Thomas
Nelson
While the
world taps its
feet, Ethiopia
breakdances
with its

shoulders.
This is an
uplifting,
inspirational
country which
confounds
expectations.
It's no
featureless
desert but a
land of
majestic
landscapes
surrounding a
vast, fertile
plateau. The
rock-hewn

churches in its
medieval
capital,
Lalibela, are
regarded by
many as the
eighth wonder
of the world.
Its people are
welcoming,
proud and
besotted by
their own
culture and
history.
Bradt's
Ethiopia is the

most thorough guide available to this country rich in culture, history and dramatic scenery, and has been highly praised by both travel press and readers. 'Thorough and reassuring, it provides all the practical and background information to make readers leap from their armchairs and visit this vast, magical country' The Daily Telegraph (UK) *Thru the Bible Vol. 22: The*

Prophets (Isaiah 1-35) Lynne Rienner Publishers ONE OF NPR'S BEST BOOKS OF 2019 The water-breathing descendants of African slave women tossed overboard have built their own underwater society—and must reclaim the memories of their past to shape their future in this brilliantly imaginative novella inspired by the Hugo Award-nominated song "The Deep" from Daveed

Diggs's rap group clipping Yetu holds the memories for her people—water-dwelling descendants of pregnant African slave women thrown overboard by slave owners—who live idyllic lives in the deep. Their past, too traumatic to be remembered regularly, is forgotten by everyone, save one—the historian. This demanding role has been bestowed on Yetu. Yetu remembers

for everyone, and the memories, painful and wonderful, traumatic and terrible and miraculous, are destroying her. And so, she flees to the surface, escaping the memories, the expectations, and the responsibilities—and discovers a world her people left behind long ago. Yetu will learn more than she ever expected to about her own past—and about the future of her people. If they are all to

survive, they'll need to reclaim the memories, reclaim their identity—and own who they really are. Inspired by a song produced by the rap group Clipping for the This American Life episode "We Are In The Future," The Deep is vividly original and uniquely affecting.

BEYOND THE RIVERS OF SUDAN

Xlibris Corporation Radio messages from J. Vernon McGee delighted and

enthralled listeners for years with simple, straightforward language and clear understanding of the Scripture. Now enjoy his personable, yet scholarly, style in this 60-volume set of commentaries that takes you from Genesis to Revelation with new understanding and insight. Each volume includes introductory sections, detailed outlines and a thorough, paragraph-by-paragraph

discussion of the text. A great choice for pastors - and even better choice for the average Bible reader and student!

The Eastern Question, in

Its Various Phases
 Thomas Nelson
 This powerful and revealing look into God's purpose for the black race gives scholastic yet simple answers to questions you have always had about the black presence in the Bible. The roles and exploits of blacks in the Bible that have either been omitted or treated lightly by European and Euro-American scholars are now revealed.

FROM BABYLON TO TIMBUKTU

University of Chicago Press
THE UNTOLD STORY is a depiction of a chosen people who civilized the continents of Africa and Asia. These chosen people were Ethiopians. There are five central characters in this book: Enoch, Noah, Moses, Abraham and Jesus Christ. The Untold Story provides a vivid and accurate account of a chosen people who were

specifically selected by God to be his people, to live accordantly to his will, but failed to live up to his expectations. This eventually caused a deportation out of their land in Israel and parts of Africa. They are now scattered throughout the world. This book also provides a history of the many nationalities that make up the world as you see it today, the history of religions and

who started them, and lastly the Anti-Christ. You will find that this book will challenge the mind to know more of man's origin and one's family tree. This book will be helpful in both churches and schools.

THE MERCERSBURG REVIEW

InterVarsity Press
The Nile provides freshwater not only for domestic and industrial use, but also for irrigated agriculture, hydropower

dams and the vast fisheries resource of the lakes of Central Africa. The Nile River Basin covers the whole Nile Basin and is based on the results of three major research projects supported by the Challenge Program on Water and Food (CPWF). It provides unique and up-to-date insights on agriculture, water resources, governance, poverty, productivity, upstream-downstream linkages,

innovations, future plans and their implications. Specifically, the book elaborates the history and the major current and future challenges and opportunities of the Nile river basin. It analyzes the basin characteristics using statistical data and modern tools such as remote sensing and geographic information systems. Population distribution, poverty and vulnerability

linked to production system and water access are assessed at the international basin scale, and the hydrology of the region is also analysed. This text provides in-depth scientific model adaptation results for hydrology, sediments, benefit sharing, and payment for environmental services based on detailed scientific and experimental work of the Blue Nile Basin.

Production systems as they relate to crops, livestock, fisheries and wetlands are analyzed for the whole Blue and White Nile basin including their constraints. Policy, institutional and technological interventions that increase productivity of agriculture and use of water are also assessed. Water demand modeling, scenario analysis, and tradeoffs that inform future plans and opportunities

are included to provide a unique, comprehensive coverage of the subject. *Constantinople During the Crimean War* Vernon Press
A monumental project which brings the English-speaking work key selections from the remarkable literature of early Christianity -- veritable treasures of Christian faith and theology in superb translations.

