Getrude Ruwadzano Munyaradzi Matshe is a vibrant bundle of African energy whose drive, zest and passion for life inspires others. Born in Zimbabwe 39 years ago Getrude now lives in Wellington, New Zealand with her husband and three children. In this autobiography she shares her many adventures on the road to arriving in the Land of the Long White Cloud. This wonderfully inspirational and motivational narrative illustrates what can be accomplished by a person who has determination and faith in achieving personal goals. Her guiding philosophy of life is encapsulated in the African concept of Ubuntu. This refers to the respect and compassion people show one another. Her own life story reflects Ubuntu as she finds herself in difficult situations and experiences support from individuals who are friends and mere acquaintances. She also tells of the human loss and heartache caused by AIDS in Africa. She asks that people become open and available to each other as they share their space on the planet.

JO'S GIRLS

Montana Historical Society

Lambda Literary Award finalist In Sassafras Lowrey's gorgeous queer punk reimagining of the classic Peter Pan story, prepare to

be swept overboard into a world of orphaned, abandoned, and runaway bois who have sworn allegiance and service to Pan, the fearless leader of the Lost Bois brigade and the newly corrupted Mommy Wendi who, along with the tomboy John Michael, Pan convinces to join him at Neverland. Told from the point of view of Tootles, Pan's best boi, the lost bois call the Neverland squat home, creating their own idea of family, and united in their allegiance to Pan, the boi who cannot be broken, and their refusal to join ranks with Hook and the leather pirates. Like a fever-pitched dream, Lost Boi situates a children's fantasy within a subversive alternative reality, chronicling the lost bois' search for belonging, purpose, and their struggle against the biggest battle of all: growing up. Sassafras Lowrey is a straight-edge queer punk who won the Lambda Literary Emerging Writer Award and was named to the inaugural Trans 100 list by We Be Trans. Sassafras's books, *Kicked Out*, *Roving Pack*, and *Leather Ever After*, have been honored by organizations ranging from the National Leather Association to the American Library Association.

HOW WE FALL

LUCY GAMBLE, *KNOCKED UP BY DYING MAN SHE GAVE SYMPATHY SEX, NOW MOVING ON TO HIS BIG BROTHER*. Have you ever tried to come up with a headline for your life? Well, mine's so cringeworthy I can't believe it's actually my story...or a hundred percent true. But honestly, how could I say no to the one-night-stand when he begged? Only a monster could deny someone their dying wish, right? I mean, okay, getting pregnant from the encounter was a regrettable, irresponsible mistake; I can fully admit that. Turning to his brother, however, was never part of the plan. Initially, I didn't even like the guy. Except Vaughn Merrill is a force to be reckoned with. He's determined to be an "involved" uncle, and no matter how much I tell him he doesn't have to be so helpful, he's just so freaking helpful. And gorgeous. Plus not at all the ass I assumed he was. Then there's this massive pain and grief and loneliness I see in his eyes. I just want to hug him constantly and give him the sense of family he so desperately needs. So really, can you blame me for falling for the one man I know I shouldn't?

INTERRUPTING HETERONORMATIVITY

Alyson Books

This innovative novel from German author Thomas Meinecke takes a thought-provoking look at the role of gender in the social, artistic, and intellectual pursuits of a group of inquisitive university students living in Heidelberg. The clique includes bisexual Korinna, a star tennis player and obsessive reader of Michel Foucault's and Judith Butler's theories of sexuality; Frauke, a lesbian doctoral student writing her dissertation about Christ's foreskin; Frauke's fiancée Angela, formerly Angelo, a Bible-reading Italian Catholic who considers himself a lesbian; and Hans, a self-described male feminist who believes that men suffer from "reproduction envy." Last but not least is Vivian, a half-German, half-American student whose work on her master's thesis leads her to throw out an incessant series of questions to these friends and classmates--and thus to us, the readers. Structured around Vivian's questions, *Tomboy* examines why things are the way they are, particularly regarding the perception of gender between individuals and in society as a whole. Fans of novelists David Foster Wallace and J. G. Ballard, as well as such theorists as Foucault and Butler, are sure to be intrigued by this extraordinary postmodern exercise in literature.

NO KIDS ALLOWED

Women have fulfilled film roles that exhibit their historically subservient or sexualised positions in society, among others. Over the decades, the gender identity of women has fluctuated to include powerful women, emotionally strong women, lesbian women, and even neurologically atypical women. These identities reflect the change in societal norms and what is now acknowledged as more likely and more mainstream. The evolution of society's views of women can be mapped through these roles; from 1950's America where women were depicted as the counterpart to male characters and their masculinity either as a threat or support to the patriarchal norms; to more recent times, where these norms have been questioned, challenged, deconstructed and reconstructed to include women in a more equitable balance. The fight for equal access, equal pay and equal standing still exists in all walks of life and different cultures requiring continued scrutiny of the norms that made that fight necessary. The essays offer a unique vantage of the changing culture and conversations that allowed, encouraged, and praised

an evolution of women's roles. They strive to represent the issues faced by women, from the early heyday of Hollywood through to films as recent as 2007; examining depictions of the masculine gaze, mental and physical oppression, the mother figure, as well as how these roles may develop in the future. The book contains valuable material for film students at an undergraduate or post-graduate level, as well as scholars from a range of disciplines including cultural studies, media studies, film studies and women's and gender studies.

