• Olympus is the home of the Greek gods, much like Amravati of the Hindu devas. • Zeus, leader of Olympians, wields a thunderbolt like Indra, and rides an eagle like Vishnu. • The feats of the

Greek hero Heracles, known to Romans as Hercules, reminded many of Krishna, as did his name, 'Hari-kula-asha' or lord of the Hari clan. • The Greek epic of a husband sailing across the sea with a thousand ships to bring his wife, Helen, back from Troy seems strikingly similar to the story of Ram rescuing Sita from Lanka. Is there a connection between Greek and Hindu mythology then? Does it have something to do with a common Indo-European root? Or maybe an exchange of ideas in the centuries that followed the arrival of Alexander the Great, when Greek emissaries travelled to the kingdoms of Mathura and Magadha? In this book, mythologist Devdutt Pattanaik turns his attention to ancient Greek tales, and explores a new world of stories. Long have Europeans

and Americans retold Indic mythologies. It is time for Indians to reverse the gaze.

### **PRIME TIME SOAP OPERAS ON INDIAN TELEVISION**

Leadstart Publishing Pvt Ltd

This book examines the phenomenon of prime time soap operas on Indian television. An anthropological insight into social issues and practices of contemporary India through the television, this volume analyzes the production of soaps within India's cultural fabric. It deconstructs themes and issues surrounding the "everyday" and the "middle class" through the fiction of the "popular". In its second edition, this still remains the only book to examine prime time soap operas on Indian television. Without in any way

changing the central arguments of the first edition, it adds an essential introductory chapter tracking the tectonic shifts in the Indian "mediascape" over the past decade - including how the explosion of regional language channels and an era of multiple screens have changed soap viewing forever. Meticulously researched and persuasively argued, the book traces how prime time soaps in India still grab the maximum eyeballs and remain the biggest earners for TV channels. The book will be of interest to students of anthropology and sociology, media and cultural studies, visual culture studies, gender and family studies, and also Asian studies in general. It is also an important resource for media producers, both in content production and television

channels, as well as for the general reader.

What do the TV shows we're watching tell us about ourselves? Television is the single most powerful and dynamic agent of change in India today. It is also the country's most popular and accessible form of entertainment. Remote Control examines three kinds of programming—24x7 news, soap operas and reality shows—that have changed Indian television forever, and analyzes how these three genres, while drawing on different sources, are hybridized, indigenized and manage to ultimately project a distinctively Indian identity. Shoma Munshi's book shows us how everyday reality in India in the twenty-first century shapes television; and how

television, in turn, shapes us.

The book *Living Life Loving Life* by Brigadier Chitranjan Sawant; VSM written in a racy language for the common man makes an interesting reading in leisure hours both in the library and at home. The essays therein on different topics of interest to both the literati and the glitterati are indeed a perennial source of casual information and lasting knowledge. Written in simple English; various essays on myriad topics kindle keen interest and an intense desire to continue reading the book irrespective of time of the day or night. When a prospective reader is tense; *Living Life Loving Life* relaxes him.

Essays on controversial subjects too are read and discussed among literary circles in a gentle manner without raising the blood pressure of men and women fond of making issues where none exists. *Living Life Loving Life* generates joy unbound. The book is equally enjoyable by both research scholars in the Vedic realm and casual readers in a public reading room.

Wishing you a happy reading.

An adman constantly strives to connect market research data to insight on a winning campaign. Ambi Parmeshwaran has developed a fascination for how Indians are getting more religious but also more consumption driven. Combining his thirty- year experience as

an adman with a lifelong passion for religious studies, Ambi seeks to answer questions like: • Why has the bindi disappeared from advertisements? • How did Akshaya Trithaya become such a big deal? • What makes Lord Shiva so cool? • How did a Chennai-based department store start the New Year's Sale phenomenon? • Are Muslims more open-minded shoppers? • Why do people who have no interest in using an MBA degree still get an MBA degree? • How did the Manusmriti do a disservice to Hindu women? • What can Harvard Business School learn from the Kumbh Mela? Ambi has filled this book with personal stories, anecdotes, lessons and excerpts from research and other publications. This book is a treat for anyone interested in how religion has

evolved and how clever marketers have ridden the wave by tailoring their products and services.

The Concept of Rudra-Śiva Through the Ages Hachette India Children's Books Amish Tripathi devoted years to the research of Hindu mythological stories and history, and discussions with his family about the destiny of the human body, mind and soul to create this sweeping and fascinating adaptation of ancient Hindu mythology for modern fantasy readers. 1900 BC in what modern Indians call the Indus Valley Civilization and the inhabitants called the land of Meluha: a near-perfect empire created many centuries earlier by Lord Ram--one of the greatest monarchs that ever lived--faces peril as its primary river, the Saraswati, is slowly

drying to extinction. The Suryavanshi rulers are challenged with devastating terrorist attacks from the east, the land of the Chandravanshis. To make matters worse, the Chandravanshis appear to have allied with the Nagas, an ostracized and sinister race of deformed humans with astonishing martial skills. The only hope for the Suryavanshis is an ancient legend: When evil reaches epic proportions, when all seems lost, a hero will emerge. Is the unexpected, rough-hewn Tibetan immigrant Shiva that hero? Drawn suddenly to his destiny, duty, and by love, Shiva will attempt to move mountains and lead the Suryavanshi to destroy evil.

"Farrago - A confusing mixture of many things. Now isn't life so nowadays? We are all spoilt by choices and hence live life in more or less one constant state of mind - Confusion. :) Farrago is a story about how an ordinary guy who finds happiness in the small things in life, traverses through it in the 21st century. Life glides Adi from Germany to India, to tease him with pretences, then kicks his butt to Afghanistan to make him see the

other side of life eventually helping him find his true calling back in India, to become that kind of person, which every young Indian aspires to become at some point in his/her life, yet eludes him of the one thing which he wants the most. Was everything predestined or was it him who made his own destiny? Will Lady Luck court him? Will he finally get what he desperately wants?"

This unique ethnographic investigation examines the role that fashion plays in

the production of the contemporary Indian luxury aesthetic. Tracking luxury Indian fashion from its production in village craft workshops via upmarket design studios to fashion soirées, Kuldova investigates the Indian luxury fashion market's dependence on the production of thousands of artisans all over India, revealing a complex system of hierarchies and exploitation. In recent years, contemporary Indian design has dismissed the influence of the West and has focused on the opulent heritage luxury of the maharajas, Gulf monarchies and the Mughal Empire. *Luxury Indian Fashion* argues that the desire for a luxury aesthetic has become a significant force in the attempt to define contemporary Indian society. From the cultivation of erotic capital in

businesswomen's dress to a discussion of masculinity and muscular neo-royals to staged designer funerals, *Luxury Indian Fashion* analyzes the production, consumption and aesthetics of luxury and power in India. *Luxury Indian Fashion* is essential reading for students of fashion history and theory, anthropology and visual culture.

The present book throws new light on the gradual development of the concept of Rudra-Siva in his animal, phallic and human forms, since the days of the Harappa Civilization. It examines how Siva, the composite Aryan-non-Aryan Divinity, was not only admitted but was ultimately crowned with an exalted

position in the Brahmanical pantheon; how the bull once identified with the deity, was regulated to the position of a vahana; how phallism was related to Saivism and also how Siva, in his different forms, was represented in early Indian Art and the Art of Further India. The wide range and depth of the author's research fills a vital gap in the subject and his treatment of the entire subject is unique. This methodical study on Siva also contains an exhaustive bibliography.
