This book explores the development of the Chinese animation film industry from the beginning of China's reform process up to the present. It discusses above all the relationship between the communist state's policies to stimulate "creative industries", concepts of creativity and aesthetics, and the creation and maintenance, through changing circumstances, of a national style by Chinese animators. The book also examines the relationship between Chinese animation, changing technologies including the rise first of television and then of digital media, and youth culture, demonstrating the importance of Chinese animation in Chinese youth culture in the digital age.

The Routledge Handbook of Japanese Cinema provides a timely and expansive overview of Japanese cinema today, through cutting-edge scholarship that reflects the hybridity of approaches defining the field. The volume's twenty-one chapters represent work by authors with diverse backgrounds and expertise, recasting traditional questions of authorship, genre, and industry in broad conceptual frameworks such as gender, media theory, archive studies, and neoliberalism. The volume is divided into four parts, each representing an emergent area of inquiry: "Decentering Classical Cinema" "Questions of Industry" "Intermedia as an Approach" "The Object Life of Film" This is the first anthology of Japanese cinema scholarship to span the temporal framework of 200 years, from the vibrant magic lantern culture of the nineteenth century, through to the formation of the film industry in the twentieth century, and culminating in cinema's migration to gaming, surveillance video, and other new media platforms of the twenty-first century. This handbook will prove a useful resource to students and scholars of Japanese studies, film studies, and cultural studies more broadly.

In this Japanese folklore-inspired YA fantasy for fans of *The Hunger Games*, a lowly young woman with a monstrous secret competes to become empress. Each generation, a competition is held to find the next empress of Honoku. The rules are simple. Survive the palace's enchanted seasonal rooms. Conquer Winter, Spring, Summer, and Fall. Marry the prince. All are eligible to compete—all except yōkai, supernatural monsters and spirits whom the human emperor is determined to enslave and destroy. Mari has spent a lifetime training to become empress. Winning should be easy. And it would be, if she weren't hiding a dangerous secret. Mari is a yōkai with the ability to transform into a terrifying monster. If discovered, her life will be forfeit. As she struggles to keep her true identity

hidden, Mari's fate collides with that of Taro, the prince who has no desire to inherit the imperial throne, and Akira, a half-human, half-yōkai outcast. Torn between duty and love, loyalty and betrayal, vengeance and forgiveness, the choices of Mari, Taro, and Akira will decide the fate of Honoku... Dare County Sheriff Martin Tate and his ex-detective friend Paul Treadwell chase a vindictive serial killer menacing North Carolina's Outer Banks in this debut thriller. When authorities find the body of a woman in her ransacked home the crime scene looks like a robbery that went terrifyingly out of control. However, there are several items left behind in plain view that appear to be totally out of place to Marty Tate, a seasoned investigator. Tate decides that he'd like another opinion on the case, so he enlists advice from former Northeast Ohio detective, Paul Treadwell, now the owner of the Brown Pelican Restaurant in Duck. Two years ago, Paul and his wife, Megan, a former nurse, won a sizable fortune in the Ohio Lottery. After careful consideration, they decided to relocate and become permanent residents of the Outer Banks. When Paul finds another piece of unusual evidence at the ransacked cottage, Tate's original suspicions are confirmed. A homicide has been committed here disguised as a robbery gone horribly wrong. Together with other highly trained and motivated law enforcement personnel they forge ahead in order to identify and apprehend a deadly intruder to these shores who meticulously continues his killing spree as the tourist season rolls along. The good guys know that there is no such thing as a "perfect" homicide. Even the craftiest of

killers makes a mistake or two. Nothing new there. The problem for the good guys is that their killer hasn't gotten the memo on that one. He's good. He's exceptionally good at killing people and getting away with it.

The Reform and Opening-up of China since the late 1970s has not only transformed the economic and political situation of the country, but also transformed the Chinese film industry. This volume focuses on the 40 years of the history of Chinese film in the post-Mao era. As all aspects of film production, distribution and exhibition have been commercialized, Chinese film has become an industry of immense scale and has grown by leaps and bounds. Meanwhile, contemporary Chinese film is marked by a new zeitgeist, with Chinese film closely integrated with Chinese society and the economy. The author argues that the Chinese film industry clearly stands at a turning point where the future of Chinese film and the way to further awaken, change, and shape film production have become important issues worth consideration in contemporary film history. The book will be essential reading for scholars and students in film studies, Chinese studies, cultural studies and

media studies, helping readers develop a comprehensive understanding of Chinese film.

In this witty and exuberant collection of feminist retellings of traditional Japanese folktales, humans live side by side with spirits who provide a variety of useful services--from truth-telling to babysitting, from protecting castles to fighting crime. A busybody aunt who disapproves of hair removal; a pair of door-to-door saleswomen hawking portable lanterns; a cheerful lover who visits every night to take a luxurious bath; a silent house-caller who babysits and cleans while a single mother is out working. Where the Wild Ladies Are is populated by these and many other spirited women—who also happen to be ghosts. This is a realm in which jealousy, stubbornness, and other excessive “feminine” passions are not to be feared or suppressed, but rather cultivated; and, chances are, a man named Mr. Tei will notice your talents and recruit you, dead or alive (preferably dead), to join his mysterious company. In this witty and exuberant collection of linked stories, Aoko Matsuda takes the rich, millenia-old tradition of Japanese folktales—shapeshifting wives and foxes, magical trees and wells—and wholly reinvents them, presenting a world in which humans are consoled, guided, challenged, and transformed by the only sometimes visible forces that surround them.
