This book addresses the historical, social, colonial, and administrative contexts that determine today's U.S. actor training, as well as matters of identity politics, access, and marginalization as they emerge in classrooms and rehearsal halls. It considers persistent, questioning voices about our nation's acting training as it stands, thereby contributing to the national dialogue the diverse perspectives and proposals needed to keep American actor training dynamic and germane, both within the U.S. and abroad. Prominent academics and artists view actor training through a political, cultural or ethical lens, tackling fraught topics about power as it plays out in acting curricula and classrooms. The essays in this volume

offer a survey of trends in thinking on actor training and investigate the way American theatre expresses our national identity through the globalization of arts education policy and in the politics of our curriculum decisions.

PENGUIN RANDOM HOUSE IS PROUD TO PUBLISH ANTI-CLOCK, WINNER OF THE O.V. VIJAYAN AWARD AND THIKKURISSI AWARD 'A philosophical novel that discusses the mysterious problems of life and death' BENYAMIN "Time is everything, man is nothing; he is, at most, time's carcass." VIJAYAN PRIZE Hendri, the coffin maker, has one goal in life: to see the dead body of his nemesis Satan Loppo being lowered into the coffin he has painstakingly carved. becoming enamoured with Loppo's wealth, Loppo's evil designs towards the hills of Aadi Nadu, and his own Christian guilt that regularly comes to haunt him. Until he meets Pundit, a 112-year-old watchmaker who was part of Bose's Indian National Army and is building an 'Anti-Clock', which can turn back time. When Loppo too hears of the Anti-Clock and desires to possess it, the inevitable battle becomes a reality.

This book looks at how legal frameworks can and do reduce risks arising out of disasters. The volume: analyses existing disaster laws and the challenges on the ground; brings together case studies from some of the most vulnerable regions; and proposes solutions to avert existing and possible future crises. The book offers appropriate legal frameworks for disaster management which could not only offer sustainable institutional reforms towards community resilience and preparedness but also reduce risk within the frameworks of justice, equity and accountability. It examines the intricacies of governance within which governments function and

discusses how recent trends in infrastructure development and engineering technology could be balanced within the legal principles of ethics, transparency and integrity. The chapters in the volume suggest that legal frameworks ought to resonate with new challenges of resource management and climate change. Further, these frameworks could help secure citizens' trust, institutional accountability and effective implementation through an unceasing partnership which keeps the community better prepared and more resilient. This volume will be indispensable to scholars and researchers of disaster management, law, public policy, environment and development studies as well as policymakers and those in administrative, governmental, judicial and development sectors.

The quality of Kerala's literary production is very high, and this anthology represents some of its best short stories. Ann Marie reads fragments of her dead husband's unfinished book, and the many love letters he sent her, and in them the social and political events of the time. As she ponders over the writing and the years that the brilliant Jithendran squandered working for a toy company that makes drum-playing monkeys, the narrative gives way to the sweeping saga of a village by the river Periyar. Grappling with issues of equality, love, caste, religion and politics, Thachanakkara is a microcosm of twentieth-century Kerala. Told through the history of three generations of a feudal Nair family, this sprawling story is reminiscent of the craft of Gabriel Garcia Marquez's *One Hundred Years of Solitude* and has the scale of Sunil Gangopadhyay's *Those Days*. Manushyanu Oru Amukham is an artistic meditation on human existence and is a contemporary classic.

Journeying from the green, rain-soaked Kerala into the amphitheatre of the Sun, our traveller-journalist finds that there is no better metaphor than the desert to

instil the lessons of life and death, love and hatred, thirst and water. From a single shower of rain which brings the gaaf tree back to life after a decade to the ever-shifting dunes of gold and thousand-year-old sand palaces, the mysterious poetry of the desert is everywhere on display, if one but has the eye and heart to see it. As the deserts of Nafud, Dahna, and Rub' al Khali in Arabia both embrace and trap the travellers, the outpouring of the landscape's longing for rivers recalls a past filled with water. This narrative describes the history, prehistory, archaeology, legends, folklore, and travails of the émigré Asian work force that tames the harsh desert as never before.
