735 to 1. 735 = number of notches on
his belt. 1 = the notch he couldn't get.
Who is he? Dean Chase. He loves the

all, he loves the chase. But the one thing

he doesn't love is being tied down by a
woman. To him, once the chase is over,
it's time to pull up his boxers and move
on to the next target. That is until he
meets Blair Parker. Blair is unlike any of
the women under Dean's belt. She's
confident, mysterious, and sassy. In
Dean's world, she's the wicked curved
ball he couldn't figure out. She's the first
woman who always seems to be out of

reach no matter how hard he chases. So when it comes to Blair, Dean couldn't move on. Dean will need to change his ways in order to chase Blair down to make her the 736th notch on his belt. But will chasing after Blair become Dean's undoing and end his love of the chase once and for all?

Having survived teenage motherhood, her parents' tumultuous relationship, and a divorce of her own, Meghan's worst days seemed behind her. She was now pregnant with what she and her husband hoped would be their first daughter, the perfect way to round out their offspring of two sons. An ultrasound reveals that although it is indeed the girl

of their dreams, she has the terminal birth defect known as anencephaly. After resisting pressure to have an abortion, Meghan goes on to give birth to Evelyn Grace, and learns that everything she's been searching for is on the other side of letting go. About Anencephaly: About 1 in every 4,600 babies is born with anencephaly in the United States. There is no known cure or standard treatment. Almost all babies born with anencephaly will die shortly after birth. The causes of anencephaly among most infants are unknown, however getting enough folic acid before and during early pregnancy can help prevent neural tube defects, such as anencephaly. When the Blonde Bitch broke my heart

ten years ago, I had vowed two things. One: I would never waste my time on loving someone again. Two: I would never have anything to do with the Blonde Bitch again. When I met my 736th notch, I broke that first vow. The minute I saw Blair, the second our eyes met, the microsecond I tasted her in my mouth, I knew that was the one vow I had to break. But the second vow, that I would keep. That vow I had control over. That vow I would take to my grave. But I couldn't have been more wrong. Because Fate had other plans in mind. Fate was in on a cruel joke, and I was its target.

I grew up thinking I would always love her for the rest of my life. But I was proven wrong. Because the first time I made love to her turned out to be the first time I hated her. It became the first time she hurt me, and the first time I wanted nothing to do with her. Today, nine years after the day that broke us apart, we are both thirty and single, and fate decided to intervene. I finally discovered that the reasons behind her betrayal were far different from the ones I'd created years ago in my mind. Now I'm torn between my hatred over what she did and my undying love for the one

girl who I've held close to my heart for most of my life. But is the truth enough for me to forgive her?
