**GENDER ROLES AND THE POPULAR
PRESS**

Little, Brown
Now in its updated second edition, Full Frontal Feminism is a book that continues to embody the forward-looking messages that author Jessica Valenti propagated as founder of the popular website, Feministing.com. Full Frontal Feminism is a smart and relatable guide

to the issues that matter to today's young women. This edition includes a new foreword by Valenti, reflecting upon what's happened in the seven years since Full Frontal Feminism was originally published. With new openers from Valenti in every chapter, the book covers a range of topics, including pop culture, health, reproductive rights, violence, education, relationships, and more. Chapters include: You're a Hardcore Feminist. I Swear. Feminists Do It Better (and Other Sex Tips) Pop Culture Gone Wild The Blame (and Shame) Game If These Uterine Walls Could Talk Material World My Big Fat

Unnecessary Wedding and Other Dating Diseases “Real” Women Have Babies I Promise I Won’t Say “Herstory” Boys Do Cry Beauty Cult Sex and the City Voters, My Ass A Quick Academic Aside Get to It Since its original publication, *Full Frontal Feminism* has reassured readers—yeah, you're feminists, and that's actually pretty cool.

A Strange Stirring Cambridge University Press

The Feminine Mystique W. W. Norton & Company
Penguin

The first book-length investigation of colonial gender politics in Third Republic France, using Indochina as a case study, charts women's experiences and activities to reveal a transformation in French views of empire: from colonial life

as an exclusively male preserve to one where women's presence was seen as essential.

It Changed My Life Cambridge University Press

A landmark in feminist literature, *THE WOMEN'S ROOM* is a biting social commentary of a world gone silently haywire. Written in the 1970s but with profound resonance today, this is a modern allegory that offers piercing insight into the social norms accepted blindly and revered so completely.

'Today's "desperate housewives" eat your heart out! This is the original and still the best, a page-turner that makes you think. Essential reading' Kate Mosse
'They said this book would change lives - and it certainly changed mine' Jenni Murray
'Reading *THE WOMEN'S ROOM*

was an intense and wonderful experience. It is in my DNA' Kirsty Wark 'THE WOMEN'S ROOM took the lid off a seething mass of women's frustrations, resentments and furies; it was about the need to change things from top to bottom; it was a declaration of independence' OBSERVER

FEMINIST THEORY

Woodrow Wilson Center Press
First Published in 1997. A collection of contributions from feminist researchers who attended the annual Women's Studies Network WSN conference in June 1995. Emphasizing theory, practice and campaigning, chapters seek to address contemporary issues from different perspectives - theoretical, practical and strategic.

A MORE COMPREHENSIVE INTRODUCTION

Routledge

Argues for a move away from single-issue activism to an economic restructuring to benefit all groups

RESHAPING THE ECONOMY, STATE AND SOCIETY, 1957-1973

W. W. Norton & Company

Women at the Wheel shows how stereotypes of women as uninterested in automobiles and, more perniciously, as poor drivers, has little basis in historical reality. However, Katherine J. Parkin argues that in American culture women are still considered imposters when they are at the wheel.

Feminist Writings that Inspired a

Revolution & Still Can University of Pennsylvania Press

The *Feminine Mystique* (1963) is a powerful critique of women's roles in contemporary American society. Drawing on new scholarship in the social sciences, Betty Friedan attacked a wide range of institutions—among them women's magazines, women's colleges, and advertisers—for promoting a one-dimensional image of women as happy housewives. This image, Friedan suggested, created a “feminine mystique,” a belief that “fulfillment as a woman had only one definition for American women after 1949—the housewife-mother.” The book soon became a national best seller, with over a million copies sold. This Norton Critical Edition of Friedan's phenomenal book

traces its cultural and historical significance over its first fifty years. The text of *The Feminine Mystique* is accompanied by an introduction and is fully annotated. Friedan's book is the product of her early life as an activist, a student, and an intellectual while also drawing on her own experiences as a wife and mother. “Origins and Influences” includes writings that helped shape the author's ideas about women and society. These works are topically organized: “Childhood World,” “Intellectual Influences,” “Domesticity and 'Momism' during the Cold War,” “Popular-Front Feminism,” “The Power of the *Feminine Mystique* on Betty Friedan?,” and finally, “Female Labor Force Participation Trends in the Twentieth Century.” Among the authors

included are Robert S. and Helen Merrell Lynd, Friedrich Engels, Margaret Mead, Amram Scheinfeld, and Simone de Beauvoir. The 1960s was a time of great upheaval in America with sweeping changes throughout society including women's rights, civil rights, peace movements, environmental movements, student activism, and the sexual revolution. It was also a time when a large group of American Jewish intellectuals, including Friedan, made comparisons between American life and Nazi destruction. "The Turn of the Sixties: Political, Intellectual, and Cultural Ferment" provides readers with an understanding of The Feminine Mystique's contemporary context through relevant U.S. government documents and through the voices of,

