Contacting spirit guides is as old as civilization itself. Shamans dating back to at least 50,000 B.C. ritualistically contacted nonphysical entities. The Mystery Schools of Ancient Egypt, Greece, Persia, Rome, and India also dealt with contacting spirit guides. Every major religion acknowledges the reality of discarnate entities or spirits, whether they are called saints, angels, the Holy Spirit, and so on. One of the purposes of this book is to demystify this process. The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger. In reality, this communication is natural, relatively simple, and a wonderful growth experience. Spirit communication removes the fear of death and bereavement, and results in a form of spiritual empowerment. Contacting your spirit guides can help us: Develop your intuition and other psychic abilities. Increase your ability to love yourself and others. Become more aware of the workings of the universe. Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution. Protect you from negative entities and/or other forces in the universe. Access the wisdom of the ancients. Establish and maintain your own physical, mental, emotional, and spiritual health. Overcome bad habits and fears. Eliminate the fear of death. See into the future. Master the art of out-of-body experiences. Learn your true karmic purpose. Spirit Guide Contact Through Hypnosis includes free audio companion downloads.

Named a Best Business Book of 2021 by Soundview Magazine Reclaim the power of genuine human connection Networking is often considered a necessary evil for all working professionals. With social media platforms like LinkedIn, Twitter, Instagram, and Facebook at our disposal, reaching potential investors or employers is much easier. Yet, these connections often feel transactional, agenda-driven, and dehumanizing, leaving professionals feeling burnt out and stressed out. Instead, we should connect on a human level and build authentic relationships beyond securing a new job or a new investor for your next big idea. To build real and meaningful networking contacts, we need to go back to basics, remembering that technology is a tool and more than just a means to an end. We need to tap into our humanity and learn to be more intentional and authentic. As a "serial connector" and communications expert, Susan McPherson has a lifetime of experience building genuine connections in and out of work. Her methodology is broken down into three simple steps: Gather: Instead of waiting for the perfect networking opportunity to come to you, think outside the box and create your own opportunity. Host your own dinner party, join a local meet-up group, or volunteer at your neighborhood food pantry. Ask: Instead of leading with our own rehearsed elevator pitches asking for help, ask to help, opening the door to share resources, experience, contacts, and perspectives that add diversity to your own vision. Do: Turn new connections into meaningful relationships by taking these newly formed relationships deeper. Follow through on the promises you made and keep in touch. Woven together with helpful tips and useful advice on making the most out of every step, this book draws on McPherson's own experience as a renowned "serial connector," as well as the real life success stories of friends and clients. Filled with humor, humility, and wisdom, *The Lost Art of Connecting* is the handbook we all need to foster personal and professional relationships that blur the lines between work and play—and enrich our lives in every way.

The Lost Art of Connecting: The Gather, Ask, Do Method for Building Meaningful Business Relationships Sounds True

"Live without your spirit guides and you miss out on an enormous support system that could make your life infinitely easier and more enjoyable." This is a clear and thoughtful introduction to building relationships with your spirit guides. It shows readers how helpful spirit guides and angels can be in everything from the simplest to the most challenging of life decisions and how easy they are to

connect with, too. Our spirit guides help us to: Fulfill our purpose Make decisions that will move us forward faster Stop sabotaging ourselves as well as judging ourselves and everyone else Remember that we are more than our job or house or relationship See ourselves as beautiful and everything in life as a gift Give ourselves and everybody else a break Keep growing until the day we leave our bodies behind Go beyond the life we hoped for and onto the life we never even imagined And they do all of these things when we're ready and not a nanosecond before. They also often come quietly. As the author states: "If we expect help from Spirit to arrive with the sound of trumpets and blinding light, we'll overlook all the nuanced help that's delivered in small ways every day."

Angel Intuition Harmony

Our greatest purpose in life is to free ourselves of the limiting patterns of ego and soul that keep us chained to painful, disempowered lives so that we can fully realize the authentic and holy Spirits we are. This journey can feel overwhelming—even impossible—unless we gain access to the three sacred blessings of Spirit, made available to us from God. Without them we fail. These sacred blessings are God's grace, inner guidance, and personal gifts. Grace lifts us beyond our own ability, inner guidance leads the way, and personal gifts are both the inner and outer resources given to us to succeed at every step. It is up to us to ask for these sacred blessings, and we must do so now more than ever before. This inspiring book will show you how. Through the use of daily lessons, specific prayers, personal intentions, and powerful mantras, you will be showered with these blessings every day of your life. Simply open up this book and call upon your sacred blessings right now. Use it every day to keep your blessings flowing and guide your way back home.

"Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller *The Light Between Us*. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design"--
