Do you want to perfect your Vietnamese handwriting? Do you need a trustworthy resource to teach your small children

to trace and perfect the Vietnamese alphabet? Then this workbook is the perfect companion for your studies. In it, you'll find all the official Vietnamese consonants and vowels ready to be traced and learned. You'll also find 3 extra bonus: Do you want to learn to trace the letters F, J, W, and Z in the same style of the official Vietnamese letters? Then you're going to love this workbook! Each of these

letters is presented in the same style of the official letters, ready to be traced and learned. And there's more: You'll also find the alternative cursive styles of the uppercase letters A, M, N, Q, and V all according to the official Decision 31. This will allow you to write beautiful and more varied cursive words. Finally, the 2 included reference charts are designed to train your hand to write each of the

vowels with the tone diacritics. No letter will be challenging for you anymore. Your benefits: Clear large letters make it easy to recognize even the most detailed of the Vietnamese characters. Detailed stroke order instructions provide you with a strong foundation to build your skills. Dedicated "Trace and Learn" sections are designed to imprint proper stroke technique unto your

muscle memory. Light-gray guides are included to guarantee that your uppercase cursive letters are drawn with the perfect height - every time. Detailed pronunciation instructions will teach you some tricks to pronounce the more challenging Vietnamese letters. Font variations train your brain to recognize alternative character styles. As a bonus, for each

character, you'll find an extra 8.5 x 11 inches page fully dedicated to the handwriting practice of that letter in both the print and the cursive style, with and without guiding background light-gray letters. Feel free to photocopy these bonus pages as you wish to extend the lifetime value of your workbook. Special information: Like with all Lang Workbooks, this work is	also a labor of love. Let me tell you a bit more about: Calligraphy is the art of producing beautiful handwriting using a dip pen with a nib and ink to create thick and thin lines using varying degrees of pressure, all in a single stroke. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing

career in 1893 with the fashionably controversial Dodo, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of Dodo, with sequels to this novel, but the greatest success came relatively late in his career with The Mapp and Lucia series consisting of six novels and two short stories. The novels feature humorous incidents in

the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.