among others, Eleanor Roosevelt, Reverend Martin Luther King Jr., Helen Gurley Brown, and Bruno Bettelheim. More impressive than even The Feminine Mystique's best-seller status and the debate it sparked in the national press is its broader cultural significance. Hundreds of women wrote to Friedan about how the book affected them personally. "Impact" includes a selection of these letters from the Betty Friedan Papers, along with feminist writings from the second (Pauli Murray, Robin Morgan, Bella Abzug) and third (Rebecca Walker, Naomi Wolf, Jennifer Baumgardner and Amy Richards) waves of feminism, and the backlash against the movement and The Feminine Mystique (Phyllis Schlafly). Analyses of Betty Friedan as a historian, the evolution of her ideas, and the

legacy of *The Feminine Mystique* on its fiftieth anniversary are also included. Selections from Friedan scholars such as Daniel Horowitz, Joanne Meyerowitz, Ruth Rosen, Stephanie Coontz and others are excerpted in the section on “Scholarship”. A Chronology of Betty Friedan's life and work and a Selected Bibliography are also included.

Trifles Oxford University Press, USA

A classic resource on feminist theory, *Feminist Thought* offers a clear, comprehensive, and incisive introduction to the major traditions of feminist theory, from liberal feminism, radical feminism, and Marxist and socialist feminism to care-focused feminism, psychoanalytic feminism, and ecofeminism. The fifth edition has been thoroughly revised, and now includes a

new chapter on Third Wave and Third Space Feminism. Also added to this edition are significantly expanded discussions on women of color feminisms, psychoanalytic and care feminisms, as well as new examinations of queer theory, LGBTQ and trans feminism. Learning tools like end-of-chapter discussion questions and the bibliography make *Feminist Thought* an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates.

Data Feminism *The Feminine Mystique* Feminist Theory and Pop Culture synthesizes feminist theory with modern portrayals of gender in media culture. This comprehensive and interdisciplinary text includes an introductory chapter

written by the editor as well as nine contributor chapters of original content. Included in the text: • Historical illustration of feminist theory • Application of feminist research methods for the study of gender • Feminist theoretical perspectives such as the male gaze, feminist standpoint theory, Black feminist thought, queer theory, masculinity theory, theories of feminist activism and postfeminism • Contributor chapters cover a range of topics from Western perspectives on Belly Dance classes to television shows such as GIRLS, Scandal and Orange is the New Black, as well as chapters which discuss gendered media forms like “chick lit”, comic books and Western perspectives of non-Western culture in film • Feminist theory as represented in the different

waves of feminism, including a discussion of a fourth wave • Pedagogical features • Suggestions for further reading on topics covered • Discussion questions for classroom use Feminist Theory and Pop Culture was designed for classroom use and has been written with an eye toward engaging students in discussion. The book’s polished perspective on feminist theory juxtaposes popular culture with theoretical perspectives which have served as a foundation for the study of gender. This interdisciplinary text can serve as a primary or supplemental reading in undergraduate or graduate courses which focus on gender, pop culture, feminist theory or media studies. “This excellent anthology grounds feminism as articulated through

four waves and features feminists responding to pop culture, while recognizing that popular culture has responded in complicated ways to feminisms. Contributors proffer lucid and engaging critiques of topics ranging from belly dancing through *Fifty Shades of Grey*, *Scandal* and *Orange is the New Black*. This book is a good read as well as an excellent text to enliven and inform in the classroom.” Dr. Jane Caputi Professor of Women, Gender and Sexuality Studies and Communication & Multimedia at Florida Atlantic University “Feminist Theory and Pop Culture is destined to be as popular as the culture it critiques. The text plays up the paradoxes of contemporary feminism and requires its readers to ask difficult questions about how and why the

popular bring us pleasure. It is a contemporary collection that captures this moment in feminist time with diverse analyses of women’s representations across an impressive swath of popular culture. *Feminist Theory and Pop Culture* is the kind of text that makes me want to redesign my pop culture course. Again.” Dr. Ebony A. Utley, Assistant Professor of Communication at California State University-Long Beach, author of *Rap and Religion* Adrienne Trier-Bieniek, Ph.D. is a professor of sociology at Valencia College in Orlando, Florida. She is the author of *Sing Us a Song, Piano Woman: Female Fans and the Music of Tori Amos* (Scarecrow 2013) and the co-editor of *Gender & Pop Culture: A Text-Reader* (Sense 2014).

