Wanna Create
This book looks at copyright through the eyes of creators and artists. Using quilting as a backdrop, the book looks in-depth at issues related to creating a work, protecting and work, and using others' work, including under fair use in copyright, trademark, and right of publicity. This book is made to give artists a strong foundation into understanding the system of

copyright, how infringement works, when and how to register your works with the U.S. Copyright Office, and how to understand and use fair use.

Releasing the Beast

Princeton Review
Most top business schools require multiple essays, and this book is your best bet for acing them all. Business School Essays That Made a Difference, 4th Edition, contains actual student

essays that tipped the balance between admission and denial, as well as interviews with admissions pros and with students who've been through the process and made it to business school. Business School Essays That Made a Difference, 4th Edition includes essays submitted to the following schools: Babson College, Olin Graduate School of Business Case
