If you hopefully aim to reach this expertise, click the BUY NOW button and start to strengthen your brain with CHESS!

*The Comprehensive Guide to Manage Secret Techniques to Dominate Your Opponent. Learn in 7 Days the Fundamental Strategies and Openings with Logical Moves* Simon and Schuster For over 100 years, the world's leading chess players and teachers have told their students to study the endgame. Now, for the first time, a revolutionary, richly instructive endgame book has been designed for players of all levels. This is the one and only endgame book you'll need as you move up the ladder from beginner to tournament player and master. Designed to "speak" to a player in a very personal way, Silman's book teaches the student everything he or she needs to know at his or her current rating level, and builds on that knowledge for each subsequent phase of the player's development. Starting at the beginner's level, all basic mates are clearly and painstakingly explained. After that, the critical building blocks that form the endgame foundation for all tournament hopefuls and experienced tournament competitors are explored in detail. Finally, advanced endgame secrets, based on concepts rather than memorization, are presented in a way that makes them easy to master. The basic keys to a well-rounded endgame education -- Opposition, the Lucena and Philidor Positions, Cat and Mouse, Trebuchet, Fox in the Chicken Coup, Triangulation, Building a Box, Square of a Pawn, Outflanking, the Principle of Two Weaknesses -- are vital. But equally important is creating a love of the endgame, which is addressed at the end of the book with a look at chess tactics, minor piece domination, and a discussion of the five greatest endgame players of all time -- all things that every fan of chess at every level can enjoy. If you have found the endgame to be a mystery, if you have found that your confidence plummets once you reach an endgame, if you have searched for an instructive endgame book that will turn your weakest link -- your endgame -- into your personal field of power, your search is over. The book is the key to a world of essential ideas, startling beauty, and stunning creativity.

### THE COMPLETE GUIDE TO BASICS, TACTICS AND STRATEGIES TO START PLAYING LIKE A GRANDMASTER AND WIN EVERY SINGLE GAME

The Book Public

The Truth About Chess From the outside, chess seems like a complicated and esoteric game that only a few people with special abilities can play. This is not true. In fact, chess is accessible and can be played by anyone with a brain, a pair of eyes, and imagination. The Ultimate Illustrated Guide for Beginners If you have never played the game of chess or are still discovering it, this book is for you. It is a basic and

comprehensive guide that will introduce you to the game and teach you everything you need to know, from the setup of a chess board to the delivery of checkmate. It is filled with advice for beginners, basic tactics, strategies, and diagrams to help you visualize every step of your progress. The Start of a Lifelong King's Hunt The objective of this book is not to make you a chess master. That is an accomplishment that takes decades of research, regular practice, and an enormous amount of talent. The goal here is for you to become a decent chess player. After reading this book, you will be able to play games with anyone, practice regularly, and sharpen your chess muscles until you reach a decent level of play. The more you play, the better you will get. But it all starts with the basics which you will acquire in this book. So don't hesitate. If you've always wanted to learn to play chess, now is the time. Just scroll up and grab your copy now!

*Openings, Strategies and Tactics for White and Black Chess* The Complete Guide to Chess - Master: Chess Tactics, Chess Openings, and Chess Strategies

A children's step-by-step visual guide to the rules, skills, and techniques of chess-by International Master and renowned chess tutor Michael Basman. From the history of chess and the aim of the game to essential tactics and taking it even farther in clubs, tournaments, and championships, Chess for Kids covers it all. Before explaining techniques, the ebook details each piece-pawns, bishops, the king, and more-to ensure kids have a comprehensive understanding before they begin to play. Chess board graphics illustrate different scenarios and support the text explanations so readers can visualize different moves and their potential outcomes as they go. Let Chess for Kids and International Master Michael Basman turn you into a champion chess player.

*The Complete Guide to Start Playing Chess, Know the Pieces and Learn the Best Strategies to Start Winning* Everyman Chess

Chess tactics explained in English: the website

www.chesstactics.org in book form. This volume is the first in a two-part set. The two books together contain over a thousand examples organized in unprecedented detail. Every position is

accompanied by a commentary describing a train of thought that leads to the solution; these books thus are the ideal learning tool for those who prefer explanations in words to long strings of notation. This first volume provides an introduction to tactics and explains forks and discovered attacks. (Book II covers pins and skewers, removal of the guard, and mating patterns.) A hardcover version is also available.

### HOW TO PLAY CHESS

Createspace Independent Publishing Platform

New and substantially expanded edition of a modern chess classic. By chance, in 2013 publisher New In Chess discovered a previously unnoticed and unpublished extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo (1932-2010). More than 250 fresh examples have been added, making this fourth edition 25%

BIGGER than its predecessors. For casual players and club players. Why is it that most amateur chess players love opening and middlegame tactics but hate endgames? Why do you usually look at only a couple of pages in any endgame theory book you see? Sit back, forget about theoretical endgames, and enjoy the entertainment of real life chess in Endgame Tactics! There is no substitute for hard work in getting better at chess, as a wise grandmaster once said. But you always work harder at something you enjoy. Make the first step towards improving your endgame play (and beating more opponents) by learning to love the endgame. Endgames are fun, and the examples from everyday practice in Endgame Tactics prove it. • New (4th) and 25% expanded edition of a best-selling modern classic • More than 1,300 Sparkling Tricks and Traps • WINNER of the ECF Book of the Year Award • WINNER of the ChessCafe Book of the Year Award • Makes regular players discover the fun in endgame
