A Memoir Thomas Nelson Inc
An Irish mobster. A missing friend. Two loyalties, ripping me apart. I had a plan. Get in, get my information, and get out. Easy, right? Turns out, infiltrating the Irish mafia isn't exactly what I thought it would be. I just wanted a soldier. Someone I could flirt with to get me in the door. That's when Lachlan Crow noticed me. Problem was, he wasn't a soldier. No, he was next in line for the throne of the Irish underworld. And he was determined to hate me from the outset. My sob story about needing a job? Yeah, he wasn't buying

that either. Too bad for him, I won't let anyone get in the way of my mission. Who cares if we have some kind of crazy chemistry? He's the worst kind of wrong- and I would never in a million years be with a guy like him. Because they took her from me, and I'm going to make them pay Get Me Ellis Rubin! Kids Can Press Ltd
Discusses the three years the author spent as an undercover agent infiltrating the New Jersey mob, the trouble he had adjusting to "real life" after closing the case and testifying before Congress, and his second career as a referee for the NBA.

THE LIFE OF LITTLE AL D'ARCO, THE MAN WHO

BROUGHT DOWN THE MAFIA

Ramsey Press
Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had

tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. --

If there was a city most likely to host the assassination of John F. Kennedy, Dallas was it. Kennedy himself recognized Dallas's special and extreme nature, saying to Jackie in Fort Worth on the morning of November 22, "We're heading into nut country today."

Edward H. Miller makes the persuasive case in this lucid and insightful book that the

ultraconservative faction of today's Republican Party is a product specifically of the political climate of Dallas in the 1950s and early 1960s, which was marked by apocalyptic language, conspiracy theories, and absolutist thought and rhetoric. Miller shows not only that the influential ultraconservative figures in Dallas fomented religious and racial extremism but that the arc of politics bent ever rightward, as otherwise moderate local Republicans were pressured to move away from the center. This faction promoted the creation of the national Republican Party's "Southern Strategy," which reversed the party's historical position on civil rights. This strategy, often credited

to Richard Nixon and Barry Goldwater in the wake of the crises of the 1960s, has its origins instead in the racial and religious beliefs of extremists in this volatile time and place. Dallas is the root of it all.

One of the most feared Chicago mobsters Sam Giancana clawed his way to the top of the Mafia hierarchy by starting as a hit man for Al Capone. He was known as one of the best vehicle escape artists, a tenacious business man, and a ruthless killer. He partied with major stars such as Frank Sinatra and Marilyn Monroe and did business with agents ranging from the CIA to

the Vatican to the shah of Iran. When politician Joe Kennedy gave Giancana the chance to use mob muscle to get his son John elected, Giancana jumped at the task. But the Kennedy brothers double-crossed him, waging full-out war on organized crime throughout the United States. And Giancana went after them.

Written with suspense and conviction, we learn about how the CIA asked Giancana to assassinate Fidel Castro. The book includes Giancana's testimony about the truth of his involvement in the deaths of Monroe and others, among others. Chuck Giancana, Sam's brother, contributes a unique perspective of the mobs relationship with the Bay of Pigs

and many other pivotal events of the 60's and beyond. Double Cross is an eye-opening account of the interworking of the government and the mob and how this relationship has impacted American history.

Milwaukee is best known for its beer--and rightfully so. But in the days of Prohibition, the big alcohol suppliers were not Miller, Blatz, Schlitz, and Pabst. The Mafia had control, and it made its money by running alcohol as far away as Canada and Indiana, as well as with counterfeiting, the numbers racket, and two of the biggest heists in American history. From then on,

the sky was the limit, as the Mafia indulged in extortion, protection rackets, and skimming from Las Vegas casinos. The Cream City had its crooked lawyers, corrupt cops, and even a mayor on the take. There was the blood of those who dared to stand in the syndicate's way, who were found dead in ditches or as victims of car bombs. The members of the Mafia included doctors, real estate men, restaurateurs, tavern owners, funeral directors, union presidents, and the most famous Milwaukee gangster of all, Frank Balistreri. While now considered extinct, the Milwaukee Family was once a dominant force in the Midwest.

Mulholland Books

"Friendships, connections, family ties, trust, loyalty, obedience-this was the 'glue' that held us together." These were the principles that the greatest Mafia "Boss of Bosses," Joseph Bonnano, lived by. Born in Castellammare del Golfo, Sicily, Bonnano found his future amid the whiskey-running,

riotous streets of Prohibition America in 1924, when he illegally entered the United States to pursue his dreams. By the age of only twenty-six, Bonnano became a Don. He would eventually take over the New York underworld, igniting the "Castellammarese War," one of the bloodiest Family battles ever to hit New York City... Now, in this candid and stunning memoir, Joe Bonanno-likely a model for Don Corleone in the blockbuster movie The Godfather-takes readers inside the world of the real Mafia. He reveals the inner workings of New York's Five Families-Bonanno, Gambino, Profaci, Lucchese, and Genovese-and uncovers how the

Mafia not only dominated local businesses, but also influenced national politics. A fascinating glimpse into the world of crime, *A Man of Honor* is an unforgettable account of one of the most powerful crime figures in America's history.

Bestselling author Douglas Century reveals the untold story of the epic rise and fall of Boris Nayfeld, also known as Biba, one of the most notorious Russian mob bosses of our era. Boris Nayfeld, a.k.a. "Biba," is the last living boss of the old-school Russian mob in America, and he's survived to tell it all. Filled with sex, drugs, and murder, Biba's story is a mind-boggling journey that

took him from petty street crime in the USSR to billion-dollar embezzlement in America. Born in Soviet-era Belarus, abandoned by his parents in infancy, Biba's brutal upbringing left him hungry for more—more power, control, and money. Taking advantage of the rampant corruption in the Soviet Union, Biba's teenage hooliganism quickly turned into bolder "black cash" rackets, making him, by Soviet standards, a very rich young man. When authorities took notice and threatened him with "the supreme measure"—execution by firing squad—he managed to get out of the USSR just in time. Within months of landing in America, his

intimidating presence and street smarts quickly made him legendary in the Soviet émigré community of Brighton Beach, Brooklyn, and launched him to the top of New York's Russian Jewish mob, one of the world's most inventive, powerful and violent criminal organizations. After decades as a globe-trotting boss, and three stints in U.S. federal prisons he remains unbroken and unrepentant, even as his entire life has unraveled around him. Now seventy-four years old, Biba is a lion in winter. Douglas Century vividly brings the notorious gangster to life in these pages, telling not only his epic journey but also the history of the Russian mob in America.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and

acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails,

meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event

marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.
