*Russian Stage One Live From Russia Volume 2 The Russian American Collaborative Series Russian Stage One*

OMB No. 5087213895661 edited by

## MOONEY ASHLEY

*Biography of a Russian Yogi* Createspace Independent Publishing Platform Epic historical novel by Leo Tolstoy, originally published as *Voyna i mir* in 1865-69. This panoramic study of early 19th-century Russian society, noted for its mastery of realistic detail and variety of psychological analysis, is generally regarded as one of the world's greatest novels. *War and Peace* is primarily concerned with the histories of five aristocratic families--particularly the Bezukhovs, the Bolkonskys, and the Rostovs--the members of which are portrayed against a vivid background of Russian social life during the war against Napoleon (1805-14). The theme of war, however, is subordinate to the story of family existence, which involves Tolstoy's optimistic belief in the life-asserting

pattern of human existence. The novel also sets forth a theory of history, concluding that there is a minimum of free choice; all is ruled by an inexorable historical determinism. Includes unique illustrations.

**No Place Left to Go But Up** Createspace Independent Publishing Platform Traditional beliefs about meeting goals are fundamentally flawed. Goal setting tactics assume goals are measurable, achieved, and final-all attributes that describe objectives, not goals. Unlike objectives, which are by their very nature self-contained, goals are immeasurable. A goal is realized, not achieved, and must be maintained to remain successful. What good is the goal of losing weight if you don't keep the weight off? Losing twenty pounds is an objective. Keeping that twenty pounds from returning is a goal, which must be maintained to remain a success. In *Three Your Life*, entrepreneur and accidental expatriate David R. Sanders applies this important distinction between goals and objectives. Beginning

with attitude, outlook, and perception, Sanders builds a solid foundation on which to effect major life changes. Learn to differentiate between needs, wants, and desires-and discover how focusing on desires causes everything else to fall into place. To realize desires, Sanders reevaluates conventional thinking on prioritizing tasks, using a three-part daily structure that ensures you're working toward a productive and fulfilling life. A fresh new approach to goal setting, *Three Your Life* offers the opportunity to realize your goals, achieve your objectives, and understand the difference between the two.

*Broken* Russian Stage One--Live from Moscow!

Bella is a lucky girl - she has a good job, an unbreakable circle of friends, and a fiance better than her wildest dreams. So, why does she want to ruin the best thing that ever happened to her by letting someone from her past meddle in her life? Mike is consumed with the need to marry Bella and make her his as soon as

possible. There is nothing he wouldn't do for the woman he loves, but letting her go is the one thing he'd rather avoid. Their love was fast, and their relationship was built over the miles. But does that mean that their future wasn't meant to be? When lies surface, and trust is shaken, will they choose each other? Or will someone else capture their happily ever after?

### **RUSSIA AGAINST THE WEST AND WITH THE REST**

Georgetown University Press

"The 2009 edition of 'Russian Stage One: Live from Russia!' reflects the continuing rapid changes that have occurred in day-to-day Russian life and culture over the past decade. The authors' primary goal in producing 'Live from Russia!' was to ensure that language and cultural information presented in the book are completely up to date, not only post-Soviet, but clearly reflective of the norms of the Putin/Medvedev era. This led the authors and ACTR to the decision to undertake a complete remake of the familiar soap opera story, which serves as the thematic base of the text. The time of the new version of the story is 2009, and much in the lives of the characters, as well as in the city of Moscow and around Russia, has changed in comparison to the initial shooting of 'Live' in 1996. Cell phones and text-messaging are a regular part of Russian life in 2009; the tempo of Russian business life has evolved considerably. The depiction of the regions and cultural diversity of Russia represents another significant change in the new version of 'Live from Russia!', including the change in title."--from the Preface.

Kendall/Hunt Publishing Company  
NEW YORK TIMES BESTSELLER Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to

expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, Permanent Record is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, Permanent Record is a crucial memoir of our digital age and destined to be a classic.

