*Avalon* Harper Collins  
Having encountered all imaginable adventures, Martin Wallace headed home to Injun Bayou on the Sabine River carrying \$6000 in gold. But if he'd known what lay ahead--especially the four women--then maybe he would have taken a different trail back to East Texas.  
Goddesses in

Everywoman Open Road + Grove/Atlantic  
The tens of thousands of universes have merged. The disintegration of Spiritual Force led to the momentous collapse of the great Cultivation World, a mighty era that had endured through millions of years of history. In the wake of the large-scale invasion of the Wilderness, the Avalon of Five Elements had

become the practitioners' last stand. After a thousand years, a lowly youth, who hailed from the Old Territory, toiled as a laborer for three years in the depths of the Wilderness. He then became an exception and obtained the opportunity to enter the Avalon Of Five Elements for further studies. Bearing beast-like fighting capabilities and driven by the desire to take control of his life, the youth strived for greater strength and power. Little did he know that he would set off a majestic upheaval.

## **THE TAO OF PSYCHOLOGY**

Penguin  
With the release of Disney's sequel to the Princess Diaries movie

in August, the princess phenomenon will be in full swing in 2004. Girls will be overjoyed with this hilarious addition to their favorite series, which involves seven minutes in heaven, citywide strikes, and Mia's mission to get asked to the senior prom.

### Trance-Portation

Harper Collins  
In this challenging and enlightening companion volume to the bestselling Goddesses in Everywoman, Jean Shinoda Bolen turns her attention to the powerful inner patterns--or archetypes--that shape men's personalities, careers, and personal relationships. Viewing these archetypes as the inner counterparts of the outer world of cultural stereotypes,

she demonstrates how men and women can gain an invaluable sense of wholeness and integration when what they do is consistent with who they are. Dr. Bolen introduces these patterns in the guise of eight archetypal gods, or personality types, with whom the reader will identify. From the authoritarian power-seeking gods (Zeus, Poseidon) to the gods of creativity (Apollo, Hephaestus) to the sensual Dionysus, Dr. Bolen shows men how to identify their ruling gods, how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes in order to enrich and strengthen their lives. She also stresses the importance of

understanding which gods you are attracted to and which are compatible with your expectations, uncovers the origins of the often-difficult father-son relationship, and explores society's deep conflict between nurturing behavior and the need to foster masculinity. In *Gods in Everyman* Dr. Bolen presents us with a compassionate and lucid male psychology that will help all men and women to better understand themselves and their relationships with their fathers, their sons, their brothers, and their lovers.

### **KILLIAN**

Mango Media Inc.  
Examines coincidental events that individuals find significant, but which cannot be rationally explained,

suggesting ways of using the resulting feelings of universal unity in Jungian therapies and Taoist introspection

Simon and Schuster  
A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. Psychoanalyst Jean Bolen's career soared in the early 1980s when *Goddesses in Everywoman* was published. Thousands

of women readers became fascinated with identifying their own inner goddesses and using these archetypes to guide themselves to greater self-esteem, creativity, and happiness. Bolen's radical idea was that just as women used to be unconscious of the powerful effects that cultural stereotypes had on them, they were also unconscious of powerful archetypal forces within them that influence what they do and how they feel, and which account for major differences among them. Bolen believes that an understanding of these inner patterns and their interrelationships offers reassuring, true-to-life alternatives that take women far beyond such restrictive dichotomies as

masculine/feminine, mother/lover, careerist/housewife. And she demonstrates in this book how understanding them can provide the key to self-knowledge and wholeness. Dr. Bolen introduced these patterns in the guise of seven archetypal goddesses, or personality types, with whom all women could identify, from the autonomous Artemis and the cool Athena to the nurturing Demeter and the creative Aphrodite, and explains how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes to become a better "heroine" in one's own life story.

