"The Words and Music of Paul McCartney: The Solo Years" examines the large and varied oeuvre of this deeply personal artist, showing how McCartney's stint as a Beatle continues to inform his solo music, as well as how he has transcended his days as a member of the Fab Four. After a biographical introduction,

chronologically arranged chapters explore McCartney's music in the immediate aftermath of the breakup of the Beatles, his work with Wings during the 1970s, his collaborations with other artists during the 1980s, and his compositions of the 1990s, including his first forays into classical music. The examination also covers

McCartney's critically acclaimed work in the first decade of the 21st century, including "Memory Almost Full" and "Ecce Cor Meum," a composition written in the style of sacred English choral music. Throughout, the book supplies analytical insights and historical background to a repertoire that, surprisingly, has not previously been covered in detail.

Internationally acclaimed, knighted and immortalised in music's pantheon, Paul McCartney nevertheless remains one of the least fully appreciated of modern icons. Throughout his career, McCartney has initiated and participated in projects that have taken him very far away from the kind of music associated with his career in The Beatles, in Wings, and as a solo artist. From as far back as the 1960s there have been experimental solo projects, both under his own name and incognito. These include the legendary 'Carnival of Light' sixties freak-out, the Percy Thrillington diversion in the 70s, techno, ambient and chill-out releases as The Fireman, pure noise performance art as well as less-publicised activity, much of which Ian Peel now reveals in depth in print for the first time. What emerges is a unique, critical insight into an apparently over-familiar public figure - Paul McCartney, avant-garde musician. Undertaking extensive research for this book, Ian Peel interviewed many of McCartney's intimate musical associates from this less-familiar side of his career, including: Super Furry Animals - on their carrot chewing percussion and electronic sound collage collaborations. Youth - the three-times BRIT-nominated producer speaks in depth for the first time ever on his two albums of techno ambient and chill-out recorded with McCartney as The Fireman. Nitin Sawhney - on McCartney's first tentative steps into drum & bass, holed up in Sawhney's London bedsit. Richard Hewson - breaks a 20-year silence on the Thrillington project and pseudonym. David Vaughan - the renowned psychedelic artist and organiser of 60s 'happenings' airs his strong views on Carnival of Light, The Beatles' most legendary unreleased track. Other interviewees include Yoko Ono, bassist Herbie Flowers, Gong's Daevid Allen, Frank Zappa's guitarist Mike Keneally, JJ Jeczalik (Art of Noise) and members of Wings.

A History of Paul McCartney and Wings Henry Holt and Company

This book provides fresh insight into the creative practice developed by Paul McCartney over his extended career as a songwriter, record producer and performing musician. It frames its examination of McCartney's work through the lens of the systems model of creativity developed by Mihaly Csikszentmihalyi and combines this with the research work of Pierre Bourdieu. This systems approach is built around the basic structures of idiosyncratic agents, like McCartney himself, and the choices he has made as a creative individual. It also locates his work within social fields and cultural domains, all crucial aspects of the creative system that McCartney continues to be immersed in. Using this tripartite system, the book includes analysis of McCartney's creative collaborations with musicians, producers, artists and filmmakers and provides a critical analysis of the Romantic myth which forms a central tenet of popular music. This engaging work will have interdisciplinary appeal to students and scholars of the psychology of creativity, popular music, sociology and cultural studies.

A work of unparalleled candor and splendid beauty, *The Lyrics* celebrates the creative life and the musical genius of Paul McCartney through 154 of his most meaningful songs. From his early Liverpool days, through the historic decade of The Beatles, to Wings and his long solo career, *The Lyrics* pairs the definitive texts of 154 Paul McCartney songs with first-person commentaries on his life and music. Spanning two alphabetically arranged volumes, these commentaries reveal how the songs came to be and the people who inspired them: his devoted parents, Mary and Jim; his songwriting partner, John Lennon; his “Golden Earth Girl,” Linda Eastman; his wife, Nancy McCartney; and even Queen Elizabeth, among many others. Here are the origins of “Let It Be,” “Lovely Rita,” “Yesterday,” and “Mull of Kintyre,” as well as McCartney's literary influences, including Shakespeare, Lewis Carroll, and Alan Durband, his high-school English teacher. With images from McCartney's personal archives—handwritten texts, paintings, and photographs, hundreds previously unseen—*The Lyrics*, spanning sixty-four years, becomes the definitive literary and visual record of one of the greatest songwriters of all time.

