K. M. Szpara's *Docile* is a science fiction parable about love and sex, wealth and debt, abuse and power, a challenging tour de force that at turns seduces and startles. There is no consent under capitalism. To be a *Docile* is to be kept, body and soul, for the uses of the owner of your contract. To be a *Docile* is to forget, to disappear, to hide inside your body from the horrors of your service. To be a *Docile* is to sell yourself to pay your parents' debts and buy your children's future. Elisha Wilder's family has been ruined by debt, handed down to them from previous generations. His mother

never recovered from the *Dociline* she took during her term as a *Docile*, so when Elisha decides to try and erase the family's debt himself, he swears he will never take the drug that took his mother from him. Too bad his contract has been purchased by Alexander Bishop III, whose ultra-rich family is the brains (and money) behind *Dociline* and the entire Office of Debt Resolution. When Elisha refuses *Dociline*, Alex refuses to believe that his family's crowning achievement could have any negative side effects—and is determined to turn Elisha into the perfect *Docile* without it. Content warning: *Docile* contains forthright depictions and discussions of rape and sexual abuse. At the Publisher's request, this title is being sold without Digital Rights Management

Are they human, or are they beast? Over the past several decades, the world has seen a new phenomenon on the rise, a group of people identifying as "furries." They have appeared in the news and popular TV shows as adults wearing fursuits and participating in sex parties, but what are they really? This collection of essays on the furry fandom reveals furries through their own eyes, with bestselling novelist Kyell Gold, award-winning artist Rukis, the International Anthropomorphic Research Project, and so many more, covering topics from anthropomorphic art to fursuiting to conventions and the psychology behind furries. Some of the essays are comical

and playful, while others are serious and academic. On one paw, this is a work for non-furries to get a glimpse into the anthropomorphic world. On the other, this is a chance for furries to hear from many of their favorite furries celebrities.
