How The Left of Bang is a
book for any professional
in the law enforcement,
security, or military fields.
It looks at six topics
dealing with human

behavior and breaks them down, taking the reader on a journey of situational awareness exploration, lending vocabulary to what many of us previously could only express with the phrase "gut feeling." "Left of Bang: How the Marine Corps' Combat Hunter Program ... The term Left of Bang refers to the attack timeline where Bang (in the middle) is the attack. Everything to the left of it is what precedes the attack, and what's on the right is what follows. Left of/before the attack is the

time for proactive prevention. Right of/after the attack begins is when reactive countermeasures take place.
