In this unique devotional George R. Knight reintroduces us to our spiritual ancestors. They weren't perfect. They weren't all easy to get along with. But they shared one common goal telling others about the soon-coming Savior. But as in any family, it's all too easy to forget where we've come from; to forget the

struggles endured by those who have gone before us; to take for granted the inheritance they left to us. Sometimes we need a gentle reminder of the true value of their legacy. In shaping the future of Adventism, these intrepid pioneers molded not only our history, but our present. And as we reflect upon our past, perhaps we should also contemplate the future to which we are each contributors.

To commemorate the fiftieth anniversary of the restoration of the diaconate as a permanent and stable order of ministry in the United States, the Center for Applied Research in the Apostolate (CARA) at Georgetown University undertook a contemporary study of the diaconate in the United States. Building on studies completed in 1981 and 1995

as well as annual research that CARA has conducted for the USCCB since 2005, CARA designed a comprehensive study of deacons, their wives, diaconate directors, and bishops to explore all aspects of this ministry. This book explores trends in the diaconate as well as current and emerging opportunities and challenges in the ministry. Deacons and their wives, diaconate directors, and bishops share insights about how those trends impact diaconal ministry today and into the future.
