Art Evans was a sports car racer in the 1950s on the West Coast who raced against, and became close friends with, Carroll Shelby. Their intense competition on the track became a lifelong friendship off the track. He and Shelby collaborated on many business projects over the years, including books, marketing projects, projects for the Shelby Foundation, and so on. In his later years, Shelby loved the books about his cars and similar topics, but his eyesight was failing to the point where he had difficulty reading, and really preferred the books that were heavy with photos. It was from that realization that Shelby and Evans decided to work on one last book together. They both combed through the Shelby archives and selected Shelby's favorite images from his racing career. That is almost the entirety of this book. It is packed with photos selected by Shelby himself, and the captions are quotes from Shelby's commentary on the action in the photo, as well as his memories. Unfortunately, Carroll Shelby passed away before the book was fully completed, but Evans, following Shelby's instructions, carried this final project through to completion. Filled with images that have never been seen in print, as well as images not published since the 1950s and 1960s, this final work from Shelby is a personally curated collection by the legend himself. If you are a sports car racing fan, Ford fan, Shelby fan, or any combination of the three, this book is a perfect addition to your automotive library.

The Book of Why Epredux Incorporated

"For learners, managers, mentors, and feedback givers."

Creating a Lean Culture Penguin

Designed for leaders who are ready for honest self-examination, who want to improve their effectiveness, raise their performance on the job, and enhance their careers.

Iron Widow Blackstone Publishing

THE FIRST NOVEL IN J. D. ROBB'S #1 NEW YORK TIMES

BESTSELLING IN DEATH SERIES In the year 2058, technology completely rules the world. But for New York City Detective Eve Dallas, one irresistible impulse still rules the heart: passion... Eve Dallas is a New York police lieutenant hunting for a ruthless killer.

In over ten years on the force, she's seen it all—and knows her survival depends on her instincts. And she's going against every warning telling her not to get involved with Roarke, an Irish billionaire—and a suspect in Eve's murder investigation. But passion and seduction have rules of their own, and it's up to Eve to take a chance in the arms of a man she knows nothing about—except the addictive hunger of needing his touch.

RAINBOW HIGH

Simon and Schuster

The epic third novel in the #1 New York Times bestselling Court of Thorns and Roses series by Sarah J. Maas. Feyre has returned to the Spring Court, determined to gather information on Tamlin's actions and learn what she can about the invading king threatening to bring her land to its knees. But to do so she must play a deadly game of deceit. One slip could bring doom not only for Feyre, but for everything-and everyone-she holds dear. As war bears down upon them all, Feyre endeavors to take her place amongst the High Fae of the land, balancing her struggle to master her powers-both magical and political-and her love for her court and family. Amidst these struggles, Feyre and Rhysand must decide whom to trust amongst the cunning and lethal High Lords, and hunt for allies in unexpected places. In this thrilling third book in the #1 New York Times bestselling series from Sarah J. Maas, the fate of Feyre's world is at stake as armies grapple for power over the one thing that could destroy it.

Into the Labyrinth Penguin

This book provides analysis of 650 jobs, based on 20 years of research using the McClelland/McBer job competence assessment (JCA) methodology. It includes generic job models for entrepreneurs, technical professionals, salespeople, service workers and corporate managers. Defines JCA and describes in detail how to conduct JCA studies. Suggests future directions and uses for competency research. · The Concept of Competence · A Competency Dictionary · Developing a Model · Findings: Generic Competency Models · Competency-Based Applications
Econometric Analysis of Cross Section and Panel Data, second edition Penguin

Detective Carl M² investigates the twenty-year-old murders of a brother and sister whose confessed killer may actually be innocent, a case with ties to a homeless woman and powerful

adversaries.

A Court of Wings and Ruin McGraw Hill Professional

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together
The Future of Nursing Little, Brown Books for Young Readers
This thrilling sequel to Illusive will have readers on the edge of their seats. You don't belong with us. These are the words that echo through the minds of all immune Americans—those suffering the so-called adverse effects of an experimental vaccine,

including perfect recall, telepathy, precognition, levitation, mind control, and the ability to change one's appearance at will. When great numbers of immune individuals begin to disappear, fear and tension mount, and unrest begins to brew across the country. Through separate channels, superpowered teenagers Ciere, Daniel, and Devon find themselves on the case: super criminals and government agents working side by side. It's an effort that will ultimately define them all, for better or for worse.

