EN 1993-1-8: EUROCODE 3: DESIGN OF STEEL STRUCTURES - PART ...

Eurocode 3: Design of steel structures. BS EN 1993. What is included in Eurocode 3? The scope of BS EN 1993 is wider than most of the other design Eurocodes due to the diversity of steel structures. Therefore this Eurocode covers both bolted and welded joints, and the possible slenderness of

construction.
