This title was first published in 2000: The focus of this analysis is that of moral standards in public service, with special attention to the role(s) of officials. It presents discussion of some of the issues that seem to the contributors to be of pressing importance and that seem to have relevance for public service in the new millennium. It concentrates in particular on public officials, and the constraints imposed on them by the political environment in liberal democracies.

The Ghost Rider Routledge

The first historical heroic epic authored by a woman, Scanderbeide recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, Scanderbeide combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, Scanderbeide reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.

Northern Albania and Montenegro are the only regions in Europe to have retained a true tribal society up to the mid-twentieth century. This book provides the first scholarly investigation of this tribal society, a pioneer work that offers a detailed survey of all

the major Albanian-speaking tribes in Albania, Montenegro and Kosovo. Robert Elsie provides comprehensive material on the 69 different tribes, including data on their locations, religious affiliations, tribal structures and relations, population statistics, tribal folklore, legends and history. Also included are excerpts from the works of prominent nineteenth and early-twentieth century writers, such as Edith Durham and Johann Georg von Hahn, who travelled through the tribal regions, as well as short biographies on prominent figures linked to the tribes. As the first book of its kind, *The Tribes of Albania* will be of interest to scholars and students of the Balkans, of southeastern European anthropology, ethnography and history.

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doroutine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

"This book examines the relations between the Albanian communist regime and the Albanian Autocephalous Orthodox Church (AAOC) from 1945, when the communists came to power, to 1967, when Albania became the only atheistic state in the world, and religion of all kinds was completely suppressed. Based on extensive archival research, the book outlines Orthodox Church life under communism and considers the regime's

strategies to control, use, and subordinate the Church. It argues against a simple state oppression versus Church resistance scenario, showing that the situation was much more complex, with neither the regime nor the Church being monolithic entities. It shows how, despite the brutality and the constant pressure of the state, the Church successfully negotiated with the communist authorities and benefited from engaging with them, and how the communist authorities used the Church as a tool of foreign policy, especially to strengthen the regime's ties with their East European allies"--

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

A powerful political novel based on the sudden, mysterious death of the man who had been handpicked to succeed the hated Albanian dictator Enver Hoxha. Did he commit suicide or was he murdered? That is the burning question. The man who died by his own hand, or another+s, was Mehmet Shehu, the presumed heir to the ailing dictator, Enver Hoxha. So sure was the world that he was next in line, he was known as The Successor. And then, shortly before he was to assume power, he was found dead. THE SUCCESSOR is simultaneously a mystery novel, an historical

novel-based on actual events and buttressed by the author+s private conversations with the son of the real-life Mehmet Shehu- and a psychological novel (How do you live when nothing is sure?). Vintage Kadare, THE SUCCESSOR seamlessly blends dream and reality, legendary past, and contemporary history. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *GJIN PJETRI - LUFTËTAR I SHQUAR I RILINDJES KOMBËTARE* Routledge

A passionate, thought-provoking exploration of walking as a political and cultural activity, from the author of Orwell's *Roses Drawing* together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Il Corso di lingua albanese è caratterizzato da un approccio innovativo, vivace e dinamico all'apprendimento dell'albanese. Concepito in primo luogo come manuale destinato agli studenti universitari, può essere utilizzato con profitto anche da chi intende studiare da autodidatta. Il manuale nasce dall'esigenza di dotare l'insegnamento della lingua albanese in Italia di uno strumento solido e aggiornato e di colmare in tal modo una lacuna nel panorama della didattica delle lingue moderne. Tale esigenza è dettata soprattutto dall'intensificarsi, negli ultimi decenni, dei rapporti di ogni sorta tra i due popoli e dal conseguente aumento dell'interesse verso la lingua e la cultura albanese in Italia. Gli aspetti grammaticali sono presentati in modo chiaro ed esauriente, con esempi d'uso corrente e rubriche lessicali, in funzione del progressivo sviluppo degli automatismi

comunicativi fino a raggiungere una conoscenza intermedia della lingua. L'approccio didattico e i diversi esercizi (lettura, grammatica, ascolto, produzione orale e scritta) mirano allo

sviluppo delle competenze attive fin dalle prime lezioni. A fine volume sono presenti le soluzioni degli esercizi che consentono di valutare le competenze grammaticali e lessicali acquisite e un

glossario di riepilogo albaneseitaliano. Le tracce audio Mp3 che contengono la registrazione dei testi e degli esercizi sono scaricabili alla pagina www.hoepleditore.it/76840.