"Charting the transformation of Vladimir Putin from a passionate fan of the West and a liberal reformer into a hurt and introverted outcast, *All the Kremlin's Men* is a historical detective story, full of intrigue and conspiracy. This is the story of the political battles that have taken place in the court of Vladimir Putin since his rise to power, and a chronicle of friendship and hatred between the Russian leader and his foreign partners and opponents..."--

Over the past century, our species has made unprecedented technological innovations with which we have sought to control nature. From river levees to enormous one-crop fields, we continue to try to reshape nature for our purposes - so much so it seems we may be in danger of destroying it. In *A Natural History of the Future*, biologist Rob Dunn argues that nothing could be further from the truth: rather than asking whether nature will

survive us, better to ask whether we will survive nature. Despite our best - or worst - efforts to control the biological world, life has its own rules, and no amount of human tampering can rewrite them. Elucidating several fundamental laws of ecology, evolution, and biogeography, Dunn shows why life cannot be stopped. We sequester our crops on monocultured fields, only to find new life emerging to attack them. We dump toxic waste only to find microbes to colonize it. And even in the London Tube, we have seen a new species of mosquito emerge to take advantage of an apparently inhospitable habitat. Life will not be repressed by our best-laid plans. Instead, Dunn shows us a vision of the biological future and the challenges the next generations could face. *A Natural History of the Future* sets a new standard for understanding the diversity of life and our future as a species.

Book 2 in the Full Moon series Declan Hall has got everything covered this time around. He is going to make sure that being Alpha is easy; with or without help from anyone. No one's going to tell this guy how to handle anything; not Gabriel, or anybody else, for that matter. This time he is in charge. No arguments, ifs or buts. That's certain! That is until... he meets a woman werewolf who wants to have her own way. Headstrong about absolutely, positively everything. She's the alpha type and she leads by full coercion. A no-holds-barred kind of feminine... a persuasive, narcissistic force to be reckoned with. Declan definitely did not see her coming. So, why isn't Noelle talking to him? Everything was sweet as... before. Relationships should never be this damn hard. Werewolves are pack animals, aren't

they? Let's go hunting... it's anyone's game...

You've finally reached the pivotal moment in your life to get clean and sober. I welcome you to join me as I share my quest for addiction recovery and sobriety. This book is hopeful and encouraging. It is a must read for the fellow addict that deserves a new chapter in life. I wrote this book with the burning desire and a passion for reaching out to fellow addicts as a resource for them to possibly utilize some of my experiences and methods for recovery and relapse prevention. The book encompasses my life journey from my early teen years into adulthood as an addict, which details some of the painful aspects that encouraged me to turn to substance abuse as a coping mechanism. This book also alludes to my experience with the recovery process which I share many of the self-researched and time-tested techniques that helped me cultivate my successful rehabilitation process. Addiction exerts a long and powerful influence on the brain that manifests in three distinct ways: craving for the object of addiction, loss of control over its use, and continuing involvement with it despite adverse consequences. While overcoming addiction is possible, the process is often long, slow, and complicated. The word "addiction" is derived from a Latin term for "enslaved by" or "bound to." Anyone who has struggled to overcome an addiction - or has tried to help someone else to do so - understands why, and ultimately, we can understand that addiction is a "dis-ease". From my experience, addiction is also a disease of isolation. The question of whether addiction is a disease or not has perplexed clinicians and scholars and researchers for decades. At one point, addiction was easily called the disease. At other points in time, there was considerable debate about how to classify these phenomena. I think it's best to talk about the disease of addiction. The word

"addiction" is derived from a Latin term for "enslaved by" or "bound to." Anyone who has struggled to overcome an addiction - or has tried to help someone else to do so - understands why, and ultimately, we can understand that addiction is a "dis-ease". From my experience, addiction is also a disease of isolation. The question of whether addiction is a disease or not has perplexed clinicians and scholars and researchers for decades. At one point, addiction was easily called the disease. At other points in time, there was considerable debate about how to classify these phenomena. I think it's best to talk about the disease of addiction. My story is like so many others who chose to foolishly abuse alcohol and drugs...most of us were unaware that we had these addictions that are conveniently labeled as a "disease." However, the fact is that each one of us is a unique individual with our own story to tell. Usually, the suffering alcoholic/ addict hits a point called "rock bottom" in their lives where they choose to get better or turn for the worse. When this happens, life-changing events usually transpire to test the person's character and integrity. Hitting "rock bottom" was my personal alarm clock for realizing I had a serious substance abuse problem. There was a defining moment in my life that turned a page, sending me in a new direction. Making the transition from being actively addicted to being in recovery is a complex physical and psychological process. There is a lot to learn in recovery and we have to make a lot of changes internally and externally. Writing this book has given me a wholesome and hopeful perspective on life and the world we live in. I find that I spend more time embraced in bold prayer and meditation which grants me the influence to believe in miracles for others. I trust that there are great people in this world that contribute to making a significant difference, consequently making the world a better place for all of us to live in. Composing this book was my contribution to 'pay it forward' in a positive way. I am honored.

