 College Physics Practice Problems With The college physics practice tests from Varsity Tutors' Learning Tools are a great start, because they provide you with real-world problems and ask you to make informed calculations. They can help you become more familiar with college physics topics so you can feel more confident in your abilities to master a college physics class, exam, or standardized test. College Physics Practice Tests - Varsity Tutors
 A brave but inadequate rugby player is being pushed backward by an opposing player who is

exerting a force of 800 N on him. The mass of the losing player plus equipment is 90.0 kg, and he is accelerating at 1.20 m/s^2 .
 (a) What is the force of friction between the losing player's feet and the grass?