In Kristi Ann Hunter's "Legacy of Love," Sarah Gooding never suspected returning a brooch to an elderly woman would lead to a job . . . and introduce her to the woman's grandson, a man far above her station. In Karen Witemeyer's "Gift of the Heart," widow Ruth Albright uses the family brooch as collateral for a loan from the local banker. But the more she comes to know the man behind the stern businessman, the more she hopes for a second chance at love. In Sarah Loudin Thomas's "A Shot at Love," Fleeta Brady's rough-and-tumble childhood means she prefers hunting to more feminine activities. She never expected her family's brooch might be how a fellow hunter turns her attention from competition to romance. In Becky Wade's "Because of You," Maddie Winslow has spent years in love with a man whose heart was already spoken for. When a church Christmas project brings them together and she stumbles upon an old family brooch, might it finally be her turn for love?

'Jack Urwin writes like he speaks: accessible, funny and interesting. His Vice article got people talking and now, almost two years on, he is right in thinking that the time for a big discussion about masculinity has arrived.' Telegraph WHAT DOES

MASCULINITY ADD UP TO IN THE 21ST CENTURY? Jack Urwin traces modern ideas of masculinity from the inability of older generations to deal with the horrors of war, to the mob mentality of football terraces or Fight Club and the disturbing rise of mental health problems among men - especially young men - today. While we struggle with the idea that there is a single version of masculinity worth aspiring to, depression and suicide among men have reached unprecedented levels. *Man Up* looks at the challenges and pressures on men today, and suggests ways to survive.

THE POCKET DARING BOOK FOR GIRLS

Northwestern University Press

We are in the middle of a cultural revolution, where the spectrum of gender and sexual identities is seemingly unlimited. So when author and journalist Lisa Selin Davis's six-year-old daughter first called herself a "tomboy," Davis was hesitant. Her child favored sweatpants and T-shirts over anything pink or princess-themed, just like the sporty, skinned-kneed girls Davis had played with as a kid. But "tomboy" seemed like an outdated word—why use a word with "boy" in it for such girls at all? So was it outdated? In an era where some are throwing elaborate gender reveal parties and others are embracing they/them pronouns, Davis set out to answer that question, and to find out where tomboys fit into our changing understandings of gender. In *Tomboy*, Davis explores the evolution of tomboyism from a Victorian ideal to a twenty-first century fashion statement, honoring the girls and women—and those who identify otherwise—who stomp all over archaic gender norms. She highlights the forces that have shifted what we think of as masculine and feminine, delving into everything from clothing to psychology, history to neuroscience, and the connection between tomboyism, gender identity, and sexuality. Above all else, Davis's comprehensive deep-dive inspires us to better appreciate those who defy traditional gender boundaries, and the incredible people they become. Whether you're a grown-up tomboy or raising a gender-rebel of your own, *Tomboy* is the perfect companion for navigating our cultural shift. It is a celebration of both diversity and those who dare to be different, ultimately revealing how gender nonconformity is a gift.

TOMBOYS!

Zest Books™

"Based on groundbreaking research that has the power to change the lives of countless children—and the adults who love them." -- Susan Cain, author of *Quiet: The Power of Introverts*. A book that offers hope and a pathway to success for parents, teachers, psychologists, and child development experts coping with difficult children. In Tom Boyce's extraordinary new book, he explores the "dandelion" child (hardy, resilient, healthy), able to survive and flourish under most circumstances, and the "orchid" child (sensitive, susceptible, fragile), who, given the right support, can thrive as much as, if not more than, other children. Boyce writes of his pathfinding research as a developmental pediatrician working with troubled children in child-development research for almost four decades, and explores his major discovery that reveals how genetic make-up and environment shape behavior. He writes that certain variant genes can increase a person's susceptibility to depression, anxiety, attention deficit hyperactivity disorder, and antisocial, sociopathic, or violent behaviors. But rather than seeing this "risk" gene as a liability, Boyce, through his daring research, has recast the way we think of human frailty, and has shown that while these "bad" genes can create problems, they can also, in the right setting and the right environment, result in producing children who not only do better than before but far exceed their peers. Orchid children, Boyce makes clear, are not failed dandelions; they are a different category of child, with special sensitivities and strengths, and need to be nurtured and taught in special ways. And in *The Orchid and the Dandelion*, Boyce shows us how to understand these children for their unique sensibilities, their considerable challenges, their remarkable gifts.
