38 years in anyones life is a very long period. I was privileged to be associated this long with the marvellous service known as the Indian Air Force. Although retired more than 24 years ago, I often forget that I am no longer in the service. In my dreams, I still see myself worrying about some unfinished tasks of the Squadron. On several occasions, I dream as if I am packing household items hurriedly to proceed on some imaginary

transfer. After waking up, I realise it was only a dream; but the sweetness of those moments keep lingering on my mind for rest of the day. Psychologists might name this condition as an obsession, and I wouldnt differ with them. Dreaming at night and recollecting past events during the day ultimately nudged me on to make the anecdotal record in the form of a book, which is now in your hands. Most of the Autobiographies are written by Top Ranking people with Top

view of the organization they command. This book is however different that it is written by a person holding lower position and viewed from the bottom echelon of the organization. All the characters in the book are absolutely real, with their correct names and locations. However, in a couple of places, the names are changed to avoid controversy. The change of name is clearly indicated wherever it occurs. There is no malice, and no intention to hurt anyones feelings.

Still, if anyone feels hurt, please accept my apologies in advance.
