypt's harvest to Constantinople, and to force the unwilling Viceroy to give land to the peasants. But the city - with its factions and conspirators - thwarts him at every turn. And when an old enemy from Constantinople arrives, supposedly on a quest for a religious relic that could turn the course of the Persian war, he will have to use all his cunning, his charm and his talent for violence to survive. NB - This new edition contains sixty pages from the rejected first draft.

These were considered too shocking for a book already loaded with extreme and graphic violence. Praise for the Novels of Richard Blake 'Fascinating to read, very well written, an intriguing plot and I enjoyed it very much.' - Derek Jacobi, star of I Claudius and Gladiator 'Vivid characters, devious plotting and buckets of gore are enhanced by his unfamiliar choice of period.... Nasty, fun and educational.' - The Daily Telegraph 'He knows how to deliver a fast-paced story and his grasp of the period is impressively detailed.' - The Mail on Sunday 'A rollicking and raunchy read . . . Anyone who enjoys their history with large dollops of action, sex, intrigue and, above all, fun will absolutely love

this novel.' - Historical Novels 'It would be hard to over-praise this extraordinary series, a near-perfect blend of historical detail and atmosphere with the plot of a conspiracy thriller, vivid characters, high philosophy and vulgar comedy.' - The Morning Star Richard Blake is a pseudonym for Sean Gabb, who is an historian, writer and university lecturer. He lives in Kent with his wife and daughter.

The Seven Tablets of Creation SUNY Press 612 AD. No longer the glorious cradle of all art and science, Athens is a provincial city in one of the Byzantine Empire's more down at heel provinces. Why, then, has the Emperor diverted Aelric's ship home from Egypt to send him here? Why

has he included Priscus in the warrant? Surely, they have more important business in Constantinople. Isn't Aelric needed to save the Empire's finances, and Priscus to lead its armies against the Persians? Or has the Emperor decided to blame them for the bloodbath they presided over in Egypt? Or could it be that Aelric's latest job just to manage a council of Eastern and Western Bishops more inclined to kick each other to death than agree to a wildly controversial position on the Nature of Christ? Hard to say. Impossible to say. The only certainty is that Aelric finds himself in a derelict palace of dark and endless corridors and of rooms that Martin, his cowardly secretary, assures him

pulse with an ancient evil. Add to this a headless corpse, drained of its blood, a bizarre cult of the self-emasculated, embezzlement, a city rabble on the edge of revolution - and the approach of an army rumoured to contain twenty million starving barbarians. Is Aelric on a high level mission to save the Empire? Or has he been set up to fail? Or is the truth even worse than he can imagine? This fifth novel in the series blends historical fiction with gothic horror. Not surprisingly, Aelric may find even the vile Priscus a welcome ally. Or perhaps he won't.... If you loved *Gladiator* and *Spartacus*, you'll love the second book in the DEATH OF ROME SAGA. 610 AD. Invaded by Persians and barbarians, the Byzantine Empire is tearing itself apart in civil war. Phocas, the maniacally bloodthirsty Emperor, holds Constantinople by a reign of terror. The uninhabited provinces are turning one at a time to the usurper, Heraclius. Just as the battle for the Empire approaches its climax,

Aelric of England turns up in Constantinople. Blackmailed by the Papacy to leave off his career of lechery and market-rigging in Rome, he thinks his job is to gather texts for a semi-comprehensible dispute over the Nature of Christ. Only gradually does he realise he is a pawn in a much larger game.

In a world where Wicca is something one does as a solitary or with his or her coven, this book demonstrates how Wicca is something one experiences with kith and kin. It focuses on a modern context for pre-Christian fertility religions.

The Blood of Alexandria Hodder & Stoughton

"If there is one quote from this book which

deserves to be emblazoned on the opening pages of your Book of Shadows; above the door of your house (or temple); and in every mind it is this: 'Wicca is not a place to go, it is a journey to take.'"—Spiral Nature

For thousands of years, we have been told that God was a man. Then someone reminded us of when God was a woman. Now we have a reference for the sensible folk who have always felt that it takes two. If you have ever thought there was more to religion than ancient rituals performed for reasons unknown, this book will show you exactly what you have been looking for. If you have already come to the realization that Wicca is the religion for you, this book will help fill those

many blanks that have been left by other books. Author A.J. Drew makes no attempt to dictate religious dogma or routine. He is quick to point out that the title does not start with the word the. He illustrates the many issues a person's religion should address and shows how he has been able to find answers to those issues through the practice of a modern religion that was based on some of the oldest principles of the ancient world. A Wiccan Bible takes you through the journey of life in three stages: • Maiden and Master: Creation, Wiccaning, and Self-dedication. • Mother and Father: Initiation, Handfasting/Handparting, and the Wheel of the Year. • Crone and

