Identification & Value Guide Haynes
Manuals

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author

Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Haynes manuals are written specifically
for the do-it-yourselfer, yet are complete

enough to be used by professional
mechanics. Since 1960 Haynes has
produced manuals written from hands-on
experience based on a vehicle teardown
with hundreds of photos and illustrations,
making Haynes the world leader in
automotive repair information.

Haynes Publishing

A Hands-on Guide To Getting The Most

From Your Toyota. The Toyota Truck &

Land Cruiser Owners Bible? is the

authoritative companion book for your

Toyota truck, whether its a heavy hauling

pickup, rugged off-road FJ40, or a new

Land Cruiser thats never left pavement.

Author, veteran truck mechanic and off-

road expert Moses Ludel has written the

only comprehensive source of information

for Toyota Trucks and Land Cruisers-a

history, buyers guide, service manual, and

high-performance tuning book all in one

Discover every aspect of Toyota trucks,

from their origins in 1958 to the latest

technological advances. Youll learn tips for

buying the right new or used truck, and

which accessories make sense for your

needs. Step-by-step procedures with

hundreds of photos cover basic

maintenance and more complicated work,

like tune-ups, valve adjustments, brake

jobs and installing aftermarket suspension/lift kits. Get the hot set-up for your truck, whether you want low-end torque or high-RPM power. Moses gives specific tuning recommendations for engines from the early inline-6s to the advanced 4.5L 24-valve DJ engine. He shares expert insights into the best high performance components and the latest technology from Toyota Racing Development. Youll also find suspension and chassis modifications, and the best tire and wheel combinations.

Comprehensive coverage of Toyota Trucks and Land Cruisers from 1958-1996,

including: * 4Runner * SR-5 * Tacoma *

T-100 * FJ25 * FJ40 * FJ43 * FJ45 * FJ55 *

FJ80 * FJ60 * DJ80 * Stout * Hi-Lux * Xtra

Cab * Cab and Chassis Models

Manual: 2006, 2007, 2008, 2009: 2.0l Fsi,

2.5l Motorbooks International

Since its introduction in 1997, the Porsche

Boxster has earned a reputation as one of

the world's greatest sports cars, as well as

a huge, loyal following of devoted drivers.

This book is aimed at those owners of

Boxsters who want to improve their

machines while avoiding thousands of

dollars in mechanic's costs. Clearly and

simply written, with straightforward

illustrations, this manual offers 101

projects to help you modify, maintain, and

enhance your Porsche. Focusing on the

986 and 987 Boxster models, 101 Projects

for Your Porsche Boxster presents all the

necessary information, associated costs,

and pitfalls to avoid when performing a

wide array of projects. In a word, it makes

owning a Porsche Boxster an unqualified

thrill.