BEYOND THE RIVERS OF ETHIOPIA

Simon and

Schuster
Nigeria predicted in the Bible is an inspirational book that unlocks the prophecies concerning Nigeria and some other nations, and institution. The emphasis dwells more on Nigeria and her citizen's biological ancestries. Historians recorded the ancient Ethiopia cover extensive part of West Africa and that excludes Proper Guinea. The prophecy says beyond the rivers of

Ethiopia there is a nation whose land the rivers divide; this prophecy pointed to Proper Guinea which is beyond ancient Ethiopia territory where we found Nigeria, a nation with two great rivers from different location forming a confluence and creating the greatest delta in Africa. This is the Y symbol in Nigeria coat of arms which explains the emphasis of a nation whose

land the rivers divide. Through the prophecies and historical records, we are been informed that Nigerians ancestors were true biblical Israelite s fugitives; that settled in present day Nigeria. Zephaniah 3 v 10; From beyond the rivers of Ethiopia my suppliants, even the daughter of my dispersed, shall bring mine offering. Isaiah 18 v 7b; a nation whose land the rivers or

great channels divide-to the place [of worship] of the Name of the Lord of hosts, to Mount Zion [in Jerusalem]. Amplified Bible Version. Connecting a nation in west Africa to mount Zion and declaring them as daughters of my dispersed is a food for thought. 7 FACTS YOU MUST KNOW ABOUT NIGERIA1) A predicted nation that will be the gospel torchbearer before the end

will come. Isaiah 18 v 7a; (RSV)2 She is the nation that is beyond the rivers of (ancient) Ethiopia 'whose land the rivers divide'. Isaiah 18 v 1; (RSV)3) Nigeria as African giant fulfills the prophecy not only in Africa, but also one of the world powers very soon. Isaiah 18 v 2; (RSV) 4) Amalgamation of 1914 was not a mistake but to fulfill the prophecy. Isaiah 18 v 2b & 7b; (NKJV) 5) Nigerians

are biological Israelite's confirm by Isaiah 18 v 7b and Zephaniah 3 v 10. 6) Nigerians are biological Israelite's confirm by 1747 map of West Africa 7) Nigerians are biological Israelite s confirm by Britain Nigeria colonial flag
A
Topographic al Dictionary of Palestine Or the Holy Land Bradt Travel Guides The ongoing Egyptian-Ethiopian dispute over the Nile waters is

potentially one of the most difficult issues on the current international agenda, central to the very life of the two countries. Analyzing the context of the dispute across a span of more than a thousand years, The Cross and the River delves into the heart of both countries' identities and cultures. Erlich deftly weaves together three themes: the political relationship between successive

Ethiopian and Egyptian regimes; the complex connection between the Christian churches in the two countries; and the influence of the Nile river system on Ethiopian and Egyptian definitions of national identity and mutual perceptions of the Other. Drawing on a vast range of sources, his study is key to an understanding of a bond built on both interdependence and conflict.

The Nile River Basin Beyond the Rivers of Ethiopia Is God's Sign real? Has God been talking to us? Or are we the real demagogues of our own image? Sudan has been the land of Biblical plagues, where the locusts came down upon Egypt. And Sudan has sent envoys on boats by water (down the Nile River or down the Red Sea) to Jerusalem. This included Eben-Malech, who saved Jeremiah, (Jeremiah

38:7-13) and the treasurer of Queen Candice (Acts 8:26-40). The prophecy in Isaiah 18 could well refer to Southern Sudan. It speaks of a land "beyond the rivers of Ethiopia" which worships the Lord God. They are described as "a nation tall and smooth of skin," feared all over the world. Thru the Bible: Genesis through Revelation Pneuma Life Pub For the early

church fathers the prophecy of Isaiah was not a compendium of Jewish history or theology but an announcement of the coming Messiah fulfilled in the life and ministry of Jesus of Nazareth. In this ACCS volume, readers will find commentary on Isaiah 1-39 ranging from East to West and from the first through the eighth centuries.

**The Jews;
Their Fall**

and Restoration. Two Discourses, Etc Routledge
This book recounts the stories of just some of the hundreds of peasant farmers from Southern Ethiopia who God called to take the Gospel message into previously inaccessible regions, to people so fierce they would not hesitate to kill an outsider. It is a brief record of some of their culture, the security of their families

and who, with Bible and water bottle in hand and confidence in their saviour, took the message of Jesus Christ over the mountain ranges and beyond the rivers to those who had never heard of Him. Today, through the sacrifices and sufferings of men like these, there are thousands of churches throughout the mountains of Southern Ethiopia. These stories will shock encourage, challenge and

provoke you to follow their example as gospel warriors.