Scarlet remembers. Everything. Her past lives, Tristan, Gabriel, Nate: she remembers it all--including how to get to the Fountain of Youth. But time is running out. Heather and Gabriel have been kidnapped by Raven, while the curse that has plagued Scarlet and Tristan for centuries has shifted, putting the star-crossed lovers in more danger than ever before. Water from the Fountain of Youth is the only thing that can save Scarlet and her loved ones. But the water comes at a price. With lives--and hearts--at stake, Scarlet leads her friends on a

dangerous journey to the Fountain of Youth. Where eternal life is possible, but death is certain.

*Gods in Everyman*

Nicolas-Hays, Inc.

What happened to the feminine power and face of God? Where did the "mother God" go? Through thousands of years of interpreting the Bible through the lens of language, changing societies and varying views of females and feminine qualities, the concept of God has become more and more male to the exclusion of God's female side of wisdom, mercy, grace, and nurture. If God is our creator and we are all made in his image, God must be both our father and our mother. Come along as we attempt to rediscover through a study of

history and language the truth and expand our understanding of the complete and perfect God. - After thousands of years of distortion, it is now time to look at both sides of God.

The ability to move

from the ordinary into

an altered state of

consciousness is one of

the most valuable skills

in both magic and

religion. From the

ceremonial magician to

the shaman, using trance work to explore inner realms is essential to the magical process of healing, transcendence, and wisdom desired throughout diverse occult and spiritual traditions. Trance-Portation offers a comprehensive and multi-spirited way to enter the inner realm. Blending the modern world with the ancient arts, Trance-Portation's first three chapters, *Travel Planning*, *Crossing the Threshold*, and *Getting Started*, offer preparatory suggestions including meditations and relaxations, breathing, warding, shifting gears, and returning. Drawing on examples from varied traditions, from Western Mystery to Native American,

Ancient Celtic to Eastern Mysticism, and peppered with folk lore and tales from popular science fiction stories, *Trance-Portation* explores spiritual journey work extensively, offering readers the chance to find their own ways into the inner realm, encounter their own guides and fellow travelers, and create divine relationships with the deities and gods and goddesses that they meet. *Merlin and the Discovery of Avalon in the New World* Crossing to Avalon Sacred cross-cultural images of the Goddess combined with myth and meditations are the perfect empowerment tool for all generations in this #MeToo Moment. Harper San Francisco

In the long-awaited return to Avalon by the beloved author of *The Mists of Avalon* and her collaborator, bestselling author Diana L. Paxson, Marion Zimmer Bradley fuses myth, magic and romance in a spectacular unfolding of one woman's role in the making of history and spirit...

[The Avalon Of Five Elements\(1\)](#) Harper Collins

This saga travels across oceans and continents to Iceland, Greenland, and North America during the time in history when Anglo-Saxons battled Vikings and the Norsemen discovered America. The marked contrasts between powerful royalty, landless peasants, Viking warriors and noble knights are

expertly brought to life in this gripping tale of the French prince named Rumon. Shipwrecked off the Cornish coast on his quest to find King Arthur's legendary Avalon, Rumon meets a lonely girl named Merewyn and their lives soon become intertwined. Rumon brings Merewyn to England, but once there he is so dazzled by Queen Alrida's beauty that it makes him a virtual prisoner to her will.

### **Gods in Everyman**

Harper

A fancy flight of lyrics specifies that Santa Catalina Island is "26 miles across the sea." But mapmakers put the distance at 19.7 miles from the closest island point, Doctor's Cove (near Arrow Point), to the closest

mainland locale, Point Fermin at San Pedro. Today boats and helicopters operating out of the Ports of Los Angeles, Long Beach, Newport Beach, and Dana Point transport musing songwriters and everyone else to Catalina for the song's much-promised "romance, romance, romance, romance," as well as fishing, sightseeing, and gainful employment. But the history of getting to and from the island's ports of Avalon and Two Harbors has been an epic across centuries of business and pleasure, involving a collective flotilla of side-wheelers, yachts, lumber schooners, steamships, water taxis, converted military vessels, crew boats, and today's fast and convenient jet

boats.
