CHALLENGING PAST AND PRESENT

W. W. Norton & Company

More than just a pair of days, a weekend is also a state of mind—a feeling of relaxation and freedom to immerse ourselves fully in a favorite activity. In *Weekend Sewing*, designer Heather Ross presents creative projects for clothing, accessories, and home items that can be made in a weekend or less. Some, like the Quick Garden Gloves and Ruby's Bloomers, take a few hours; others, like the Weekend-Away Travel Bag and Trapeze Sundress, require a day or two—but all of them capture that weekend feeling. And because weekends are often the most fun when they're social, Ross features ideas that encourage us to share our stitching and our time, such as a recipe for soup to simmer while sewing, then serve to guests later in the day, and tips for transporting a sewing machine to a friend's house for an afternoon of social stitching. The sewing instructions are beautifully illustrated.

The Peoples of Utah Penguin

Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term "POPaganda" to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and "agit-pop." Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Scissor Skills - Cut and Paste Activity Book - Hello Winter - Volume 1 - Collection Winter Season National Geographic Books

Most motherhood books tell you how to be the perfect mom and how to raise the

perfect kid. This is not one of those books. This is a collection of light-hearted, true stories about the bizarre experience of pregnancy, attempting to avoid public tantrums, making it through the terrible twos (and ones, threes and fours) and trying not to punch the husband while he is trying to be "helpful". Jasmine Han & Shelly Holly, both moms with three young kids between them, regale us with their humorous collective experiences about surviving, and not perfecting, motherhood. *I'm Not Perfect. I'm a Mom*. Penguin UK If you've ever watched *Project Runway* and wished you were a contestant, or you're simply ready to take your sewing to a new level, *Design-It-Yourself Clothes* teaches you the fundamentals of modern patternmaking so that you, too, can create your own inspired clothing. Until now, the aspiring DIY fashionista has been hard-pressed to find self-teaching tools other than dry textbooks or books with outdated looks. Finally, in *Design-It-Yourself Clothes*, former *Urban Outfitters* designer Cal Patch brings her youthful aesthetic to a how-to book. If you want to wear something you can't find on store racks and make clothes that express your individual style, or if you've reached a sewing plateau and want to add pattern drafting to your repertoire,

Design-It-Yourself Clothes is the book you have been waiting for. In five key projects (each with four variations)—a perfect-fitting dress, T-shirt, button-down shirt, A-line skirt, and pants—Patch shares the art of patternmaking. At its core, it's much simpler than you think. Patch covers everything an intermediate sewer needs to know in order to become a fabulous fashion designer, from designing the patterns, taking your own measurements, and choosing fabrics to actually sewing the clothing. You will also learn how to stylize patterns by using darts, waistbands, patch pockets, and ruffles. Patch offers tips, explanations, options, and exercises throughout that will make the design process that much easier. But besides showing you how to create clothing from scratch, she also teaches you how to rub off patterns from existing clothing—so if you have a pair of pants that you love but are worn out, or you have your eye on a piece in the store with a prohibitive price tag, you can figure out how to get the looks you want by using your own two hands.

The Simplicity Diet Epigram Books

Superhero Stories: The W Series, Volume 11 Six months have passed, Christmas is behind the corner. What changed in Guinn's life? What changed in W's life, what new adventures has the hero gone through? Let's follow W through a very busy Christmas Eve, full of Chinese food, robberies, indecisive criminals, and gift wrapping, until Christmas can carry us all away with family, friends, and those weird relatives who always manage to ask the wrong questions at the wrong time.

MY HERO ACADEMIA COLORING BOOK

WestBow Press

Forthright, often wry, sometimes brutal, and always after the truth, this is poetry both observational and confessional. The selection, by a previously unpublished writer, speaks of the common human struggle, experienced subjectively for all it is, and of something higher than hope, which stands apart and from that place precisely pitches the kind of salvation which makes its need known upon arrival. A collection of poems in an authentic voice, JABBOK is broad in scope and style yet has at its heart the lifelong struggle between man and the Angel of God.

THE ASSASSIN GAME

Running Press Adult

Please the pickiest tech-savvy teens and tweens with these 21 trendy projects you can sew. Most of us would agree that sewing something that teens will like is, without a doubt, a challenge. In Project Teen, Melissa Mortenson, sewist and mother of three teenagers, shares not only her 21 teen-approved designs, but also invaluable tips and tricks for sewing for this unique (a.k.a. picky) age group. Whether you make a stylish tech cover, a cushy study pillow, or a personalized quilt, your teen will love these handmade gifts as much as you love them. • 21 projects, specifically for teens and tweens (ages 11+), including quilts, T-shirts, tech covers, totes, accessories, and so much more • Lots of inspiring ideas and designs for the perfect gifts • Get the 411 on what's cool when it comes to fabric and style—so that your teen is sure to love what you make! Praise for Project Teen “Mortenson has a good eye for what teenagers actually need and want. . . . Something here will appeal to that trickiest of demographics, making the book a worthwhile buy.” —Publishers Weekly “Project Teen is a fresh, mod, fun way to sew for the tweens/teens in our life - kids, grands, nieces & nephews. The projects meet the ever changing needs of kids, from travel blankets and tablet covers to simple bags to store everything in.” —Generation Q Magazine

Tales of the Old London Slum - Complete Collection:4 Novels & 30+ Short Stories
Createspace Independent Publishing Platform

Fresh and candid, by turns earthy, tender, defiant, and romantic, Cummings's poems celebrate the uniqueness of each individual, the need to protest the dehumanizing force of organizations, and the exuberant power of love.

