[A Study Guide for William Shakespeare's Hamlet](#) Research & Education Assoc.

William Shakespeare's Hamlet is probably the best-known and most commented upon work of literature in Western culture. The paradox is that it is at once utterly familiar and strangely elusive—very like our own selves, argues Gabriel Josipovici in this stimulating and original study. Moreover, our desire to master this elusiveness, to "pluck the heart out of its mystery," as Hamlet himself says, precisely mirrors what is going on in the play; and what Shakespeare's play demonstrates is that to conceive human character (and works of art) in this way is profoundly misguided. Rather than rushing to conclusions or setting out a theory of what Hamlet is "about," therefore, we should read and watch patiently and openly, allowing the play to unfold before us in its own time and trying to see each moment in the context of the whole. Josipovici's valuable book is thus an exercise in analysis which puts the physical experience of watching and reading at the heart of the critical process—at once a practical introduction to a great and much-loved play and a sophisticated intervention in some of the key questions of theory and aesthetics of our time.

What Happens in Hamlet Independently Published

In this classic 1935 book, John Dover Wilson critiques Shakespeare's Hamlet.

Philip Allan Literature Guide (for A-Level): Hamlet Crossway Books

In this useful guide, Paul Cantor provides a clearly structured introduction to Shakespeare's most famous tragedy. Cantor examines Hamlet's status as tragic hero and the central enigma of the delayed revenge in the light of the play's Renaissance context. He offers students a lucid discussion of the dramatic and poetic techniques used in the play. In the final chapter he deals with the uniquely varied reception of Hamlet on the stage and in literature generally from the seventeenth century to the present day.

First published in 1971, *Poison, Play and Duel* explores the dominant symbols of the language and action of Hamlet. The Ghost first reveals that Claudius murdered his brother by poison, and this act of poisoning is then dramatically presented before the King. The ultimate consequence of the 'poison in jest' performed by the actors is the poisoned 'play' with rapiers between Laertes and Hamlet. This representation of violence, and the vengeful response to violence, creates the moral and the psychological problems of Hamlet. Critics naturally question, and disagree about, the way that Hamlet plays his role in this play because the role of Hamlet is a theatrical device designed to bring all human actions into debate and question. It is hardly surprising that audiences have seen mirrored in Hamlet their own most fundamental and inescapable problems. Nigel Alexander shows how Shakespeare, like Raphael, Titian and other Renaissance artists, developed and adapted the imagery inherited from the Christian and classical past. The battle within the soul, the choice of life, the hunt of passion, the triple face of prudence and the dance of the graces are given dramatic habitation in Hamlet's soliloquies, in the inner-play and in the savage contrast of sexuality between Gertrude and Ophelia. This book will be of interest to students of literature, drama, psychology and philosophy.

demands, so that you know exactly how to achieve the very best grade possible. For more information, visit us at www.notableguides.co.uk

Student's Guide: Hamlet Cambridge Scholars Publishing

Rosencrantz and Guildenstern Are Dead is a play which, as it were, takes place in the wings of Hamlet, and finds both humour and poignancy in the situation of the ill-fated attendant lords. The National Theatre production in April 1967 made Tom Stoppard's reputation virtually overnight. Its wit, stagecraft and verbal verve remain as exhilarating as they were then and the play has become a contemporary classic. 'One of the most original and engaging of post-war plays.' Daily Telegraph

Shakespeare: Hamlet Copyright Office, Library of Congress

Passion, romance, drama, humor, and tragedy intertwine in this compulsively readable Hamlet retelling, from the perspective of a strong-willed, modern-day Ophelia. Meet Ophelia, high school senior, daughter of the Danish king's most trusted adviser, and longtime girlfriend of Prince Hamlet of Denmark. She lives a glamorous life and has a royal social circle, and her beautiful face is splashed across magazines and television screens. But it comes with a price--her life is ruled not only by Hamlet's fame and his overbearing royal family but also by the paparazzi who hound them wherever they go. After the sudden and suspicious death of his father, the king, the devastatingly handsome Hamlet spirals dangerously toward madness, and Ophelia finds herself torn, with no one to turn to. All Ophelia wants is to live a normal life. But when you date a prince, you have to play your part. Ophelia rides out this crazy roller coaster life, and lives to tell her story in live television interviews.

[Hamlet and the Vision of Darkness](#) WordSmith

Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption.

Gertrude and Claudius are the “villains” of Hamlet: he the killer of Hamlet’s father and usurper of

the Danish throne, she his lusty consort, who marries Claudius before her late husband’s body is cold. But in this imaginative “prequel” to the play, John Updike makes a case for the royal couple that Shakespeare only hinted at. Gertrude and Claudius are seen afresh against a background of fond intentions and family dysfunction, on a stage darkened by the ominous shadow of a sullen, erratic, disaffected prince. “I hoped to keep the texture light,” Updike said of this novel, “to move from the mists of Scandinavian legend into the daylight atmosphere of the Globe. I sought to narrate the romance that preceded the tragedy.”

For any literature project, trust Shakespeare for Students for all of your research needs.

UNDERSTANDING HAMLET

Faber & Faber

Arguably Shakespeare's most famous play, Hamlet is studied widely at universities internationally. Approaching the play through an analysis of its key characters is particularly useful as there are few plays which have commanded so much critical attention in relation to "character" as Hamlet. The guide includes: an introductory overview of the text, including a brief discussion of the background to the play including its sources, reception and critical tradition; an overview of the narrative structure; chapters discussing in detail the representation of the key characters including Hamlet, Gertrude and Ophelia as well as the more minor characters; a conclusion reminding students of the links between the characters and the key themes and issues and a guide to further reading.

Hamlet: The Texts of 1603 and 1623 BookCaps Study Guides

Shakespeare's Hamlet, regarded by many as the world's most famous play by the world's most famous writer, is one of the most complex, demanding, discussed, and influential literary texts in

English. As a means of access to this play, this unique collection of primary materials and commentary will help student and teacher explore historical, literary, theatrical, social, and cultural issues related to the play. In an approach unique for this series, Corum guides the reader through a literary analysis of Hamlet's options. He examines the popular theatres of the day in which Shakespeare and his company first produced Hamlet and discusses the genre of tragedy in which it is written. Through judicious selection of primary historical documents, the work provides contexts for understanding Hamlet's melancholy, the ghost of Hamlet's father, the theme of revenge, and Hamlet's feigned madness. Chapters on Gertrude and Ophelia illuminate these characters in the context of the play and early modern English culture. Each chapter contains a variety of materials, many of which are not readily available elsewhere: essays, poems, histories, treatises, official documents, stories, religious tracts, homilies, memoirs, engravings, village records, and fifteen illustrations. An explanatory introduction precedes each document. Each chapter concludes with study questions, topics for written and oral exploration, and a list of suggested readings. This casebook will enrich the reader's understanding of the play and the context in which it was written.

Falling for Hamlet Cambridge University Press

How can you appreciate Shakespeare when you have no idea what he's saying?! If you've ever sat down with the Bard and found yourself scratching your head at words like Quondam, Younker, or Ebon then this bundled book is just for you! Ignatius Critical Editions (ICE) Study Guides are constructed to aid the reader of ICE classics to achieve a level of critical and literary appreciation befitting the works themselves. They give introductions and summaries, followed up with in-depth considerations of key critical moments and themes, plus lists of points to ponder while reading. Finally, they include questions to test the students' knowledge of the text and ability to go from that knowledge to wider or higher conclusions about the works and their relation to reality. Ideally suited for students themselves and as a guide for teachers, the ICE Study Guides serve as a complement to the treasures of critical appreciation already included in ICE titles.
