FLOWERS FOR ALGERNON

Perfection Learning

Winner of both the Hugo and Nebula Awards, the powerful, classic story about a man who receives an operation that turns him into a genius...and introduces him to heartache. Charlie Gordon is about to embark upon an unprecedented journey. Born with an unusually low IQ, he has been chosen as the perfect subject for an experimental surgery that researchers hope will increase his intelligence—a procedure that has already been highly successful when tested on a lab mouse named Algernon. As the treatment takes effect, Charlie's intelligence expands until it surpasses that of the doctors who engineered his metamorphosis. The experiment appears to be a scientific breakthrough of paramount importance, until Algernon suddenly deteriorates. Will the same happen to Charlie?

The Well-trained Mind Scarecrow Press

A "deliciously dark and dangerous" novel of love and tragedy in post-WWII Virginia by the #1 New York Times–bestselling author of *A Reliable Wife* (O, The Oprah Magazine). It is the summer of 1948 when a handsome, charismatic stranger, Charlie Beale, recently back from the war in Europe, shows up in the town of Brownsburg, a sleepy village nestled in the Valley of Virginia. All he has with him are two suitcases: one contains his few possessions, including a fine set of butcher knives; the other is full of money. A lot of money. He's searching for a home. What he finds is love. And what happens then will haunt Brownsburg for generations. *Heading Out to Wonderful* is a "tale of doomed love [that] resonates like a folk ballad, with the language of the Blue Ridge Mountains and its people giving this novel its soul . . . Like any good ballad, the narrative builds slowly to its violent climax, packs an emotional punch, and then haunts readers with its quintessentially American refrain" (Publishers Weekly).

A TRUE STORY OF SERIAL MURDER

On The Mark Press

Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy over his body - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one. In *The Minds of Billy Milligan*, Daniel Keyes brings to light the most remarkable and harrowing case of multiple personality ever recorded. 'Fascinating' LA Times '[Keyes] has carried it off brilliantly, bringing not only a fine clarity but a special warmth and empathy' Washington Post
