***** Look at what some
students had to say after
using our practice exams
***** "I just wanted to let
you know that I was
preparing for the CPC
exam and took a practice
exam and only made a

70%. I was somewhat
skeptical of purchasing
your strategies and
practice in fear it would
not help. Reluctantly, I
purchased your product (a
practice exam and the
strategies to pass) before
sitting for the CPC exam. I
received my results
yesterday. I MADE A 92! I
used all of the strategies
you recommended (time
management,
highlighting, etc), which
made all the difference in
the world. Thank you so
much!!!" - Heather T.
"This is very good... I used
your practice exam

bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers which helped me learn while I corrected the test. When I took the practice test, I set a timer for 5 hr 40 min. and was able to complete in 3 hours with a score of 89%." - Linda B, CPC. "I purchased your practice exam package and think it's great. Using your tips,

I completed all 150 questions in 297 minutes and scored an 84%." - Elizabeth H. "I am thrilled to report Greg that I passed my CPC Exam on December 12th!" - Kathleen C. "Your test was amazing, it help me out a lot." - Vickey L. "Well the practice test helped me pass my CPC exam. I got he good news last week!" - Erica J. "I wanted to thank you for the CPC practice exam. Thanks to the practice I was able to pass the CPC and CCA exams on the first take. Your exam really helped

me work on timing and the lab questions were especially helpful." - Mark T. "Woooohooooo, I passed! I also went for the Medical Administration certificate and passed that as well. Thanks for all your hints and practice exams to help me pass. Wow I am glad that's over. Thanks again!" - Deanna A. "I did purchase the practice exam from you before the new year and I passed my CPC. I found out literally new years eve! Thanks for the great exam!" - Sabrina. "I took the CPC exam Dec.

7. As a matter of fact, I did pass the CPC exam and your practice exam helped. Thanks! Go ahead and list my name in your Certified Coders section." - Lester B. "I have passed the CPC and thank you for all of your help with the preparation materials." - Victoria S.

When it comes to getting
a coding certification, the
American Association of

Professional Coder
(AAPC)'s Certified
Professional Coder (CPC)
exam is one of the most
well known. You'll need to
be highly prepared for a
test as intense and
extensive as the CPC
exam, which takes almost
six hours to complete. In
this section, we'll teach
you the basics of the
exam and provide you
with valuable study
techniques and test-
taking strategies. We'll
also go over each of the
24 sections that the CPC
exam focuses on,
meaning you'll know what

to expect when it comes
time to get certified. There
are many areas of study
that you must have a solid
understanding of in order
to successfully pass the
CPC. It is important not to
get overwhelmed once
you open the test booklet
-- just remember to focus
on coding conventions
and guidelines and don't
get sidetracked in the
minutia. The following list
is a mini breakdown of the
areas of study you should
ensure you have a
thorough understanding
of prior to sitting for the
exam: Medical

terminology:
Prefixes/suffixes used for naming medical conditions/procedures

Modifiers: Two-digit suffix appended to the end of a code to indicate additional services/providers/status

To help individuals prepare for the COC™ (formerly CPC-H®) examination, the AAPC has developed the COC™ Study Guide. In each

chapter of the study guide, pertinent outpatient/facility coding principles are followed by coding scenarios related to that chapter. The study guide is not an introduction to coding but a review of coding concepts.