Lord of Chaos St. Martin's Press

"Toyota Kata gets to the essence of how Toyota manages continuous improvement and human ingenuity, through its improvement kata and coaching kata. Mike Rother explains why typical companies fail to understand the core of lean and make limited progress—and what it takes to make it a real part of your culture." —Jeffrey K. Liker, bestselling author of *The Toyota Way* "[Toyota Kata is] one of the stepping stones that will usher in a new era of management thinking." —The Systems Thinker "How any organization in any industry can progress from old-fashioned management by results to a strikingly different and better way." —James P. Womack, Chairman and Founder, Lean Enterprise Institute "Practicing the improvement kata is perhaps the best way we've found so far for actualizing PDCA in an organization." —John Shook, Chairman and CEO, Lean Enterprise Institute This game-changing book puts you behind the curtain at Toyota, providing new insight into the legendary automaker's management practices and offering practical guidance for leading and developing people in a way that makes the best use of their brainpower. Drawing on six years of research into Toyota's employee-management routines, Toyota Kata examines and elucidates, for the first time, the company's organizational routines--called kata--that power its success with continuous improvement and adaptation. The book also reaches beyond Toyota to explain issues of human behavior in organizations and provide specific answers to questions such as: How can we make improvement and adaptation part of everyday work throughout the organization? How can we develop and utilize the capability of everyone in the organization to repeatedly work toward and achieve new levels of performance? How can we give an organization the power to handle dynamic, unpredictable situations and keep satisfying customers? Mike Rother explains how to improve our prevailing management approach through the

use of two kata: Improvement Kata--a repeating routine of establishing challenging target conditions, working step-by-step through obstacles, and always learning from the problems we encounter; and Coaching Kata: a pattern of teaching the improvement kata to employees at every level to ensure it motivates their ways of thinking and acting. With clear detail, an abundance of practical examples, and a cohesive explanation from start to finish, Toyota Kata gives executives and managers at any level actionable routines of thought and behavior that produce superior results and sustained competitive advantage.

The Shakespeare Oracle Tor Books

Widely acknowledged as the world's foremost authority on leadership, the author provides a collection of his acclaimed "Harvard Business Review" articles.

FYI FOR PERFORMANCE MANAGEMENT

Simon and Schuster

The Shakespeare Oracle capitalizes on the great bard's prophetic wisdom in this illustrated Tarot deck and accompanying book. Complete with instructions and custom-made readings, this kit brings together the best of two worlds - divination and Shakespeare.

FYI for Insight Simon and Schuster

The Wheel of Time is now an original series on Prime Video, starring Rosamund Pike as Moiraine! In *Lord of Chaos*, the sixth novel in Robert Jordan's #1 New York Times bestselling epic fantasy series, *The Wheel of Time*®, Rand al'Thor, the Dragon Reborn, builds his army of Light even as sworn enemies--and supposed allies--move against him. Now ruling Tear, Andor, and Caemlyn, among other nations, Rand is recruiting all men capable of channeling to be trained as his Asha'man soldiers. The warrior Aiel clans have pledged loyalty to Rand, acknowledging him as their chief of chiefs, even though the Shaido Aiel remain a threat. Split into two factions, the Aes Sedai of the White Tower and their rebel counterparts both seek to ally themselves with the Dragon Reborn. Rand knows all too well the manipulative nature of the Aes Sedai, no matter which side of their internal war they stand upon. But even he cannot predict just how desperate, cruel, and treacherous they can be. And in the shadows, the Forsaken and the Dark One are conjuring even more chaos... Since its debut in 1990, *The Wheel of Time*® by Robert Jordan has captivated

millions of readers around the globe with its scope, originality, and compelling characters. The last six books in series were all instant #1 New York Times bestsellers, and *The Eye of the World* was named one of America's best-loved novels by PBS's *The Great American Read*. *The Wheel of Time*® New Spring: The Novel #1 *The Eye of the World* #2 *The Great Hunt* #3 *The Dragon Reborn* #4 *The Shadow Rising* #5 *The Fires of Heaven* #6 *Lord of Chaos* #7 *A Crown of Swords* #8 *The Path of Daggers* #9 *Winter's Heart* #10 *Crossroads of Twilight* #11 *Knife of Dreams* By Robert Jordan and Brandon Sanderson #12 *The Gathering Storm* #13 *Towers of Midnight* #14 *A Memory of Light* By Robert Jordan and Teresa Patterson *The World of Robert Jordan's The Wheel of Time* By Robert Jordan, Harriet McDougal, Alan Romanczuk, and Maria Simons *The Wheel of Time Companion* By Robert Jordan and Amy Romanczuk *Patterns of the Wheel: Coloring Art Based on Robert Jordan's The Wheel of Time* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