Alien Next Door Wide Eyed Editions

The Book of Vermouth is a celebration of the greatest cocktail staple - a mixer that is riding a growing wave of popularity around the world. It includes up to 100 modern and classical cocktail recipes - but is more than a cocktail book too, offering history and insight to botanicals, and the perspective of key chefs who like to cook with vermouth as much as they like to drink it. The authors - one a winemaker, the other a bartender - bring personality to the book via their distinct takes on what makes vermouth so special. The book includes two main sections: Vermouth Basics and How to Drink. Vermouth Basics will give a comprehensive guide to the essentials of vermouth - grape varieties, production, varieties, botanicals, spirit and sugar, and go into great detail about the history of Australian vermouth in particular. It will include botanical profiles of both indigenous and traditional plants from Tim Entwistle, botanist at the Royal Botanical Gardens in Melbourne. It will cover all aspects of wormwood: the key ingredient in making vermouth, including medicinal and historical uses, where it is found and its botanical significance. How to Drink will cover the many different ways to serve, drink and store vermouth. Chapters will cover Vermouth Neat, Vermouth in Spring, Vermouth in Summer, Vermouth in Autumn and Vermouth in Winter, as well as Bitter Edge of Vermouth, Stirred & Up, Vermouth Party and After Dinner. These chapters will be more recipe-focused, and include 10-15 recipes per chapter, drawing from each season's

specific botanicals and how these work with different vermouths. Each season will also include a related food recipe.

The Gumshoe Collection Harry N. Abrams

This second anthology of poems by Jessica (Jay) Fisher features a wide range of subject titles with hints at an overall theme that either, only the author knows, or ceases to exist. This collection of pieces is beautifully erratic and is sprinkled with excerpts from personal journal entries. It is truly a beautiful mess that shows the real humanity of writing, and displays the author's complex relationship with her artistry. With strong adult content and themes featured in select pieces, this one is not for the kiddos. If the phrase 'I do what I want' was an anthology of poems, this would be it.

What They Didn't Teach You in School
Abrams

Contains histories of some of the minorities in Utah.

Routledge

Sheets of patterns are in an envelope inside the front cover, each sheet is doubled sided.

The Book of Vermouth Harry N. Abrams

These five novels in the Gumshoe Collection bring back the style of Mickey Spillane and Raymond Chandler. Each one with a rock-solid core delivered with an explosive punch and snappy dialogue that sometimes may be risqué, but is always humorous. When ex-IRS Agent Mortimer—call me “Mort”—Angel launches his new gumshoe career, he immediately becomes Reno's infamous finder of bodies and/or body parts. In Gumshoe, it's the mayor's missing head; in Gumshoe for Two, it's the hand of a U.S. Senator; in Gumshoe on the Loose, it's the hanging body of a missing rapper; in Gumshoe Rock, it's a skull, stripped clean and white; in Gumshoe in the Dark, it's the dead body of his female companion's mother. PI-in-training-Mort definitely has a special knack, as does Rob Leininger, in delivering gritty crime novels sprinkled with spicy humor. All five books in the Gumshoe Collection are perfect for fans of Janet Evanovich, Carl Hiaasen, and Tim Dorsey
Jabbok Unicorn Coloring Book for Toddlers Ages 2-4
Unicorn Coloring Book For Toddlers Ages 2-4

Gertie's Ultimate Dress Book Text by Collier Schorr.

The Viking Boy Hardie Grant

How much of what you learnt in school do you still use? You probably aren't using anything you learnt in Chemistry. How much of what you need to know wasn't taught in school? Why is it that no matter how much you earn, you keep eagerly waiting for your next month's salary? This book is an older version of yourself imparting the life lessons that you learned along the way.

MALE Routledge

Every vintage-obsessed sewist dreams of having a closet full of gorgeous dresses. The follow-up to the popular Gertie's New Book for Better Sewing and Gertie Sews Vintage Casual, Gertie's Ultimate Dress Book is packed with all the information and patterns you could ever need to create a wardrobe filled with stunning

vintage frocks. The book begins with all the essential techniques for dressmaking and includes instructions and patterns for 23 dresses for a variety of occasions. Elements of each pattern can be mixed and matched, allowing readers to customize the bodice, skirt, sleeves, pockets, and details of each dress for a truly unique creation.