A Young Woman's Guide to Why
Feminism Matters Springer
Published by OpenStax College, U.S.
History covers the breadth of the
chronological history of the United
States and also provides the necessary
depth to ensure the course is
manageable for instructors and students
alike. U.S. History is designed to meet
the scope and sequence requirements of
most courses. The authors introduce key
forces and major developments that
together form the American experience,
with particular attention paid to
considering issues of race, class and
gender. The text provides a balanced
approach to U.S. history, considering the
people, events and ideas that have
shaped the United States from both the

top down (politics, economics,
diplomacy) and bottom up (eyewitness
accounts, lived experience).

Understanding Feminism Taylor &
Francis

When Betty Friedan produced *The
Feminine Mystique* in 1963, she could
not have realized how the discovery and
debate of her contemporaries' general
malaise would shake up society. Victims
of a false belief system, these women
were following strict social convention by
loyally conforming to the pretty image of
the magazines, and found themselves
forced to seek meaning in their lives only
through a family and a home. Friedan's
controversial book about these women -
and every woman - would ultimately set
Second Wave feminism in motion and
begin the battle for equality. This

groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' New York Times 'Feminism began with the work of a single person: Friedan.' WOMEN'S LIBERATION!

Grand Central Publishing
Feminist Moments offers close readings

of key moments in the pivotal texts which have shaped the history of feminist thought, spanning literary and analytical sources.

A Memoir Ballantine Books

When *Feminist Theory: From Margin to Center* was first published in 1984, it was welcomed and praised by feminist thinkers who wanted a new vision. Even so, individual readers frequently found the theory "unsettling" or "provocative." Today, the blueprint for feminist movement presented in the book remains as provocative and relevant as ever. Written in hooks's characteristic direct style, *Feminist Theory* embodies the hope that feminists can find a common language to spread the word and create a mass, global feminist movement.

Writings on the Women's Movement

Routledge

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the *New Yorker* correspondent Rebecca Mead on the importance of Millett's work to

challenging the complacency that sidelines feminism.

A STORY OF ART, FEMALE FRIENDSHIP, AND LIBERATION IN THE 1960S

Culture and Politics in the Company "Understanding Feminism" provides an accessible guide to one of the most important and contested movements in progressive modern thought. Presenting feminism as a dynamic, multi-faceted and adaptive movement that has evolved in response to the changing practical and theoretical problems faced by women, the authors take a problem-oriented approach that maps the complex strands of feminist thinking in relation to women's struggles for equal recognition and rights, and freedom from

oppressive constraints of sex, self-expression and autonomy. Each chapter focuses on a different cluster of concerns, demonstrating key moves in second-wave feminist thought, as well as some of the diversity in response-strategies that encompass both socio-economic and cultural-symbolic concerns. This approach not only shows how central feminist insights, theories and strategies emerge and re-emerge across different contexts, but makes clear that far from being 'over', feminism remains a vital response to the diverse issues that women (and men) find pressing and socially important.

Le Deuxième Sexe Simon and Schuster
An examination of the development of Betty Friedan's feminist outlook.
Horowitz (American studies, Smith

College) looks at Friedan's life from her childhood in Peoria, Illinois through her wartime years at Smith College and Berkeley, to her decade-long career as a writer for two radical labor journals, the Federated Press and the United Electrical Workers' UE News. He argues that this history, combined with the fact that Friedan continued to work on behalf of many social causes after her marriage, contradicts Friedan's claim that her commitment to women's rights grew solely out of her experience as an alienated suburban housewife.

During and following World War II, women's magazines served as advice

manuals, fashion guides, marriage counselors, and catalogs. This thematically arranged collection of selections from Ladies' Home Journal, Woman's Home Companion, McCall's, Redbook, and others provides a resource for understanding how the popular press perceived and attempted to influence women's values, goals, and behavior in the postwar era.

The New Politics of Work and Family

W. W. Norton & Company

Marian has a problem. A willing member of the consumer society in which she lives, she suddenly finds herself identifying with the things being consumed. She can cope with her tidy-minded fiancé, Peter, who likes shooting

rabbits. She can cope with her job in market research, and the antics of her roommate. She can even cope with Duncan, a graduate student who seems to prefer laundromats to women. But not being able to eat is a different matter. Steak was the first to go. Then lamb, pork, and the rest. Next came her incapacity to face an egg. Vegetables were the final straw. But Marian has her reasons, and what happens next provides an unusual solution. Witty, subversive, hilarious, *The Edible Woman* is dazzling and utterly original. It is Margaret Atwood's brilliant first novel, and the book that introduced her as a consummate observer of the ironies and absurdities of modern life.