View our feature on Charles Stross' *The Fuller Memorandum*. National bestselling author Charles Stross brings back Bob Howard--"a British super spy with a long-term girlfriend, no fashion sense, and an aversion to martinis" (*San Francisco Chronicle*) Bob Howard is taking a much needed break from the field to catch up on his filing in *The Laundry's* archives when a top secret dossier known as *The Fuller Memorandum* vanishes--along with his boss, who the agency's executives believe stole the file. Determined to discover exactly what the memorandum contained, Bob runs afoul of Russian agents, ancient demons, and the apostles of a hideous faith, who have plans to raise a very unpleasant undead entity known as the Eater of Souls...

Deceptive Pearson Education

"Anyone who loves romance must read Sabrina Jeffries!" —Lisa Kleypas, New York Times bestselling author *An Amazon Best Romance of the Month* A USA Today Bestseller A sexy and distracting rake is tamed by a scholarly heroine with a penchant for the sciences in this dazzling and witty tale of Regency London. A past kiss with adorably bookish Miss Olivia Norley should be barely a memory for Marlowe Drake, the Duke of Thornstock.

After all, there are countless debutantes for a handsome rakehell to charm beyond a young lady whose singular passion is chemistry—of the laboratory type. But Thorn has not forgotten—or forgiven—the shocking blackmail scheme sparked by that single kiss, or the damage caused to both their names. Now Thorn’s half-brother, Grey, has hired the brilliant Miss Norley for her scientific expertise in solving a troubling family mystery. And the once-burned Thorn, suspicious of her true motives, vows to follow her every move . . . For Olivia, determining whether arsenic poisoning killed Grey’s father is the pioneering experiment that could make her career—and Thorn’s constant presence is merely a distraction. But someone has explosive plans to derail her search. Soon the most unexpected discovery is the caring nature of the reputed scoundrel beside her—and the electricity it ignites between them . . . “Intoxicating...Jeffries’s perfect blend of romance, mystery, and suspense is sure to have series readers anxious for more.” —Publishers Weekly

FYI for Talent Management St. Martin's Press

Jason Carrillo, the best-looking athlete in school, has had his eyes on the prize from day one: a scholarship for college. But then his eyes turn to love -- and Kyle. Kyle Meeks, swim team star and all-around good guy, is finally in the relationship he wanted. Being in love feels so good, in fact, that he can't imagine giving it up to go to Princeton. Something he's worked for his entire life. Nelson Glassman, outgoing and defiant, might be HIV positive. Jeremy, the boy he loves, is HIV positive. Although Nelson fears testing positive, if he is infected Jeremy might stop protecting him and

pushing him away. They can be together. High school's almost over. Graduation is ahead. Life's a bowl of cherries, right? Right...

The Fuller Memorandum Zebra Books

Build the risk-taking skills that will lead you to a life of fulfillment: Discover the formula for success that will supercharge your decision-making confidence and transform even the most risk-averse mindset. After having overcome tremendous challenges to save a love that transcends the boundary between heaven and earth, Nora and

Patch must face an adversary with the power to destroy all that they have worked for.

RADICAL CANDOR: BE A KICK-ASS BOSS WITHOUT LOSING YOUR HUMANITY

CarTech Inc

A Turing Award-winning computer scientist and statistician shows how understanding causality has revolutionized science and will revolutionize artificial intelligence "Correlation is not causation." This mantra, chanted by scientists for more than a century, has led to a virtual prohibition on causal talk. Today, that taboo is dead. The causal revolution, instigated by Judea Pearl and his colleagues, has cut through a century of confusion and established causality -- the study of cause and effect -- on a firm scientific basis. His work explains how we can know easy things, like whether it was rain or a sprinkler that made a sidewalk wet; and how to answer hard questions, like whether a drug cured an illness. Pearl's work enables us to know not just whether one thing causes another: it lets us explore the world that is and the worlds that could have been. It shows us the essence of human thought and key to artificial intelligence. Anyone who wants to understand either needs *The Book of Why*.

Savor Me Slowly Mage Errant

A high-profile business manager describes her development of an optimal management course designed to help business leaders become balanced and effective without resorting to insensitive aggression or overt permissiveness.