**Three Sisters** Vintage

This is not an ordinary biography. It is as much an inner story as an outer one. And someone who has an inner life as rich as Yogi does, naturally provides teachings through the telling of the outer biography. Yogi has dedicated his life to a deep and enthusiastic pursuit of the ancient path of Yoga and Tantra. Unlike many Western interpretations that trivialise these topics, Yogi presents a profound and illuminating journey through this mystical terrain. Yogi Matsyendranath is the Western world's spiritual leader of the Nath Yoga tradition.

Born in Bryansk in the USSR, he graduated from Youngdong University in South Korea and trained in Shri Vidya and Shakta Tantra of Nepal. As well as the Nath tradition, he is an expert in Tantric Puja and Hatha Yoga practice. Author Keith Simons embarked on a personal and interpersonal journey with Yogi in a collaborative creative process. He asked, how did someone born and raised in communist Soviet Union become a leader of Nath Yoga, one of India's oldest spiritual traditions? How did Yogi Matsyendranath become a resident in Australia? After-all, growing up in the atheistic environment of the Soviet Union wasn't exactly conducive to a deep interest and practice of any spiritual path. And Australia is a long way from Russia. I soon began to realise how unusual Yogi's life story was. Interspersed between his life in Russia and becoming a resident of Australia, there were years in other countries, mainly India and South Korea. Yogi is not only an authentic spiritual teacher but also a cosmopolitan citizen in the truest sense. The impressive authenticity and gentle kindness of his character embedded themselves into my daily rhythms of working with him. He was always natural, easygoing and relaxed about how and when we would next meet and so we met as many times as felt necessary to capture the main features of his life story and teachings. I'd never before worked on a draft in this way. There were many challenges in crafting a story in the first person, but on the other hand, the natural empathy I experienced with Yogi helped me to forge ahead with confidence. His aura of fine spiritual qualities never diminished. He was consistently conveying and manifesting authenticity, integrity, wisdom and compassion, and often a delightful childlike humour. His words were penetrating in their simplicity but he could also share difficult and subtle areas of teaching. Such an uprightness and noble persona did Yogi emanate that others often felt in awe of him. His presence naturally and without intention drew attention. This book is dedicated to the spirit of open-minded spiritual research and practice. It is also an example of following one's heart. It is one person's story but in many ways our story too, ordinary and extraordinary at the same time.

*An Application for Maine's Governorship* 2018 Crossroad Press

We all now live in a paranoid and polarized world of Putin's making, and the Russian leader, through guile and disruption, has resurrected Russia's status as a force to be reckoned with. From renowned foreign

policy expert Angela Stent comes a must-read dissection of present-day Russian motives on the global stage. How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively? Is it because Putin is a brilliant strategist? Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower? **PUTIN'S WORLD** examines the country's turbulent past, how it has influenced Putin, the Russians' understanding of their position on the global stage and their future ambitions --

and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed. This book looks at Russia's key relationships -- its downward spiral with the United States, Europe, and NATO; its ties to China, Japan, the Middle East; and with its neighbors, particularly the fraught relationship with Ukraine. **PUTIN'S WORLD** will help Americans understand how and why the post-Cold War era has given way to a new, more dangerous world, one in which Russia poses a challenge to the United States in every corner of the globe

-- and one in which Russia has become a toxic and divisive subject in US politics.

### **A GENTLEMAN IN MOSCOW**
