Clube de Autores

This classic work by the Russian philosopher and literary theorist Mikhail Bakhtin (1895-1975) examines popular humor and folk

culture in the Middle Ages and the Renaissance. One of the essential texts of a theorist who is rapidly becoming a major reference in contemporary thought, Rabelais and His World is essential reading for anyone interested in problems of language and text and in cultural interpretation.

In this groundbreaking book, veteran science correspondent Fred Pearce travels to more than thirty countries to examine the current state of crucial water sources. Deftly weaving together the complicated scientific, economic, and historic dimensions of the world water crisis, he provides our most complete portrait yet of this growing danger and its ramifications for us all. "A strong- and scary-case that a worldwide water shortage is the most fearful looming environmental crisis. With a drumbeat of facts both horrific (thousands of wells in India and Bangladesh are poisoned by fluoride and arsenic) and fascinating (it takes 20 tons of water to make one pound of coffee), the former New Scientist news editor documents a "kind of cataclysm" already affecting many of the world's great rivers." -Publishers Weekly, starred review "Oil we can replace. Water we can't-which is why this book is both so ominous and so important." -Bill McKibben, author of *The End of Nature*

From the bestselling author of *Doppler*, a wry and very funny look at the pitfalls of human existence ... and the charms of celebrity chef Nigella Lawson. Aspiring playwright Bror Telemann loves all things British. His wife, Nina, loves everything German. So a family holiday at the foot of the Alps, south of Munich — which Bror believes to be the birthplace of Nazism — is bound to cause tension. Especially when Bror spends the whole time virtually stalking (and constantly fantasizing about) his greatest obsession, British chef Nigella Lawson. Can Telemann continue to bear the pressure of his empty existence? Or will his long-suffering family be the first to snap?

A slave runs away from his master. A mutual friend steps in to mediate between the two of them. Can there be healing in such a scarred relationship? In the face of such a daunting breach, is reconciliation (not to what was, but to what God designed) even possible? This is the situation faced in the book of Philemon. From this short New Testament letter, pastor and author Dhati Lewis (*Among Wolves*) unpacks key principles that Paul applied to being an advocate in the midst of division. The divisions of our day don't look the same as Paul's, but the principles are timeless. In 2 Corinthians 5, God commissioned us to be his ambassadors and gave us the ministry of reconciliation. Whether we're engaging in issues of politics, ethnicity, or religious beliefs, our heart posture should be one of an advocate set on reconciliation. The problem is, too many of us approach difficult conversations with the heart of an aggravator. Aggravators sometimes look like they are pursuing good things, but their heart is not toward reconciliation. Any motive less than reconciliation falls short of the desires of God's heart. We need godly advocates in every sphere of life. This book will specifically apply these principles to issues of ethnic division. Are you willing to call any division caused by discrimination, prejudice, or racism a sin? Do you want to grow in your ability to navigate tense and emotional conversations about ethnic divisions? Are you ready to become an advocate?

O BOM HUMOR COMO REMÉDIO Neste livro faço uma grande veneração ao humor, creio que o bom humor auxilia nos bons e nos maus momentos, às vezes funcionando como antídoto aos nossos péssimos momentos. Faço um glossário, de A a Z, comentando sobre algumas palavras iniciadas com essas letras,

mas não me preocupando com um único estilo literário, o qual não é a ênfase desse livro. Comento sobre alguns acontecimentos interessantes que aconteceram em minha vida (o que eu comento, pode ser verdade ou um devaneio do meu cérebro), e apresento algumas anedotas que me foram contadas, relacionando o nome da pessoa quando eu tive a certeza do contador, algumas foram me enviadas via internet. Relaciono algumas anedotas tiradas de livros, sempre tendo o cuidado de referenciar o autor. Algumas anedotas eu tirei de um certo caderninho de bolso, no qual tenho relacionado mais de 240 anedotas, aquelas que realmente acho que são "10", eu não as tenho escritas totalmente, eu só coloco algumas palavras iniciais e/ou finais, somente para utilizar como uma chave da gaveta da mente e então a mesma aflora na memória. Este caderninho eu tenho comigo há mais de 20 anos. De modo algum eu pretendo esgotar o assunto nesse primeiro livro. Se a tua referência ou o teu nome não apareceu aqui, não fique triste, quem sabe no próximo.