‘Who gave the drugs to the Beatles? I didn't invent those things. I bought it from someone who got it from somebody. We never invented the stuff.’ – John Lennon *Riding So High* charts the Beatles' extraordinary odyssey from teenage drinking and pill-popping, to cannabis, LSD, the psychedelic Summer of Love and the darkness beyond. Drugs were central to the Beatles' story from the beginning. The acid, pills and powders helped form bonds, provided escape from the chaos of Beatlemania, and inspired colossal leaps in songwriting and recording. But they also led to break-ups, breakdowns, drug busts and prison. The only full-length study of the Beatles and drugs, *Riding So High* tells of getting stoned, kaleidoscope eyes, excess, loss and redemption, with a far-out cast including speeding Beatniks, a rogue dentist, a script-happy aristocratic doctor, corrupt police officers and Hollywood Vampires. ‘The deeper you go, the higher you fly...’

An illuminating look at the most tumultuous decade in the life of a rock icon—the only McCartney biography in decades based on firsthand interviews with the ex-Beatle himself. As the 1970s began, the Beatles ended, leaving Paul McCartney to face the new decade with only his wife Linda by his side. Holed up at his farmhouse in Scotland, he sank into a deep depression. To outsiders, McCartney seemed like a man adrift—intimidated by his own fame, paralyzed by the choices that lay before him, cut loose from his musical moorings. But what appeared to be the sad finale of a glorious career was just the start of a remarkable second act. The product of a long series of one-on-one interviews between McCartney and Scottish rock journalist Tom Doyle, *Man on the Run* chronicles Paul McCartney's decadelong effort to escape the shadow of his past, outrace his critics, and defy the expectations of his fans. From the bitter and painful breakup of the Beatles to the sobering wake-up call of John Lennon's murder, this is a deeply revealing look at a sometimes frightening, often exhilarating period in the life of the world's most famous rock star. Sensing that he had nowhere to go but up, Paul McCartney

started over from scratch. With emotional—and musical—backing from Linda, he released eccentric solo albums and embarked on a nomadic hippie lifestyle. He formed a new band, Wings, which first took flight on a ramshackle tour of British university towns and eventually returned Paul to the summit of arena rock superstardom. In *Man on the Run*, Doyle follows McCartney inside the recording sessions for Wings' classic album *Band on the Run*—and provides context for some of the baffling misfires in his discography. Doyle tracks the dizzying highs and exasperating lows of a life lived in the public spotlight: the richly excessive world tours, the Japanese drug bust that nearly ended McCartney's career, his bitter public feuds with his erstwhile Beatle bandmates, and the aftermath of an infamous drug-and-alcohol-fueled jam session where McCartney helped reconcile the estranged John Lennon and Yoko Ono. For Paul McCartney, the 1970s were a wild ride with some dark turns. Set against the backdrop of a turbulent decade, *Man on the Run* casts the “sunny Beatle” in an entirely new light. Praise for *Man on the Run* ““Tom Doyle's detailed chronicle, which includes rare interviews with McCartney and former Wings members, portrays a band that was far more contentious than eager-to-please hits like 1976's ‘Let ‘Em In’ had us believe, fronted by a legend who wanted to be both boss and buddy. The book is larded with tales of Seventies rock-star excess, Paul and Linda's love of weed, docked paychecks, and grousing musicians.”—Rolling Stone “Well-researched but still breezy and engaging, the book offers a comprehensive tour of the shaggy, bleary-eyed decade when the hardest-working ex-Beatle reached the zenith of his creative and commercial success. . . . *Man on the Run* makes an excellent contribution to the burgeoning literature devoted to McCartney's post-Beatles career.”—The Boston Globe “In the 1970s, a depressed, heavy-drinking Paul McCartney walked away from The Beatles and reinvented himself as the leader of another hitmaking rock ‘n’ roll band. A new book by longtime Q magazine contributing editor Tom Doyle about that turbulent period in the legendary rock star's life, *Man on the Run*, catches him in mid-flight.”—Billboard

He is one of the most famous, most wealthy people on the planet, and yet he remains little-known and understood as a personality. At long last, Paul McCartney is the subject of a major, deeply researched, psychologically acute biography. It tells a story that will illuminate and surprise. The publication finds McCartney - who turns 70 in 2012 - revitalized as a performer (touring with a set of mostly Beatles songs) and a man buffeted by profound changes in recent years: the death of his first wife, Linda; the death of George Harrison; a second marriage, to Heather Mills, and its spectacular failure, the fall-out from which is still crashing around him.