THE HOLY SPIRIT AND SALVATION IN AFRICAN CHRISTIAN THEOLOGY

Peter Lang

THE PROPHECY AGAINST CUSH

Independently Published
'Biblical Exegesis in African Context'
explores how the Church in Africa can

affirm its uniqueness in terms of the African identity and experiences, and at the same time, remain faithful to the gospel message. The volume begins with an explanation of exegesis and hermeneutics, and the agenda for the rest of the book is set. The second chapter deals with textual criticism, which is the task of determining the originality of a biblical text. In chapter three, issues related

to the context of the text are considered, after which the volume proceeds to examine the various literary forms present in the Bible—prominent among them being—Narrative, Law, Poetry, Prophecy, Wisdom Literature, Gospels, Acts of the Apostles, Epistles and Revelation. The authors then dedicate the next chapter to discussions on socio-rhetorical interpretation.

The final chapters of the book deal with matters solely related to the context of Africa; this part intends to equip readers to be able to interpret the Bible from African cultural perspectives and then apply the gospel message meaningfully to the life of African Christians. Chapter seven deals with the emergence and historical development of African Biblical Studies (ABS), noting its

relevance and how Africans can benefit from it. The main contention of the chapter is that Africans will better understand and apply God's word to their lives if they read the Scriptures in an African way. The volume then explores how African languages can be used to derive the meaning of scripture and apply it to real-life situations. Here, the authors contribute to the

development of MTBH by developing a methodological framework for this interpretative tool. The next chapter of the volume deals with mother-tongue theologizing in Ghana. The final chapter considers the legitimacy of female leadership in the Church within the African context through the examination of two Pauline texts. This volume will be of interest to undergraduate and graduate

seminary students, students of Biblical Interpretation in religions departments, as well as practicing pastors. Critical, Historical, and Prophetical : Including a Revised English Translation with Introduction and Appendices ... Paulist Press Until comparatively recent times, knowledge that black Africa was the seat of highly evolved civilizations and cultures

during a time when Europe stagnated was limited to a small group of scholars. That great empires such as Ghana, and later, Mali flourished for centuries while Europe slept through its dark ages almost has been ignored by historians. Thousands of years before that, as Rudolph R. Windsor notes in this enlightening book, civilizations began with the black races of Africa and Asia, including the

Hebrews, who in Biblical times were jet black. Then, western Europe had no nations as such, and its stone age inhabitants had but the crudest tools and lived in caves. Because of the scarce literature on the contributions of blacks to world civilizations, most people today hold the erroneous opinion that the black races have little real history. It was not known, for instance, that the ancient

Hebrews, Mesopotamians, Phoenicians, and Egyptians were black. Now, a growing body of literature is presenting the illustrious history of the blacks and their enormous contributions. This carefully researched book is a significant addition to this vital field of knowledge. It sets forth in fascinating detail the history, from earliest recorded times, of the black races of the Middle East and

Africa. Dr. Windsor's discussion of Islamic civilization and the movement of the black Hebrew to all parts of Africa is edifying and absorbing. Readers, regardless to race, will find this factual story of a noble heritage a valuable enrichment to their knowledge of world history.

A NEW HISTORY OF ETHIOPIA

Radio messages from J. Vernon McGee delighted and

enthralled listeners for years with simple, straightforward language and clear understanding of the Scripture. Now enjoy his personable, yet scholarly, style in a 60-volume set of commentaries that takes you from Genesis to Revelation with new understanding and insight. Each volume includes introductory sections, detailed outlines and a thorough, paragraph-by-paragraph discussion of

the text. A great choice for pastors - and even better choice for the average Bible reader and student! Very affordable in a size that can go anywhere, it's available as a complete 60-volume series, in Old Testament or New Testament sets, or individually.

The Deep

Far from being the serene, natural streams of yore, modern rivers have been diverted, dammed, dumped in, and dried up,

all in efforts to harness their power for human needs. But these rivers have also undergone environmental change. The old adage says you can't step in the same river twice, and Ellen Wohl would agree—natural and synthetic change are so rapid on the world's great waterways that rivers are transforming and disappearing right before our eyes. A World of Rivers explores the

confluence of human and environmental change on ten of the great rivers of the world. Ranging from the Murray-Darling in Australia and the Yellow River in China to Central Europe's Danube and the United States' Mississippi, the book journeys down the most important rivers in all corners of the globe. Wohl shows us how pollution, such as in the Ganges and in the Ob of Siberia, has

affected biodiversity in the water. But rivers are also resilient, and Wohl stresses the importance of conservation and restoration to help reverse the effects of human carelessness and hubris. What all these diverse rivers share is a critical role in shaping surrounding landscapes and biological communities, and Wohl's book ultimately makes a strong case for the need to steward positive change in the world's great rivers.
