In Search of a Lost Tribe of Israel

Routledge

The constant noise of contemporary life makes it easy to miss the most profound message the world has ever known: Jesus loves you. Innovative teachers Craig Gross and Jason Harper will separate the religious from the real as they show how this simple truth is worth our undivided attention. The authors

weave Jesus' narrative with their own stories of serving among the "least of these" in this inspiring summons to world-changing faith. Join them as they encounter shut-ins, drunks, inmates, porn stars, and others while striving to follow Christ in their daily lives. Christian and non-Christian readers alike will experience God's love and be challenged to take seriously the call of Jesus. Individuals, small groups, congregations, and church classes will find the companion DVD an indispensable resource for learning about the world-

changing love of Jesus through captivating stories and interviews. In these four films, viewers will meet face-to-face with some of the folks they encounter in the book *Jesus Loves You . . . This I Know*. Each film is three to five minutes long and is followed by questions for groups that wish to use the films as discussion starters. Also ideal for use in sermons.

In *When God Doesn't Fix It*, Laura helps readers understand that: We aren't the only ones whose lives have taken unexpected turns Even heroes of our faith experienced brokenness Despite our flaws and stories, God can use us in extraordinary ways God may not fix everything. Christian Congregational Music explores the role of congregational music in Christian religious experience, examining how musicians and worshippers perform, identify with and experience belief through musical praxis. Contributors from a broad range of fields, including music studies, theology, literature, and cultural anthropology, present interdisciplinary perspectives on a variety of congregational musical styles - from African American gospel music, to evangelical praise and worship music, to

Mennonite hymnody - within contemporary Europe and North America. In addressing the themes of performance, identity and experience, the volume explores several topics of interest to a broader humanities and social sciences readership, including the influence of globalization and mass mediation on congregational music style and performance; the use of congregational music to shape multifaceted identities; the role of mass mediated congregational music in shaping transnational communities; and the function of music in embodying and imparting religious belief and knowledge. In demonstrating the complex relationship between 'traditional' and 'contemporary' sounds and local and global identifications

within the practice of congregational music, the plurality of approaches represented in this book, as well as the range of musical repertoires explored, aims to serve as a model for future congregational music scholarship.

In *Centered Peace: How to Get it and Keep it*, a vivid portrayal of life's struggles is discussed like never before. This is spot-on for younger and older adults alike. Busyness, rampant fear, deep pain, and constant confusion are discussed. Nelson's memory of growing up, running around barefooted, and feeling carefree is overshadowed by activities from her childhood neighborhood. She is not phased by this, however, because she eventually learns that her constant feeling of not fitting in, losing her brother at a young age, and dealing with despondency, were seeds for her determination, courage, resilience, and inner peace. *Centered*

Peace: How to Get it and Keep it, includes fun exercises and simple strategies. The importance of righting relationships, recognizing your power, and using music to find and keep your peace is discussed. Nelson's message is simple but powerful.

Many scholars and church leaders believe that music and worship style are essential in stimulating diversity in congregations. Gerardo Marti draws on interviews with more than 170 congregational leaders and parishioners, as well as his experiences participating in worship services in a wide variety of Protestant, multiracial Southern Californian churches, to present this insightful study of the role of music in

creating congregational diversity. *Worship across the Racial Divide* offers a surprising conclusion: that there is no single style of worship or music that determines the likelihood of achieving a multiracial church. Far more important are the complex of practices of the worshipping community in the production and absorption of music. Multiracial churches successfully diversify by stimulating unobtrusive means of interracial and interethnic relations; in fact, preparation for music apart from worship gatherings proves to be just as important as its performance during services. Marti shows that aside from and even in spite of the varying beliefs of attendees and church leaders, diversity happens because music and worship create practical spaces where

cross-racial bonds are formed. This groundbreaking book sheds light on how race affects worship in multiracial churches. It will allow a new understanding of the dynamics of such churches, and provide crucial aid to church leaders for avoiding the pitfalls that inadvertently widen the racial divide.