Sage: Community, the world, and death. Mythology and science converge as the author details a life's journey into a religion with both old world ritual and new world science, fusing both into a creation myth which satisfies not only mind, but soul as well. A Wiccan Bible not only shows a religious path filled with joy, but one that offers the ability to accept and manage sorrow. It is filled with ritual and with the reasons why ritual is fulfilling, rewarding, and a necessary part of everyday life. As A.J. addresses each issue, he demonstrates not only how he found the solutions in Wicca, and the many ways in which science and magick have helped him to do so. A Wiccan Bible also contains

select recipes that the author has collected, including mixtures for incense, oils, and baths.

Continuing the work undertaken in Vol. 1 of the History of the Literary Cultures of East-Central Europe, Vol. 2 considers various topographic sites—multicultural cities, border areas, cross-cultural corridors, multiethnic regions—that cut across national boundaries, rendering them permeable to the flow of hybrid cultural messages. By focusing on the literary cultures of specific geographical locations, this volume intends to put into practice a new type of comparative study. Traditional

comparative literary studies establish transnational comparisons and contrasts, but thereby reconfirm, however inadvertently, the very national borders they play down. This volume inverts the expansive momentum of comparative studies towards ever-broader regional, European, and world literary histories. While the theater of this volume is still the literary culture of East-Central Europe, the contributors focus on pinpointed local traditions and geographic nodal points. Their histories of Riga, Plovdiv, Timișoara or Budapest, of Transylvania or the Danube corridor – to take a few examples – reveal how each of these sites was during

the last two-hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders. By foregrounding such non-national or hybrid traditions, this volume pleads for a diversification and pluralization of local and national histories. A genuine comparatist revival of literary history should involve the recognition that “treading on native grounds” means actually treading on grounds cultivated by diverse people.

Not many novels have
Margaret Thatcher as a

hero. Here is one of them. Margaret Thatcher, Ronald Reagan, Tory-Boy Satanists, insane anti-American scientists, an army of hungry Lizards-from-beyond-the-Void. Yes, it's the University of York in 1981 - though not as anyone now alive remembers it! Edward Parker is a right-wing hypochondriac with a weight problem. Falling asleep one night as an ageing and ever-so-slightly failed barrister, he wakes in his youthful body, back in those moderately golden days of yore. It's a dream. It's surely a dream. In great things and in little, everything seems at first exactly as it had been. Only it isn't. As the dream unfolds, and shows no appearance of ending, deviation

after deviation from the remembered past accumulate, and settle into the appearance of a coherent narrative. But where is this taking young Edward Parker? What is his old "friend" Michael Clarvin up to? Where have all his real friends gone? Who is "The Undertaker"? What horror lurks beneath the Temple of Isis being uncovered near the Main Library? Why is Professor Fairburn so desperate to lay hands on its power? What does he eat? And can Margaret Thatcher become all-powerful? If you were there, take this as the ultimate Walk Down Memory Lane. If you weren't, probably be grateful.... Praise for Other Novels by Sean Gabb, (writing as Richard Blake): "Fascinating to read,

(Historical Novels) "It would be hard to over-praise this extraordinary series, a near-perfect blend of historical detail and atmosphere with the

plot of a conspiracy thriller, vivid characters, high philosophy and vulgar comedy." (The Morning Star) Sean Gabb is an historian, broadcaster and university lecturer. His other novels, written under the pen-name "Richard Blake," have been translated into Spanish, Italian, Greek, Slovak, Hungarian, Chinese and Indonesian. He lives in Kent with his wife and daughter. **Soeur Monique** Asian Educational Services In the future, the world is at war. For the last decade, King Lazuli of the Eastern Empire has systematically taken over the world. No one knows much about him other than a series of impossible facts: he cannot die, he has not aged since the conflict began, and he wants to

rule the world. All Serenity Freeman has known is bloodshed. War has taken away her mother, her home, her safety. As the future emissary of the Western United Nations, the last autonomous region of the globe, she is responsible for forging alliances where she can. Surrender is on the horizon. The king can taste it; Serenity feels it deep within her bones. There is no other option. Now the two must come face to face. For Serenity, that means confronting the man who's taken everything from her. For the king, it means meeting the one woman he can't conquer. But when they meet, something happens. Cruelty finds redemption. Only in war, everything comes

with a price. Especially love.
